The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and approval under the Paperwork Reduction Act of 1995, Public Law 104–13. Comments are requested regarding: whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology. Comments regarding these information collections are best assured of having their full effect if received by August 25, 2025. Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website [www.reginfo.gov/public/do/PRAMain](http://www.reginfo.gov/public/do/PRAMain). Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function.

displays a currently valid OMB control number.

### Agricultural Marketing Service

*Title:* Dairy Products Mandatory Sales Reporting.

*OMB Control Number:* 0581–0274.

*Summary of Collection:* The Mandatory Price Reporting Act of 2010 amended section 273(d) of the Agricultural Marketing Act of 1946 (the Act), requiring the Secretary of Agriculture (Secretary) to establish an electronic reporting system for certain manufacturers of dairy products to report sales information under a mandatory dairy product reporting program.

Data collection for cheddar cheese, butter, dry whey, or nonfat dry milk sales is limited to manufacturing plants producing annually 1 million pounds or more of one of the surveyed commodities specified in the mandatory reporting requirements of the Dairy Products Reporting Programs (7 CFR 1170.7 through 1170.12). AMS administers programs that facilitate the efficient, fair marketing of U.S. agricultural products, including food, fiber, and specialty crops. The data collected on these surveys enables AMS to report information in a timely manner and promote competition in the dairy industry. Additionally, the sales information reported is used by USDA to calculate minimum prices paid to dairy farmers or their cooperative associations for milk marketed through the Federal milk marketing order system. Finally, reports are used to verify compliance with marketing order regulations.

*Need and Use of the Information:* Survey respondents are required to submit weekly sales information through a secure internet connection using a username and password to report prices. After the respondent has logged onto the web-based software, they are directed to the appropriate electronic weekly product forms to be completed. The Dairy Products Sales Survey Annual Validation Worksheet is conducted in person and submitted on forms. Follow-ups, where necessary to obtain missing information, are conducted by phone. The forms being submitted for approval list the questions the respondents complete: total pounds sold, total dollars, and the price per pound. Data received from these surveys is used by USDA to calculate minimum

prices for raw milk marketed through the Federal milk marketing order system. In addition, USDA publishes aggregate weekly market information based on survey results. This information is used by industry members to make informed decisions about the marketing of dairy products. During routine audits, USDA compares information reported on these forms with manufacturer records to verify compliance with DPMRP Regulations.

*Description of Respondents:*

Businesses or other for profits—Cheddar Cheese, 40 lb. Blocks.

*Number of Respondents:* 180.

*Frequency of Responses:* Reporting: On occasion; Weekly; Annually.

*Total Burden Hours:* 1,397.

### Food and Nutrition Service

#### National School Lunch, Special Milk, and School Breakfast Programs, National Average Payments/Maximum Reimbursement Rates

**AGENCY:** Food and Nutrition Service, USDA.

**ACTION:** Notice.

**SUMMARY:** This Notice announces the annual adjustments to the national average payments, the amount of money the Federal Government provides States for lunches, afterschool snacks, and breakfasts served to children participating in the National School Lunch and School Breakfast Programs; to the maximum reimbursement rates, the maximum per lunch rate from Federal funds that a State can provide a school food authority for lunches served to children participating in the National School Lunch Program; and to the rate of reimbursement for a half-pint of milk served to non-needy children in a school or institution that participates in the Special Milk Program for Children. The annual payments and rates adjustments for the National School Lunch and School Breakfast Programs reflect changes in the Food Away From Home series of the Consumer Price Index for All Urban

Consumers. The annual rate adjustment for the Special Milk Program reflects changes in the Producer Price Index for Fluid Milk Products. Further adjustments are made to these rates to reflect higher costs of providing meals in Alaska, Guam, Hawaii, Puerto Rico, and Virgin Islands. The payments and rates are prescribed on an annual basis each July.

**DATES:** These rates are in effect from July 1, 2025, through June 30, 2026.

**FOR FURTHER INFORMATION CONTACT:** Penny Burke, Branch Chief, Program Monitoring and Operational Support Division, Child Nutrition Programs, FNS USDA, 1320 Braddock Place, Suite 401, Alexandria, VA 22314, 720-822-8597.

**SUPPLEMENTARY INFORMATION:**

**Background**

*Special Milk Program for Children*—Pursuant to section 3 of the Child Nutrition Act of 1966, as amended (42 U.S.C. 1772), the Department announces the rate of reimbursement for a half pint of milk served to non-needy children in a school or institution that participates in the Special Milk Program for Children. This rate is adjusted annually to reflect changes in the Producer Price Index for Fluid Milk Products, published by the Bureau of Labor Statistics of the Department of Labor.

