The DPL Agreement provides for summer only service—June 15, 2001, through September 30, 2001 for the first year, and May 1 through September 30th for subsequent years. The DPL Agreement also provides a pressure commitment. Columbia believes that the DPL Agreement is consistent with its tariff and its pro forma Rate Schedule NTS service agreement and therefore does not constitute a non-conforming service agreement within the meaning of Section 154.1(d) of the Commission Regulations. If the Commission determines that the DPL Agreement is non-conforming, Columbia requests that the Commission issue an order approving the DPL Agreement to be effective June 15, 2001.

Columbia states that copies of its filing and have been mailed to all firm customers, interruptible customers, and affected state commissions.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Sections 385.214 or 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed in accordance with Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.
