Procedures for the conduct of and participation in ACRS meetings were published in the **Federal Register** on June 13, 2019 (84 FR 27662). In accordance with those procedures, oral or written views may be presented by members of the public, including representatives of the nuclear industry. Persons desiring to make oral statements should notify Quynh Nguyen, Cognizant ACRS Staff and the Designated Federal Officer (DFO) (Telephone: 301-415-5844, Email: Quynh.Nguyen@nrc.gov), 5 days before the meeting, if possible, so that appropriate arrangements can be made to allow necessary time during the meeting for such statements. In view of the possibility that the schedule for ACRS meetings may be adjusted by the Chairman as necessary to facilitate the conduct of the meeting, persons planning to attend should check with the Cognizant ACRS staff if such rescheduling would result in major inconvenience.

An electronic copy of each presentation should be emailed to the Cognizant ACRS Staff at least one day before meeting.

In accordance with Subsection 10(d) of Public Law 92-463 and 5 U.S.C. 552b(c), certain portions of this meeting

may be closed, as specifically noted above. Use of still, motion picture, and television cameras during the meeting may be limited to selected portions of the meeting as determined by the Chairman. Electronic recordings will be permitted only during the open portions of the meeting.

ACRS meeting agendas, meeting transcripts, and letter reports are available through the NRC Public Document Room (PDR) at pdr.resource@nrc.gov, or by calling the PDR at 1-800-397-4209, or from the Publicly Available Records System component of NRC's Agencywide Documents Access and Management System (ADAMS) which is accessible from the NRC website at <https://www.nrc.gov/reading-rm/adams.html> or <https://www.nrc.gov/reading-rm/doc-collections/#ACRS/>.

Video teleconferencing service is available for observing open sessions of ACRS meetings. Those wishing to use this service should contact Thomas Dashiell, ACRS Audio Visual Technician (301-415-7907), between 7:30 a.m. and 3:45 p.m. (ET), at least 10 days before the meeting to ensure the availability of this service. Individuals or organizations requesting this service will be responsible for telephone line charges and for providing the equipment and facilities that they use to establish the video teleconferencing link. The availability of video teleconferencing services is not guaranteed.

NUCLEAR REGULATORY COMMISSION

[Docket No. 40-8907; NRC-2019-0026]

United Nuclear Corporation Church Rock Project

AGENCY: Nuclear Regulatory Commission.

ACTION: Draft environmental impact statement; extension of comment period.

SUMMARY: On November 13, 2020, the U.S. Nuclear Regulatory Commission (NRC) issued for public comment a draft Environmental Impact Statement (EIS) for United Nuclear Corporation's (UNC) license amendment request. The UNC is requesting authorization to amend its license (SUA-1475) to excavate approximately 1 million cubic yards

(CY) of mine waste from the Northeast Church Rock Mine Site and dispose of it at the existing mill site in McKinley County, New Mexico. The comment period was originally scheduled to close on December 28, 2020. The NRC has decided to extend the public comment period to allow more time for members of the public to develop and submit their comments. The NRC plans to hold a public meeting in the future to promote full understanding of the contemplated action and facilitate public comment.

DATES: The due date of comments requested in the document published November 13, 2020 (85 FR 72706) is extended. Comments should be filed no later than February 26, 2021. Comments received after this date will be considered, if it is practical to do so, but the Commission is able to ensure consideration only for comments received on or before this date.

ADDRESSES: You may submit comments by any of the following methods; however, the NRC encourages electronic comment submission through the Federal Rulemaking website:

- *Federal Rulemaking Website:* Go to <https://www.regulations.gov/> and search for Docket ID NRC–2019–0026. Address questions about Docket IDs to Jennifer Borges; telephone: 301–287–9127; email: Jennifer.Borges@nrc.gov.

For technical questions, contact the individual listed in the **FOR FURTHER INFORMATION CONTACT** section of this document.

- *Mail comments to:* Office of Administration, Mail Stop: TWFN–7–A60M, ATTN: Program Management, Announcements and Editing Staff, U.S. Nuclear Regulatory Commission, Washington, DC 20555–0001.

- *Email comments to:* UNC-ChurchRockEIS.resource@nrc.gov.

- *Leave a voicemail at:* 888–672–3425.

For additional direction on obtaining information and submitting comments, see “Obtaining Information and Submitting Comments” in the **SUPPLEMENTARY INFORMATION** section of this document.