*National School Lunch and School Breakfast Programs*—Pursuant to sections 11 and 17A of the Richard B. Russell National School Lunch Act, (42 U.S.C. 1759a and 1766a), and section 4 of the Child Nutrition Act of 1966 (42 U.S.C. 1773), the Department annually announces the adjustments to the National Average Payment Factors and to the maximum Federal reimbursement rates for lunches and afterschool snacks served to children participating in the National School Lunch Program and breakfasts served to children participating in the School Breakfast Program. Adjustments are prescribed each July 1, based on changes in the Food Away From Home series of the Consumer Price Index for All Urban Consumers, published by the Bureau of Labor Statistics of the Department of Labor.

*Lunch Payment Levels*—Section 4 of the Richard B. Russell National School Lunch Act (42 U.S.C. 1753) provides general cash for food assistance payments to States to assist schools in purchasing food. The Richard B. Russell National School Lunch Act provides two different section 4 payment levels for lunches served under the National School Lunch Program. The lower payment level applies to lunches served by school food authorities in which less

than 60 percent of the lunches served in the school lunch program during the second preceding school year were served free or at a reduced price. The higher payment level applies to lunches served by school food authorities in which 60 percent or more of the lunches served during the second preceding school year were served free or at a reduced price.

To supplement these section 4 payments, section 11 of the Richard B. Russell National School Lunch Act (42 U.S.C. 1759 (a)) provides special cash assistance payments to aid schools in providing free and reduced-price lunches. The section 11 National Average Payment Factor for each reduced-price lunch served is set at 40 cents less than the factor for each free lunch.

As authorized under sections 8 and 11 of the Richard B. Russell National School Lunch Act (42 U.S.C. 1757 and 1759a), maximum reimbursement rates for each type of lunch are prescribed by the Department in this Notice. These maximum rates are to ensure equitable disbursement of Federal funds to school food authorities.

*Performance-based Reimbursement*—In addition to the funding mentioned above, school food authorities certified as meeting the meal pattern and nutrition standard requirements set forth in 7 CFR parts 210 and 220 are eligible to receive performance-based cash assistance for each reimbursable lunch served (an additional nine cents per lunch available beginning July 1, 2024, and adjusted annually thereafter).

*Afterschool Snack Payments in Afterschool Care Programs*—Section 17A of the Richard B. Russell National School Lunch Act (42 U.S.C. 1766a) establishes National Average Payments for free, reduced price and paid afterschool snacks as part of the National School Lunch Program.

*Breakfast Payment Factors*—Section 4 of the Child Nutrition Act of 1966 (42 U.S.C. 1773) establishes National Average Payment Factors for free, reduced price, and paid breakfasts served under the School Breakfast Program and additional payments for free and reduced-price breakfasts served in schools determined to be in “severe need” because they serve a high percentage of free and reduced eligible children.

**Adjusted Payments**

The following specific section 4, section 11, and section 17A National Average Payment Factors and maximum reimbursement rates for lunch, the afterschool snack rates, and the breakfast rates are in effect from July 1,

2025, through June 30, 2026. Due to a higher cost of living, the average payments and maximum reimbursements for Alaska, Guam, Hawaii, Puerto Rico, and Virgin Islands are higher than those for all other States. The District of Columbia uses figures specified for the contiguous States. These rates do not include the value of USDA Foods or cash-in-lieu of USDA Foods which schools receive as additional assistance for each meal served to participants under the Program. A notice announcing the value of USDA Foods and cash-in-lieu of USDA Foods is published separately in the **Federal Register**.

Adjustments to the national average payment rates for all lunches served under the National School Lunch Program, breakfasts served under the School Breakfast Program, and afterschool snacks served under the National School Lunch Program are rounded down to the nearest whole cent.

**Special Milk Program Payments**

For the period July 1, 2025, through June 30, 2026, the rate of reimbursement for a half pint of milk served to a non-needy child in a school or institution that participates in the Special Milk Program is 26.75 cents. This change is based on the 0.67 percent decrease in the Producer Price Index for Fluid Milk Products from May 2024 to May 2025.

As a reminder, schools or institutions with pricing programs that elect to serve milk free to eligible children continue to receive the average cost of a half pint of milk (the total cost of all milk purchased during the claim period divided by the total number of purchased half pints) for each half pint served to an eligible child.

**National School Lunch Program Payments**

Overall, payments for the National School Lunch Program and the Afterschool Snack Program increased due to a 3.85 percent increase in the national average payment rates for schools and residential child care institutions for the period July 1, 2025, through June 30, 2026 in the Consumer Price Index for All Urban Consumers for the Food Away From Home series during the 12-month period May 2024 to May 2025 (from a level of 367.099 in May 2024, as previously published in the **Federal Register** to 381.228 in May 2025).

School food authorities certified to receive the performance-based cash assistance will receive an additional 9 cents (adjusted annually) added to the above amounts as part of their section 4 payments.

**Section 11 National Average Payment Factors—*Contiguous States***—free lunch—4 dollars and 16 cent (15 cents increase from the SY 2024–2025 rate), reduced price lunch—3 dollars and 76 cents (15 cents increase); *Alaska*—free lunch—6 dollars and 74 cents (25 cents
