

on or before the specified comment date for the particular application.

o. Filing and Service of Documents: Any filing must (1) Bear in all capital letters the title "COMMENTS", "PROTEST", or "MOTION TO INTERVENE" as applicable; (2) set forth in the heading the name of the applicant and the project number of the application to which the filing responds; (3) furnish the name, address, and telephone number of the person commenting, protesting or intervening; and (4) otherwise comply with the requirements of 18 CFR 385.2001 through 385.2005. All comments, motions to intervene, or protests must set forth their evidentiary basis. Any filing made by an intervenor must be accompanied by proof of service on all persons listed in the service list prepared by the Commission in this proceeding, in accordance with 18 CFR 385.2010.

Dated: January 18, 2013.

Kimberly D. Bose,
Secretary.

Grouse Creek Wind Park, LLC, Grouse Creek Wind Park II, LLC; Notice of Petition for Enforcement

Take notice that on January 15, 2013, pursuant to section 210(h) of the Public Utility Regulatory Policies Act of 1978 (PURPA), Grouse Creek Wind Park, LLC and Grouse Creek Wind Park II, LLC filed a Petition for Enforcement, requesting the Federal Energy Regulatory Commission (Commission) to initiate enforcement action against the Idaho Public Utilities Commission to ensure that PURPA regulations are properly and lawfully implemented.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211, 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed on or before the

comment date. On or before the comment date, it is not necessary to serve motions to intervene or protests on persons other than the Applicant.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. There is an "eSubscription" link on the Web site that enables subscribers to receive email notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please email FERCOnlineSupport@ferc.gov, or call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

Comment Date: 5:00 p.m. Eastern Time on February 4, 2013.

Dated: January 18, 2013.

Kimberly D. Bose,
Secretary.

[Project No. 14462-000]

Ceresco Hydroelectric Dam, LLC; Notice of Preliminary Permit Application Accepted for Filing and Soliciting Comments, Motions To Intervene, and Competing Applications

On October 19, 2012, Ceresco Hydroelectric Dam, LLC, filed an application for a preliminary permit, pursuant to section 4(f) of the Federal Power Act (FPA), proposing to study the feasibility of the Ceresco Hydroelectric Project (Ceresco Project or project) to be located on Kalamazoo River, near Ceresco, Calhoun County, Michigan. The sole purpose of a preliminary permit, if issued, is to grant the permit holder priority to file a license application during the permit term. A preliminary permit does not authorize the permit holder to perform any land-disturbing activities or otherwise enter upon lands or waters owned by others without the owners' express permission.

From the right to the left embankment, the proposed project

would consist of the following: (1) A 190-acre surface area, 2,000 acre-feet capacity reservoir at the proposed normal pool elevation of 876.8 feet National Geodetic Vertical Datum; (2) a dam comprised of (a) a 126-foot-wide, 13-foot-high straight drop stoplog spillway composed of six 20.5-foot-long bays; (b) a 51-foot-wide, 10-foot-high gated spillway composed of two 24-foot-wide vertical lift gates; (c) a 36-foot-wide needle embankment section; (d) a 130-foot-wide abandoned powerhouse; and (e) a 130-foot-wide earthen embankment; (3) a 500-kilowatt Very Low Head turbine to be installed just downstream of the two stoplog bays closest to the gated spillway; (4) a 400-foot-long, 480-volt transmission line connecting the project electrical control building on the needle embankment to the Consumers Energy substation on the left abutment; and (5) appurtenant facilities. The estimated annual generation of the Ceresco Project would be 2,500 megawatt-hours.

Applicant Contact: Mr. Daniel Busher, 110 Knapp Dr., Suite 114, Battle Creek, MI 49015; phone: (269) 288-2646.

FERC Contact: Sergiu Serban; phone: (202) 502-6211.

Deadline for filing comments, motions to intervene, competing applications (without notices of intent), or notices of intent to file competing applications: 60 days from the issuance of this notice. Competing applications and notices of intent must meet the requirements of 18 CFR 4.36. Comments, motions to intervene, notices of intent, and competing applications may be filed electronically via the Internet. See 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site <http://www.ferc.gov/docs-filing/efiling.asp>. Commenters can submit brief comments up to 6,000 characters, without prior registration, using the eComment system at <http://www.ferc.gov/docs-filing/ecomment.asp>. You must include your name and contact information at the end of your comments. For assistance, please contact FERC Online Support at FERCOnlineSupport@ferc.gov or toll free at 1-866-208-3676, or for TTY, (202) 502-8659. Although the Commission strongly encourages electronic filing, documents may also be paper-filed. To paper-file, mail an original and seven copies to: Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426.

More information about this project, including a copy of the application, can be viewed or printed on the "eLibrary" link of Commission's Web site at <http://www.ferc.gov>

www.ferc.gov/docs-filing/elibrary.asp. Enter the docket number (P-14462) in the docket number field to access the document. For assistance, contact FERC Online Support.