FOR FURTHER INFORMATION CONTACT: Ashley Waldron, Office of Nuclear Material Safety and Safeguards, U.S. Nuclear Regulatory Commission, Washington, DC 20555–0001; telephone: 301–415–7317; email: Ashley.Waldron@nrc.gov.

SUPPLEMENTARY INFORMATION:

I. Obtaining Information and Submitting Comments

A. Obtaining Information

Please refer to Docket ID NRC–2019–0026 when contacting the NRC about the availability of information regarding this document. You may obtain publicly available information related to this action by the following methods:

- *Federal Rulemaking Website:* Go to <https://www.regulations.gov> and search for Docket ID NRC–2019–0026.

- *NRC’s Agencywide Documents Access and Management System (ADAMS):* You may obtain publicly available documents online in the ADAMS Public Documents collection at <https://www.nrc.gov/reading-rm/adams.html>. To begin the search, select “Begin Web-based ADAMS Search.” For problems with ADAMS, please contact the NRC’s Public Document Room (PDR) reference staff at 1–800–397–4209, 301–415–4737, or by email to pdr.resource@nrc.gov.

- *Attention:* The PDR, where you may examine and order copies of public documents is currently closed. You may submit your request to the PDR via email at pdr.resource@nrc.gov or call 1–800–397–4209 between 8:00 a.m. and 4:00 p.m. (EST), Monday through Friday, except Federal holidays.

- *Project web page:* Information related to the UNC Church Rock project can be accessed on the NRC’s project web page at: <https://www.nrc.gov/info-finder/decommissioning/uranium/united-nuclear-corporation-unc-.html>.

- *Public Libraries:* A copy of the draft EIS can be accessed at the following public library:

B. Submitting Comments

The NRC encourages electronic comment submission through the Federal Rulemaking website (<https://www.regulations.gov>). Please include Docket ID NRC–2019–0026 in your comment submission. Written comments may be submitted during the draft EIS comment period as described in the **ADDRESSES** section of the document.

The NRC cautions you not to include identifying or contact information that you do not want to be publicly disclosed in your comment submission. The NRC posts all comment submissions at <https://www.regulations.gov> and enters all comment submissions into ADAMS. The NRC does not routinely edit comment submissions to remove identifying or contact information.

If you are requesting or aggregating comments from other persons for submission to the NRC, then you should inform those persons not to include identifying or contact information that they do not want to be publicly disclosed in their comment submission because the NRC does not routinely edit comment submissions before making the comment submissions available to the public or entering the comment submissions into ADAMS.

II. Discussion

On November 13, 2020 (85 FR 72706), the NRC issued for public comment the draft EIS for UNC license amendment to excavate approximately 1 million CY of mine waste from the Northeast Church Rock Mine Site and dispose of it at the existing mill site in McKinley County, New Mexico.

The draft EIS for UNC’s license amendment application includes the preliminary analysis that evaluates the environmental impacts of the proposed action and alternatives to the proposed action. After comparing the impacts of the proposed action to the No-Action alternative, the NRC staff, in accordance with the requirements in part 51 of title 10 of the *Code of Federal Regulations*, preliminarily recommends the proposed action, which would authorize UNC to transfer and dispose Northeast Church Rock mine waste on top of the UNC tailings impoundment. This recommendation is based on (i) the license application request, which includes the Environmental Report and supplemental documents and the licensee’s responses to the NRC staff’s requests for additional information; (ii) consultation with Federal, State, Tribal, and local agencies and input from other stakeholders; and (iii) independent NRC staff review as documented in the assessments summarized in this EIS.

The public comment period was originally scheduled to close on December 28, 2020. The NRC has decided to extend the public comment until February 26, 2021 to allow more time for members of the public to submit their comments. Comments of Federal, State, and local agencies, Indian Tribes or other interested persons will be made available for public inspection when received.

Stakeholders should monitor the NRC’s public meeting website for information about the public meeting at: <https://www.nrc.gov/public-involve/public-meetings/index.cfm>.

Dated: December 17, 2020.

For the Nuclear Regulatory Commission.

PACIFIC NORTHWEST ELECTRIC POWER AND CONSERVATION PLANNING COUNCIL

Amended Columbia River Basin Fish and Wildlife Program

AGENCY: Pacific Northwest Electric
Power and Conservation Planning
Council.

ACTION: Notice of final action.

SUMMARY: Pursuant to Section 4(h) of the Northwest Power Act, the Council has amended its 2014 Columbia River Basin Fish and Wildlife Program by adding a 2020 Addendum to that 2014 Program.

