information the premature disclosure of which would be likely to significantly frustrate implementation of a proposed agency action. (5 U.S.C. 552b.(c)(9)(B)) In addition, part of the discussion will relate solely to the internal personnel and organizational issues of the BBG or the International Broadcasting Bureau. DEPARTMENT OF COMMERCE

International Trade Administration

[A–122–506]

Notice of Final Results of Antidumping Duty Administrative Review: Oil Country Tubular Goods From Canada

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: On June 8, 2000, the Department of Commerce (“the Department”) published the preliminary results of its administrative review of the antidumping duty order on oil country tubular goods from Canada. *See Notice of Preliminary Results of Antidumping Duty Administrative Review: Oil Country Tubular Goods from Canada* 65 FR 36407 (June 8, 2000) (“*Preliminary Results*”). This review covers one manufacturer/exporter, Atlas Tube, Inc. (“Atlas”), and the period December 1, 1998, through May 31, 1999. The period of review specified by the Department’s opportunity to request administrative review was June 1, 1998, through May 31, 1999. However, due to the fact that the Department conducted a concurrent new shipper review of the same manufacturer/exporter for the period June 1, 1998, through November 30, 1998, this administrative review only covers the remainder of the period, December 1, 1998, through May 31, 1999. *See Notice of Initiation of Administrative Review* 64 FR 47167 (August 30, 1999). We gave interested parties an opportunity to comment on the *Preliminary Results* of review but received no comments. Therefore, these final results do not differ from the *Preliminary Results*, in which we found the dumping margin for Atlas to be 4.41 percent.

EFFECTIVE DATE: October 13, 2000.
