SUPPLEMENTARY INFORMATION:

OMB Control Number: 3060-0589.

Title: FCC Remittance Advice and Continuation Sheet, Bill for Collection, FCC Remittance Advice for Regulatory Fees (E-Form).

Form Number(s): FCC Forms 159, 159-C, 159-B, and 159-E.

Type of Review: Revision of a currently approved collection.

Respondents: Individuals or households; business or other for-profit entities; not-for-profit institutions; Federal government; and State, local, or tribal government.

Number of Respondents: 150,000.

Estimated Time per Response: 10 minutes to 4 hours.

Frequency of Response: On occasion and annual reporting requirements; Third party disclosure.

Total Annual Burden: 37,500 hours.

Total Annual Cost: N/A.

Privacy Impact Assessment: N/A.

Needs and Uses: The Commission has created a new streamlined electronic form, FCC Form 159-E, to associate a mailed or faxed payment with regulatory fees, which were filed on-line. Pertinent information will be taken directly from the regulatory fee electronic filing system (Fee Filer) and populated on the FCC Form 159-E, which can be printed by the filer. The FCC Form 159-E, essentially a simple payment voucher, will contain summary information, which will distinguish the payment but not detailed information about the fee(s). Specific associated fee information will be available on a separate report, which the filer does not need to remit. Beginning with FY 2005 regulatory fees, the FCC Form 159-E must accompany all payments derived from the regulatory fee electronic filing system, except on-line payments, which do not require any paper submission. Payment may be made by check or money order, credit card or wire transfer.

The Commission will use this information to apply credit for the remittance against all regulatory fees within the associated electronic submission. The payment instrument must be in the dollar amount specified on the FCC Form 159-E for full credit to be applied. Expanded use of the FCC Form 159-E is possible in the future as additional streamlining for this process is implemented. This form may be used in lieu of pre-populated FCC Form 159's, which are currently produced to facilitate remittance for various electronic filings. The FCC Form 159-E may, therefore, impact users of all electronic filing systems, as well as users of an FCC bill paying system (currently Fee Filer and the Red Light Display system).

This information collection may affect some individuals or households; however, the Commission has in place a registration process <http://www.fcc.gov>, which issues a Federal Registration Number (FRN) to each applicant/licensee, etc., for use in filing

any of these FCC Forms 159/159-C, 159-B, and 159-E. As part of the registration process, the applicant/licensee's SSN or TIN is stored in a secure environment, which minimizes any potential privacy risks.
