

Safety and Health, directed the preparation of this notice under the authority granted by section 7 of the Occupational Safety and Health Act of 1970 (29 U.S.C. 656), section 107 of the Contract Work Hours and Safety Standards Act (40 U.S.C. 3704), the Federal Advisory Committee Act (5 U.S.C. App. 2), 29 CFR part 1912, 41 CFR part 102-3, and Secretary of Labor's Order No. 5-2007 (72 FR 31160).

Signed at Washington, DC, this 7th day of September, 2010.

David Michaels,

Assistant Secretary of Labor for Occupational Safety and Health.

TRG Insurance Solutions, LLC; Beckley, WV; Notice of Affirmative Determination Regarding Application for Reconsideration

By application dated August 12, 2010, petitioners requested administrative reconsideration of the negative determination regarding workers' eligibility to apply for Trade Adjustment Assistance (TAA) applicable to workers and former workers of TRG Insurance Solutions, LLC, Beckley, West Virginia (subject firm). The negative determination was issued on July 14, 2010. The Notice of Determination was published in the **Federal Register** on August 2, 2010 (75 FR 45164). Workers are engaged in employment related to the supply of insurance call center services.

The negative determination was based on the findings that the subject firm did not, during the period under investigation, shift to/acquire from a foreign country services like or directly competitive with the insurance call center services supplied; that the workers' separation, or threat of separation, was not related to an increase in imports of like or directly competitive services; and that the workers did not supply a service that was directly used in the production of an article or the supply of service by a firm that employed a worker group that is eligible to apply for TAA based on the aforementioned article or service.

In the request for reconsideration, the petitioners provided additional information pertaining to a shift in services abroad.

The Department has carefully reviewed the request for reconsideration and the existing record and has determined that the Department will conduct further investigation to determine if the workers meet the eligibility requirements of the Trade Act of 1974, as amended.

Conclusion

After careful review of the application, I conclude that the claim is of sufficient weight to justify reconsideration of the U.S. Department of Labor's prior decision. The application is, therefore, granted.

Signed at Washington, DC, this 30th day of August, 2010.

Del Min Amy Chen,

Certifying Officer, Office of Trade Adjustment Assistance.

DEPARTMENT OF LABOR

Bureau of Labor Statistics

Proposed Collection, Comment Request

ACTION: Notice.

SUMMARY: The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA95) [44 U.S.C. 3506(c)(2)(A)]. This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. The Bureau of Labor Statistics (BLS) is soliciting comments concerning the proposed revision of the "Telephone Point of Purchase Survey." A copy of the proposed information collection request (ICR) can be obtained by contacting the individual listed below in the Addresses section of this notice.

DATES: Written comments must be submitted to the office listed in the Addresses section of this notice on or before November 12, 2010.

ADDRESSES: Send comments to Nora Kincaid, BLS Clearance Officer, Division of Management Systems, Bureau of Labor Statistics, Room 4080,

2 Massachusetts Avenue, NE., Washington, DC 20212. Written comments also may be transmitted by fax to 202-691-5111 (this is not a toll free number).

FOR FURTHER INFORMATION CONTACT:

Nora Kincaid, BLS Clearance Officer, telephone number 202-691-7628 (this is not a toll free number). (See

ADDRESSES section).

SUPPLEMENTARY INFORMATION:

I. Background

The purpose of this survey is to develop and maintain a timely list of retail, wholesale, and service establishments where urban consumers shop for specified items. This information is used as the sampling universe for selecting establishments at which prices of specific items are collected and monitored for use in calculating the Consumer Price Index (CPI). The survey has been ongoing since 1980 and also provides expenditure data that allows items that are priced in the CPI to be properly weighted.

II. Current Action

Office of Management and Budget clearance is being sought for the Telephone Point of Purchase Survey (TPOPS).

Since 1997, the survey has been administered quarterly via a computer-assisted-telephone-interview. This survey is flexible and creates the possibility of introducing new products into the CPI in a timely manner. The data collected in this survey are necessary for the continuing construction of a current outlet universe from which locations are selected for the price collection needed for calculating the CPI. Furthermore, the TPOPS provides the weights used in selecting the items that are priced at these establishments. This sample design produces an overall CPI market basket that is more reflective of the prices faced and the establishments visited by urban consumers.

For this clearance, the BLS will be implementing a cell phone frame to address a coverage issue associated with landline RDD surveys. The goal of including a cell phone frame is to contact respondents who reside in households with no landline service, but with cellular phone service. The implementation process will begin with a pre-test beginning in the first quarter of 2011 to assess cell phone frame interviewing and to determine the correct amount of sample to pull for each primary sampling unit or geographic area in the CPI. The cell
