

Description of the Need for the Information and Proposed Use: These are multifunctional transmittal forms which are completed by the issuers when requesting commitment authority and/or pool numbers. The frequency of use depends on the issuer's need for specific services from Ginnie Mae.

An issuer can request both commitment authority and pool numbers within one request. If the issuer has available pool numbers, but lacks a sufficient amount of commitment authority necessary to form pools, the issuer can apply for Commitment Authority only. An issuer may need to apply for Ginnie Mae Pool Numbers only. This is done when an issuer has sufficient commitment authority available for use but needs pool numbers. There is no fee for requesting pool numbers.

There are two types of Commitment Authority a Ginnie Mae issuer may apply for: (1) Single Family or Single Line Commitment Authority which expires one year from date of approval and (2) Multifamily or Multi-Line Commitment Authority which expires two years from date of approval.

There is only one type of Pool Numbers a Ginnie Mae issuer may apply for: Alpha-Numeric.

Pool Numbers have no expiration date and can only be used once. The information is required by Section 306(g) of the National Housing Act or by Ginnie Mae Handbook 5500.3, Rev. 1.

B. Solicitation of Public Comment

This notice is soliciting comments from members of the public and affected parties concerning the collection of information described in Section A on the following:

(1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) The accuracy of the agency's estimate of the burden of the proposed collection of information;

(3) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) Ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses.

HUD encourages interested parties to submit comments in response to these questions.

SUPPLEMENTARY INFORMATION: This notice informs the public that HUD is seeking approval from OMB for the information collection described in Section A.

A. Overview of Information Collection

Title of Information Collection: Application for the Community Development Block Grant (ICDBG) Program for Indian.

OMB Approval Number: 2577–0191.

Type of Request: Revision of a currently approved collection.

Form Number: SF–425 and Annual Status and Evaluation Report (ASER).

Description of the need for the information and proposed use: Title I of the Housing and Community Development Act of 1974 authorizes Indian Community Development Block Grants (ICDBG) and requires that grants be awarded annually on a competitive basis. The purpose of the ICDBG program is to develop viable Indian and Alaska Native communities by creating decent housing, suitable living environments, and economic opportunities primarily for low- and moderate-income persons. Consistent with this objective, not less than 70 percent of the expenditures are to benefit low- and moderate-income persons. Eligible applicants include Federally recognized tribes, which includes Alaska Native communities, and tribally authorized tribal organizations. Eligible categories of funding include housing rehabilitation, land acquisition to support new housing, homeownership assistance, public facilities and improvements, economic development, and microenterprise programs. For a complete description of eligible activities, please refer to 24 CFR part 1003, subpart C.

The ICDBG program regulations are at 24 CFR part 1003. The ICDBG program requires eligible applicants to submit information to enable HUD to select the best projects for funding during annual competitions. Additionally, the information submitted is essential for HUD in monitoring grants to ensure that grantees are complying with applicable statutes and regulations and implementing activities as approved.

ICDBG recipients are required to submit annually a Federal Financial

Report (SF-425) that describes the use of grant funds drawn from the recipient's line of credit. The reports are used to monitor cash transfers to the recipients and obtain expenditure data from the recipients as described in (2 CFR 200.327).

The regulations at 24 CFR part 200 require that grantees and sub-grantees take all necessary affirmative steps to assure that minority firms, women's business enterprises, and labor surplus area firms are used when possible. Consistent with these regulations, 24

CFR 1003.506(b) requires that ICDBG grantees submit to HUD a report on contract and subcontract activity on October 10 of each year.

The regulations at 24 CFR 1003.506 instruct recipients to submit to HUD an Annual Status and Evaluation Report (ASER) that describes the progress made in completing approved activities with a listing of work to be completed; a breakdown of funds expended; and when the project is completed, a program evaluation expressing the effectiveness of the project in meeting

community development needs. The ASER is due within 90 days of the date it is determined that the criteria for closeout have been met. The information collected will allow HUD to accurately audit the program. Form HUD-2516 will no longer be used in this collection, and HUD would like to request the form be discontinued.

Respondents: Federally recognized Native American Tribes, Alaska Native communities and corporations, and tribal organizations.

Information collection	Number of respondents	Frequency of response	Responses per annum	Burden hour per response	Annual burden hours	Hourly cost per response	Annual cost

SUPPLEMENTARY INFORMATION:

I. National Environmental Policy Act and Categorical Exclusions

NEPA (42 U.S.C. 4321-4347, as amended) requires all Federal agencies to consider the environmental impact of their proposed actions before deciding whether and how to proceed. 42 U.S.C. 4321, 4332. NEPA's aims are to ensure that agencies consider the potential environmental effects of their proposed actions in their decision-making processes and inform and involve the public in that process. 42 U.S.C. 4332.

To comply with NEPA, agencies determine the appropriate level of review for a proposed action. 42 U.S.C. 4336. Where required, these levels of review may be documented in an
