

days (or 300 days if the Department does not extend the time limit for the preliminary results) from the date of publication of the preliminary results.

Background

On September 26, 2000, the Department published a notice of initiation of administrative review of the antidumping order on PTFE resin from Italy, covering the period August 1, 1999, through July 31, 2000 (65 FR 58733). The preliminary results are currently due no later than May 3, 2001.

Extension of Preliminary Results of Review

We determine that it is not practicable to complete the preliminary results of this review within the original time limit. Therefore, we are extending the time limit for completion of the preliminary results until no later than August 31, 2001. *See* Decision Memorandum from Gary Taverman to Holly Kuga, dated April 4, 2001, which is on file in the Central Records Unit, Room B-099 of the main Commerce building. We intend to issue the final results no later than 120 days after the publication of the notice of preliminary results.

This extension is in accordance with section 751(a)(3)(A) of the Act.

Dated: April 4, 2001.

Holly Kuga,

Acting Deputy Assistant Secretary, Import Administration, Group II.

Iron Construction Castings from Canada; Final Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of final results of antidumping duty administrative review.

SUMMARY: On December 7, 2000, the Department of Commerce (the Department) published the preliminary results of the administrative review of the antidumping duty order on iron construction castings (ICC) from Canada (65 FR 76609). This review covers one manufacturer/exporter of the subject merchandise (Canada Pipe, Ltd.). The period of review (POR) is March 1, 1999, through February 29, 2000.

Based on our analysis of the comments received, we have made changes in the margin calculation. Therefore, the final results differ from the preliminary results. The final weighted-average dumping margin for the reviewed firm is listed below in the section entitled "Final Results of Review."

EFFECTIVE DATE: April 12, 2001.

FOR FURTHER INFORMATION CONTACT:

Nithya Nagarajan, Office of AD/CVD Enforcement, Office 4, Group II, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone (202) 482-5253.

SUPPLEMENTARY INFORMATION:

The Applicable Statute

Unless otherwise indicated, all citations to the Tariff Act of 1930, as amended (the Act), are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Act by the Uruguay Round Agreements Act. In addition, unless otherwise indicated, all citations to the Department's regulations are to 19 CFR part 351 (2000).

Background

On December 7, 2000, the Department published in the **Federal Register** the preliminary results of the administrative review of the antidumping duty order on ICC from Canada. *See Notice of Preliminary Results of Antidumping Duty Administrative Review: Iron Construction Castings from Canada*, 65 FR 76609 (December 7, 2000).

In response to the Department's invitation to comment on the preliminary results of this review, Canada Pipe Ltd. (Canada Pipe or respondent) filed its case brief on February 23, 2001. No other interested parties filed case or rebuttal briefs.

The Department has conducted this administrative review in accordance with section 751 of the Act.

Scope of Review

The merchandise covered by the order consists of certain iron construction castings from Canada, limited to manhole covers, rings, and frames, catch basin grates and frames, cleanout covers and frames used for drainage or access purposes for public utility, water and sanitary systems, classifiable as heavy castings under Harmonized Tariff Schedule (HTS) item numbers 7325.10.0010, 7325.10.0020, and 7325.10.0025. The HTS item number is provided for convenience and Customs

purposes only. The written description remains dispositive.

Period of Review

The POR is March 1, 1999 to February 29, 2000.

Analysis of Comments Received

All issues raised in the case briefs by parties to this administrative review are addressed in the "Issues and Decision Memorandum" (Decision Memorandum) from Holly A. Kuga, Acting Deputy Assistant Secretary, Group II, Import Administration, to Bernard T. Carreau, fulfilling the duties of Assistant Secretary for Import Administration, dated April 6, 2001, which is hereby adopted by this notice. A list of the issues which parties have raised and to which we have responded, all of which are in the Decision Memorandum, is attached to this notice as an Appendix. Parties can find a complete discussion of all issues raised in this review and the corresponding recommendations in this public memorandum, which is on file in the Central Records Unit, room B-099, of the main Department building. In addition, a complete version of the Decision Memorandum can be accessed directly on the Web at <http://ia.ita.doc.gov>. The paper copy and electronic version of the Decision Memorandum are identical in content.

Changes Since the Preliminary Results

Based on our analysis of comments received, we have made certain changes in the margin calculation. These changes are discussed in the relevant sections of the Decision Memorandum.

Final Results of Review

We determine that the following weighted-average percentage margin exists for the period March 5, 1998 through August 31, 1999:

Manufacturer/exporter	Percent margin
Canada Pipe, Ltd.	3.89 percent.

