Appalachian Power Company; Notice of Availability of Draft Environmental Assessment

March 2, 2005.

A draft environmental assessment (DEA) is available for public review. The DEA analyzes the environmental impacts of a Shoreline Management Plan (SMP) filed for the Smith Mountain Lake Pumped Storage Project. The project is located on the Roanoke River, in Bedford, Pittsylvania, Franklin, and Roanoke Counties, Virginia. The project is operated by Appalachian Power Company, a part of American Electric Power.

The DEA was written by staff in the Office of Energy Projects, Federal Energy Regulatory Commission.
