CMS-10328—Medicare Self-Referral Disclosure Protocol

Under the PRA (44 U.S.C. 3501-3520), federal agencies must obtain approval from the Office of Management

and Budget (OMB) for each collection of information they conduct or sponsor. The term "collection of information" is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA requires federal agencies to publish a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, CMS is publishing this notice.

Information Collection

1. *Type of Information Collection Request:* Revision of a currently approved collection; *Title of Information Collection:* Medicare Self-Referral Disclosure Protocol; *Use:* Section 6409 of the ACA requires the Secretary to establish a voluntary self-disclosure process that allows providers of services and suppliers to self-disclose actual or potential violations of section 1877 of the Act. The SRDP is a voluntary self-disclosure process that allows providers of services and suppliers to disclose actual or potential violations of section 1877 of the Act. For purposes of the SRDP, a person submitting a disclosure to the SRDP will be referred to as a "disclosing party." CMS analyzes the disclosed conduct to determine compliance with section 1877 of the Act and the application of the exceptions to the physician self-referral prohibition.

Specifically, under the proposal a physician practice disclosing group practice noncompliance will submit an SRDP form consisting of the following components: (1) the SRDP Disclosure Form, (2) a single Group Practice Information Form covering all the physicians in the practice who made prohibited referrals to the practice, and (3) a Financial Analysis Worksheet. All other entities will continue to submit disclosures using the SRDP Disclosure Form, separate Physician Information Forms for each physician covered in the self-disclosure, and a Financial Analysis Worksheet. *Form Number:* CMS-10328 (OMB control number: 0938-1106); *Frequency:* Yearly; *Affected Public:* Private Sector (Business or other for-profits, Not-for-Profit Institutions); *Number of Respondents:* 100; *Total Annual Responses:* 200; *Total Annual Hours:* 5,000. (For policy questions regarding this collection contact Matthew Edgar at 410-786-0698.)

SUPPLEMENTARY INFORMATION:

Description: The NEW Program Plan Guidance documents specify the information needed to complete a NEW program plan and explain the process for plan submission every third year and to complete the annual program report. The program plan is the application for NEW program funding and documents how the grantee will carry out its NEW

program. ACF proposes a change in how draft plans are submitted. The program report provides HHS, Congress, and grantees information to document and assess the activities and accomplishments of the NEW program.

ACF proposes to extend data collection with revisions that clarify that programs should not count more than once individuals who meet multiple categories; for example, persons age 20 are both youth and adults, but they

should be counted as one or the other, not both.

Respondents: Indian tribes and tribal coalitions that operate NEW programs.

ANNUAL BURDEN ESTIMATES

Instrument	Total number of respondents (over 3 yrs.)	Annual number of responses per respondent	Average burden hours per response	Annual burden hours
NEW Program Plan Guidance	40	1,333	29	386

Total Estimated Annual Burden				986

¹ We have used .333 responses per year to represent one submission of the NEW Program Plan Guidance during the 3-year approval period.

SUPPLEMENTARY INFORMATION:

Information Collection Request Title: Maternal and Child Health Bureau (MCHB) Performance Measures for Discretionary Grant Information System (DGIS), OMB No. 0915-0298—Revision.

Abstract: Approval from OMB is sought to implement minor revisions to the MCHB Performance Measures for DGIS. Most of these measures are specific to certain types of programs and are not required of all grantees. The measures are categorized by domain (Adolescent Health, Capacity Building, Child Health, Children with Special Health Care Needs, Lifecourse/Crosscutting, Maternal/Women Health, and Perinatal/Infant Health), in addition to some program-specific measures. Grant programs are assigned domains based on their activities and individual grantees respond to only a limited number of performance measures that are relevant to their specific program.

HRSA intends to change the numbering sequence of the DGIS forms in an approach different from what was outlined in the **Federal Register** notice (87 FR 3313) published on January 21, 2022. The approach outlined in the January 21, 2022, notice provided for the re-use of form numbers by reordering the form sequence to accommodate the forms being removed and added. After further consideration, HRSA intends to retire the number associated with the six DGIS forms being removed and give the new DGIS

Training form the next number in the numbering sequence (Training Form 15, which was previously labeled as Training Form 14 in the January 21, 2022, notice). This streamlined approach will prevent confusion among grantees and HRSA when referencing the forms after they are updated in DGIS.

No additional forms are proposed to be added, removed, or revised beyond what was specified in the January 21, 2022, notice. As noted in the January 21, 2022, notice, HRSA is making the following changes to the current information collection for MCHB DGIS to more closely align data collection forms with the program activities:

Removing the following existing forms: Core 1 (Grant Impact), Capacity Building 2 (Technical Assistance), Capacity Building 7 (Direct Annual Access to MCH Data), Training Form 13 (Diverse Adolescent Involvement (Leadership Education in Adolescent Health Program –specific)), Financial Form 2 (Project Funding Profile), and Financial Form 4 (Project Budget and Expenditures);

Adding the following new forms: Training Form 15 (Consultation and Training for Mental and Behavioral Health) and Leadership, Education, and Advancement in Undergraduate Pathways Training Program Trainee Information Form. The title of Training Form 15 was changed from “Teleconsultation” to “Consultation” to acknowledge that some programs that report on this form may also have an in-person consultation component. Therefore, the form was updated to capture both teleconsults and in-person consults and the title was adjusted to represent this change;

Revising the following existing forms: F2F (Family to Family Form 1), Financial Form 1 (MCHB Project Budget Details), Financial Form 4 (new name:
