Recipients and auditors should contact their cognizant or oversight agency for audit, or Federal awarding agency, as appropriate under the circumstances. The Federal agency contacts are listed in appendix III of the Supplement. Subrecipients should contact their pass-through entity. Federal agencies should contact Gil Tran at Hai_M._Tran@omb.eop.gov or (202) 395-3052 or the OMB Grants team at GrantsTeam@omb.eop.gov.

SUPPLEMENTARY INFORMATION: The 2020 Supplement (2 CFR part 200, subpart F, appendix XI) adds 3 new programs, deletes 6 expired programs and provides updates on many other programs, where necessary. Consistent with the President's Management Agenda, Cross Agency Priority (CAP) goal number 8, "Results-Oriented Accountability for Grants," Federal awarding agencies are encouraged to begin a paradigm shift in grants management from one heavy on compliance to a balanced approach that includes establishing measurable program and project goals and analyzing data to improve results. To that end, the 2020 Compliance Supplement continues the reduction of the compliance areas for auditor review in part 2, Matrix from a maximum of twelve to six, which was first implemented in the 2019 Supplement, and requires a review for performance reporting for 29 programs under part 4. OMB will work with Federal awarding agencies in future Supplements that will further emphasize the review on performance. This year's Supplement also includes guidance related to Coronavirus administrative relief included in the four OMB memoranda in appendix VII of the Supplement. OMB plans to work with Federal awarding agencies to identify the new COVID-19 programs with special compliance and reporting requirements that will be included as an Addendum to this Supplement, as appropriate. OMB intends to balance the review of both compliance and

performance goals for these new COVID-19 programs.

Timothy F. Soltis,
Deputy Controller.

DEPARTMENT OF ENERGY

10 CFR Part 430

RIN 1904-AE36

Energy Conservation Program: Test Procedures for Cooking Products

AGENCY: Office of Energy Efficiency and Renewable Energy, Department of Energy.

ACTION: Final rule.

SUMMARY: On August 9, 2019, as a result of a petition from the Association of Home Appliance Manufacturers (AHAM) and data received in response to that petition, the U.S. Department of Energy (DOE) published a notice of proposed rulemaking (NPR) proposing to withdraw the test procedure for conventional cooking tops established under the Energy Policy and Conservation Act (EPCA). In this final rule, DOE withdraws the test procedure for conventional cooking tops under EPCA. DOE has determined that the conventional cooking tops test procedure is not representative of energy use or efficiency during an average use cycle and is overly burdensome to conduct.

DATES: The effective date of this rule is September 17, 2020. The incorporation by reference of certain publications listed in this rule was approved by the Director of the Federal Register on April 8, 2011 and December 17, 2012.
