Nominations and Appointment of Members

Nominations for APAC and ATAC membership are open to all individuals representing U.S. entities with an interest in agricultural trade without regard to race, color, religion, sex, national origin, age, mental or physical handicap, marital status, or sexual orientation. To ensure that the recommendations of the committee take into account the needs of the diverse groups served by the USDA, membership shall include, to the extent practicable, individuals with demonstrated ability to represent minorities, women, and persons with disabilities.

Members must have expertise and knowledge of agricultural trade as it relates to policy and commodity specific products. No person, company, producer, farm organization, trade association, or other entity has a right to membership on a committee. In making appointments, every effort will be made to maintain balanced representation on the committees: from producers, farm and commodity organizations, processors, traders, and consumers. Geographical balance on each committee will also be sought.

Nominating a person to serve on any of the committees requires submission of a current resume for the nominee and the following form:

- AD-755 (Advisory Committee Membership Background Information), available on the Internet at <http://www.fas.usda.gov/admin/ad755.pdf>.

In addition, FAS encourages the submission of the optional form AD-1086 (Applicant for Advisory Committee Supplemental Sheet), available on the Internet at <http://www.fas.usda.gov/admin/ad1086.pdf>. Forms may also be requested by sending an email to Michelle.Moore@fas.usda.gov, or by phone at 202-720-6219.

Foreign Firms: Persons who are employed by firms that are 50 percent plus one share foreign-owned must state the extent to which the organization or interest to be represented by the nominee is owned by non-U.S. citizens, organizations, or interests. If the nominee is to represent an entity or

corporation with 10 percent or greater non-U.S. ownership, the nominee must demonstrate at the time of nomination that this ownership interest does not constitute control and will not adversely affect his or her ability to serve as an advisor on the U.S. agriculture advisory committee for trade.