ADDRESSES: The 2020 Addendum to the 2014 Program is available for review on the Council's website at <https://www.nwcouncil.org/reports/2014-columbia-river-basin-fish-and-wildlife-program>. The amendment process web page, which includes links to the recommendations, comments, and all other documents and steps in the amendment process may be found at <https://www.nwcouncil.org/fw/program/2020addendum>.

FOR FURTHER INFORMATION CONTACT: John Shurts, General Counsel, (503) 222-5161, jshurts@nwcouncil.org.

SUPPLEMENTARY INFORMATION: Pursuant to Section 4(h) of the Northwest Power Act, in May 2018 the Council requested in writing that state and federal fish and wildlife agencies, the region's Indian tribes, and other interested parties submit written recommendations for amendments to the Council's 2014 Columbia River Basin Fish and Wildlife Program. In the call for recommendations, the Council recognized the accomplishments of the program over the past 36 years; noted several regional developments that have been influenced by and may, in turn, influence the Council's program; and identified the opportunity presented during this amendment process to concentrate on specific program areas that would allow the program to progress in implementation and reporting on program performance. The Council received 51 sets of recommendations by the December 13, 2018 deadline. The Council then sought

and received public comment on the recommendations as required by Section 4(h)(4) of the Act.

Based on the recommendations, comments and other information, the Council proposed to amend the program by adding an addendum to the current version of the program rather than by wholesale amendments to the program. Thus, in July 2019, the Council released a draft 2020 Addendum to the 2014 Program for public review and comment. The Council took formal public comment on the draft 2020 Program Addendum through October 18, 2019. The Council received 114 written comments, including comments from seven state fish and wildlife agencies and other state and state-supported agencies; 13 Columbia Basin Tribes and tribal organizations; four federal fish and wildlife and other federal agencies; four Bonneville customers, other utilities and utility organizations, other river users and user groups; nine environmental and fishing groups and similar non-governmental organizations; and hundreds of individuals. During this comment period, the Council also held eight public hearings, one large-group technical consultation relating to the topics in Part I of the draft Addendum, and engaged in a number of consultations, particularly with state and federal fish and wildlife agencies and tribes, individually and in groups.

One set of comments particularly from state fish and wildlife agencies and Indian tribes asked the Council not to adopt Part I of the 2020 Addendum, concerning Program Performance, on the Council's expected schedule, that is, by January 2020, and instead engage in further collaborative efforts on the topics covered in that part. The Council made a formal decision at its regular monthly meeting in December 2019 to extend the time for acting on the recommendations relevant to Program Performance and finalizing Part I of the 2020 Addendum.

The Council then proceeded on schedule to finalize Part II of the 2020 Addendum on Program Implementation at its regular January 2020 Council meeting. The Council completed the process with regard to Part II of the 2020 Addendum by adopting in March 2020 as part of the program a document containing findings on relevant program amendment recommendations and responses to comments.

With regard to Part I of the 2020 Addendum, the Council engaged in a further public process, including hosting eight workshops from January through April 2020. The discussions at the workshops addressed technical

comments received on the draft, as well as some of the policy issues that had been identified during the previous public comment period. Following the workshops, the Council revised its draft of Part I of the 2020 Addendum and released the revised draft for public review and comment in May 2020. Public comment of the revised draft of Part I concluded on June 22, 2020. The Council received twenty-two sets of comments on the revised draft of Part I from state and state supported agencies, tribes and tribal organizations, one federal agency, environmental groups, one customer group, and a few individuals. The Council also held a public hearing via webinar and teleconference on June 15, 2020 that was advertised in Idaho, Montana, Washington and Oregon.

The Council then adopted the final version of Part I of the 2020 Addendum at its regularly scheduled August 2020 meeting, completing the Council's work on the text of the 2020 Addendum. The Council completed the program amendment process by adopting, at its regularly scheduled meeting in October 2020, as part of the program a document containing findings on program amendment recommendations and responses to comments relevant to Part I. Following the adoption of Part I by the Council, the Council knit together into one final document the pieces of the 2020 Addendum.

The Council decided on final program amendments after consideration of the original program amendment recommendations, supporting documents and information that came with the recommendations, comments offered on the recommendations, comments submitted on the original draft program addendum as well as information and comments received by the Council during the extended workshop and public review of draft Part I and then on the revised draft of Part I, and other views and information obtained through public comment and discussions with state and federal fish and wildlife agencies, tribes, Bonneville, other federal agencies, Bonneville customers, and others.
