

505, 2 percent of Federal-aid highway funds in certain categories that are apportioned to the States are set aside to be used only for State Planning and Research (SPR). At least 25 percent of the SPR funds apportioned annually must be used for research, development, and technology transfer activities. In accordance with government-wide grant management procedures, a grant application must be submitted for these funds. In addition, recipients must submit periodic progress and financial reports. In lieu of Standard Form 424, Application for Federal Assistance, the FHWA uses a work program as the grant application. The information contained in the work program includes task descriptions, assignments of responsibility for conducting the work effort, and estimated costs for the tasks. This information is necessary to determine how FHWA planning and research funds will be utilized by the State Transportation Departments and if the proposed work is eligible for Federal participation. The content and frequency of submission of progress and financial reports specified in 23 CFR Part 420 are specified in OMB Circular A-102 and the companion common grant management regulations.

Respondents: 52 State Transportation Departments, including the District of Columbia and Puerto Rico.

Frequency: Annual.

Estimated Average Annual Burden per Response: 560 hours per respondent.

Estimated Total Annual Burden Hours: 29,120 hours.

Authority: The Paperwork Reduction Act of 1995; 44 U.S.C. Chapter 35, as amended; and 49 CFR 1.48.

Issued on: March 26, 2014.

SUPPLEMENTARY INFORMATION:

Title: Certification of Enforcement of the Heavy Vehicle Use Tax.

OMB Control #: 2125-0541.

Background: Title 23 United States Code, Section 141(c), provides that a State's apportionment of funds under 23 U.S.C. 104(b)(1) shall be reduced in an amount up to 8 percent of the amount to be apportioned during any fiscal year beginning after September 30, 1984, if vehicles subject to the Federal heavy vehicle use tax are lawfully registered in the State without having presented proof of payment of the tax. The annual certification by the State Governor or designated official regarding the collection of the heavy vehicle use tax serves as the FHWA's primary means of determining State compliance. The FHWA has determined that an annual certification of compliance by each State is the least obtrusive means of administering the provisions of the

legislative mandate. In addition, States are required to retain for 1 year a Schedule 1, IRS Form 2290, Heavy Vehicle Use Tax Return (or other suitable alternative provided by regulation). The FHWA conducts compliance reviews at least once every 3 years to determine if the annual certification is adequate to ensure effective administration of 23 U.S.C. 141(c).

The estimated annual reporting burden is 102 hours; the estimated recordkeeping burden is 510 hours for a total of 612 hours. The 50 States and the District of Columbia share this burden. Preparing and processing the annual certification is estimated to require 2 hours per State. Recordkeeping is estimated to require an average of 10 hours per State.

Respondents: 50 State Transportation Departments, and the District of Columbia for a total of 51 respondents.

Frequency: Annually.

Estimated Average Annual Burden per Response: The average burden to submit the certification and to retain required records is 12 hours per respondent.

Estimated Total Annual Burden Hours: Total estimated average annual burden is 612 hours.

Authority: The Paperwork Reduction Act of 1995; 44 U.S.C. Chapter 35, as amended; and 49 CFR 1.48.

Issued On: March 26, 2014.

SUPPLEMENTARY INFORMATION:

Title: Request Forms for Fund Transfers to Other Agencies and Among Title 23 Programs.

OMB Control Number: 2125-0620.

Background: Sections 1108, 1119(b), 1935, and 1936 of Public Law 109-59, the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU) expanded the transferability of funds to other agencies and among programs. This notice establishes requirements for initiating the transferring of apportioned and allocated funds between entities and between projects and programs to carry out these provisions of law. The types of transfers affected by this notice are:

- a. Transfer of funds from a State to the FHWA pursuant to U.S.C. Title 23, § 104(k)(3);
 - b. Transfer of funds from a State to a Federal Agency other than FHWA;
 - c. Transfer of funds from a State to another State;
 - d. Transfer of funds from Federal Transit Administration to FHWA;
 - e. Transfer of funds between programs; and,
 - f. Transfer of funds between projects.
- The party initiating the fund transfer must fill out a FHWA transfer request

form. Information required to fill out a transfer form will include the requester's contact information; a description of the program/project the transfer will come from and go to, the fiscal year, the program code, a demo ID or an urban area when applicable, and the amount to be transferred. The form must be approved by the applicable State Department of Transportation and concurred on by the correlating FHWA Division Office.

Respondents: 50 State Transportation Departments, the District of Columbia, and Puerto Rico.

Frequency: As Needed.

Estimated Average Burden per

Response: 30 minutes.

Estimated Total Annual Burden

Hours: It is estimated that a total of 600 responses will be received annually, which would equal a total annual burden of 300 hours.

Authority: The Paperwork Reduction Act of 1995; 44 U.S.C. Chapter 35, as amended; and 49 CFR 1.48.

Issued On: March 26, 2014.

SUPPLEMENTARY INFORMATION:

Title: Surface Transportation Environment and Planning (STEP) Cooperative Research Program.

Background: Section 5207 of the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users of 2005 (SAFETEA-LU) established a new cooperative research program for environment and planning research in section 507 of Title 23, United States Code, Highways (23 U.S.C. 507). The general objective of the STEP is to improve understanding of the complex relationship between surface transportation, planning, and the environment. The FHWA anticipates that the STEP program will provide resources for national research on issues related to planning, environment and realty. These resources are likely to be included in future surface transportation legislation. The research program established under this section shall ensure that stakeholders are involved in the governance of the program, at the executive, overall program, and technical levels, through the use of expert panels and committees. FHWA will be collecting feedback via a STEP Web site on the 18 emphasis areas. This information will be used to identify potential research for an annual Research Plan. The number of stakeholders with an interest in environment and planning research includes three groups:

I—Federal Agencies and Tribal Governments

II—State and Local Governments

III—Non-governmental Transportation and Environmental Stakeholders