Assessment

The Department shall determine, and the U.S. Customs Service (Customs) shall assess, antidumping duties on all appropriate entries. In accordance with 19 CFR 351.212(b)(1), we have calculated importer-specific assessment rates based on the ratio of the total amount of antidumping duties calculated for the importer-specific sales to the total entered value of the same sales. Where the assessment rate is above *de minimis*, we will instruct Customs to assess duties on all entries of subject merchandise by that importer.

The Department will issue appraisal instructions directly to Customs.

Cash Deposit Requirements

The following deposit requirements will be effective upon publication of this notice of final results of administrative review for all shipments of ICC from Canada entered, or withdrawn from warehouse, for consumption on or after the date of publication, as provided by section 751(a)(1) of the Act: (1) The cash deposit rate for Canada Pipe will be the rate shown above; (2) for previously reviewed or investigated companies not covered in this review, the cash deposit rate will continue to be the company-specific rate published for the most recent period; (3) if the exporter is not a firm covered in this review, or the original less-than-fair-value (LTFV) investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; and (4) the cash deposit rate for all other manufacturers or exporters will be 7.5 percent, the "all-others" rate established in the LTFV investigation.

These deposit requirements, when imposed, shall remain in effect until publication of the final results of administrative review for a subsequent review period.

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305. Timely notification of return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

We are issuing and publishing this determination and notice in accordance with sections 751(a)(1) and 777(i) of the Act.

Dated: April 6, 2001.

Timothy J. Hauser,

Acting Under Secretary for International Trade.

Certain Welded Carbon Steel Pipes and Tubes from Thailand: Preliminary Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of preliminary results of antidumping duty administrative review.

SUMMARY: In response to requests by a Thai manufacturer, Saha Thai Steel Company, Ltd. ("Saha Thai"), two importers, Ferro Union Inc. ("Ferro Union") and ASOMA Corp. ("ASOMA"), and three domestic producers, Allied Tube and Conduit Corporation, Sawhill Tubular Division—AK Steel Inc., and Wheatland Tube Company (collectively, the "petitioner"), the Department of Commerce ("the Department") is conducting an administrative review of the antidumping duty order on certain welded carbon steel pipes and tubes from Thailand. This review covers Saha Thai, a Thai manufacturer and exporter of the subject merchandise to the United States. The period of review ("POR") is March 1, 1999, through February 29, 2000.

We have preliminary determined that the respondent did not sell subject merchandise at less than normal value ("NV") during the POR. For information on the weighted average dumping margins, see the "Preliminary Results of Review" section below. If these preliminary results are adopted in our final results, we will instruct U.S. Customs to liquidate appropriate entries during the POR without regard to antidumping duties.

Interested parties are invited to comment on these preliminary results. Parties who submit argument in this proceeding should also submit with the argument (1) a statement of the issue,

and (2) a brief summary of the argument.

EFFECTIVE DATE: April 12, 2001.

FOR FURTHER INFORMATION CONTACT:

Javier Barrientos or Samantha Denenberg, AD/CVD Enforcement Group III, Room 7866, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone: (202) 482-2243 and (202) 482-1386, respectively.

Applicable Statute: Unless otherwise indicated, all citations to the statute are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Tariff Act of 1930 ("the Act") by the Uruguay Round Agreements Act. In addition, unless otherwise indicated, all citations to the Department's regulations are to those codified at 19 CFR Part 351 (2000).

SUPPLEMENTARY INFORMATION:

Background

On March 11, 1986, the Department published, in the **Federal Register**, an antidumping duty order on circular welded carbon steel pipes and tubes from Thailand (51 FR 8341). On March 16, 2000, the Department published a notice of opportunity to request an administrative review of this order covering the period March 1, 1999, through February 29, 2000 (65 FR 14242). Timely requests for an administrative review of the antidumping order with respect to sales by Saha Thai during the POR were filed by Saha Thai, Ferro Union and ASOMA, and the petitioners. The Department published a notice of initiation of this antidumping duty administrative review on May 1, 2000 (65 FR 25303).

Because the Department determined that it was not practicable to complete this review within the statutory time limits, on November 20, 2000, we published, in the **Federal Register**, a notice of extension of the time limit for this review (65 FR 69734). As a result, we extended the deadline for these preliminary results to March 31, 2001; however, because this date falls on a non-business day, the preliminary results are actually due on April 2, 2001. Unless extended, the deadline for the final results will be 120 days after publication of these preliminary results.

Scope of the Review

The products covered by this administrative review are certain welded carbon steel pipes and tubes from Thailand. The subject merchandise has an outside diameter of 0.375 inches or more, but not exceeding 16 inches.