Dated: January 18, 2013.

BILLING CODE 6717-01-P

ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-OECA-2012-0956; FRL-9773-8]

Public Comment on EPA's National Enforcement Initiatives for Fiscal Years 2014-2016

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of public comment period.

SUMMARY: The Environmental Protection Agency (EPA) is soliciting public comment and recommendations on national enforcement initiatives to be undertaken in fiscal years 2014-2016. EPA selects these priority areas every three years in order to focus federal resources on the most important environmental problems where noncompliance is a significant contributing factor and where federal enforcement attention can make a difference. For the FY 2011-2013 time period, the U.S. Environmental Protection Agency, Office of Enforcement and Compliance Assurance, has six national enforcement initiatives. These initiatives are (1) Municipal Infrastructure—addressing sewage discharges from combined sewer systems, sanitary sewer systems, and municipal separate storm sewer systems; (2) Mineral Processing—addressing hazardous waste at phosphoric acid facilities and high risk mineral processing sites; (3) New Source Review—controlling emissions from coal fired utility sector, cement plants, glass plants, and acid production plants; (4) Air Toxics—addressing toxic emissions from high risk facilities by examining leak detection and repair (LDAR), flares, and excess emission sources; (5) Energy Extraction—addressing land-based natural gas extraction facilities, including corporate-wide evaluations; and (6) Concentrated Animal Feeding Operations—addressing animal waste discharges from large animal feeding facilities. For more information on the current initiatives, full descriptions can be found on our Web site: [http://](http://www.epa.gov/compliance/data/planning/initiatives/index.html)

www.epa.gov/compliance/data/planning/initiatives/index.html.

In addition to these sector-based approaches, EPA could choose to focus a national initiative on a strategic area that would improve the Agency's ability to conduct its enforcement and compliance program. For example, EPA is investing in a new approach called Next Generation Compliance to dramatically improve compliance by, among other things, employing advances in emissions monitoring and information technology; expanding transparency by making information publicly available. This availability of information will empower communities to play an active role in compliance oversight and improve the performance of both the government and regulated entities.

The public is invited to comment on extending the current six national enforcement initiatives for the 2014-2016 cycle. The public is also invited to propose new sectors or other important strategic areas for consideration. Commenters should keep in mind the Agency's resource constraints, given that final decisions will need to consider the Agency's funding level. Final selection will be incorporated into the EPA Office of Enforcement and Compliance Assurance Final National Program Manager Guidance (that provides national program direction for all EPA regional offices) to be released in the Spring 2013. EPA will consider these comments as it moves forward in the decision-making process, but will not respond to all comments received.

DATES: Comments must be received on or before February 27, 2013.

ADDRESSES: Information in support of this Notice of Public Comment is available via the Internet at: <http://www.epa.gov/compliance/data/planning/initiatives/index.html>.

Submit your comments via www.regulations.gov, identified by Docket ID No. EPA-HQ-OECA-2012-0956. Follow the on-line instructions for submitting comments.

Instructions: Direct your comments to Docket ID No. EPA-HQ-OECA-2012-0956. EPA's policy is that all comments received will be included in the public docket without change and may be made available online at www.regulations.gov, including any personal information provided, unless the comment includes information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Do not submit information that you consider to be CBI or otherwise protected through www.regulations.gov.

The www.regulations.gov Web site is an "anonymous access" system, which means EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send an email comment directly to EPA without going through www.regulations.gov, your email address will be automatically captured and included as part of the comment that is placed in the public docket and made available on the Internet. If you submit an electronic comment, EPA recommends that you include your name and other contact information in the body of your comment and with any disk or CD-ROM you submit. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment. Electronic files should avoid the use of special characters, any form of encryption, and be free of any defects or viruses.

FOR FURTHER INFORMATION CONTACT:

Michele McKeever, Branch Chief, National Planning and Measures Branch, Office of Enforcement and Compliance Assurance, Mail Code: M2221A, Environmental Protection Agency, 1200 Pennsylvania Ave. NW., Washington, DC 20460; telephone number: 202-564-3688; fax number: 202-564-0027; email address: McKeever.Michele@epa.gov.

SUPPLEMENTARY INFORMATION:

I. What are EPA enforcement and compliance national enforcement initiatives?

EPA is voluntarily soliciting public comment and recommendations on national enforcement initiatives to be undertaken in fiscal years 2014-2016. EPA selects these initiatives every three years in order to focus federal resources on the most important environmental problems where noncompliance is a significant contributing factor and where federal enforcement attention can make a difference. Sector-based enforcement and compliance national enforcement initiatives are selected according to three criteria: (1) Environmental impact; (2) significant noncompliance; and (3) appropriate federal role. The national enforcement initiatives do not impose any legally binding requirements on any outside parties. EPA will also consider strategic program areas that are not sector-based as potential national enforcement initiatives. These areas include programs such as Next Generation Compliance (e.g., increasing use of advanced emissions monitoring, expanding transparency by increasing
