

project period extensions involving the obligation of additional Federal funds, would result in the projects receiving multiple years of continuation funding within one year.

The waiver and extension enables these projects to receive their continuation funding over one additional period, not to exceed 1 year. By spreading out their continuation funding over an additional year, IES allows these grantees to properly budget their activities for the remaining years of the project, including an additional year 6.

Final Waivers and Extensions: The Department believes it is in the best interest of the public to extend project periods for one year and allow continuation funding to be provided during the additional year. Correspondingly, the Secretary waives the requirements in 34 CFR 75.250, which prohibit project periods exceeding five years. Any activities carried out under these continuation awards must be consistent with the scope and objectives of the grantees' applications as approved in the relevant grant competition. The requirements for continuation awards are set forth in 34 CFR 75.253.

Exemption From Proposed Rulemaking

Under section 191 of the Education Sciences Reform Act, 20 U.S.C. 9581, IES is not subject to section 437(d) of the General Education Provisions Act, 20 U.S.C. 1232(d), and is therefore not required to offer interested parties the opportunity to comment on matters relating to grants.

Regulatory Flexibility Act Certification

Because notice-and-comment rulemaking is not necessary for this action, the Regulatory Flexibility Act (96 Pub. L. 354, 5 U.S.C. 601–612) does not apply.

Paperwork Reduction Act of 1995

This final waiver and extension of the project period does not contain any information collection requirements.

Intergovernmental Review

These competitions are not subject to Executive Order 12372 and the regulations in 34 CFR part 79.

ACTION: Final rule.

SUMMARY: The U.S. Copyright Office is amending its regulations to clarify the rules governing the expedited registration option under the Copyright Alternative in Small-Claims Enforcement Act of 2020. The amendment clarifies that when a Copyright Claims Board proceeding cannot continue because a registration is still pending, the Board may hold proceedings in abeyance at any point before a final determination is issued. The rule also describes the process for the Board to receive registration certificates when they are issued while a proceeding is pending, allows parties to request expedited registration before a proceeding becomes active, and corrects non-substantive typographical errors.

DATES: Effective April 22, 2022.
