BILLING CODE 4510-26-P

DEPARTMENT OF LABOR

Office of Workers' Compensation Programs

[OMB Control Nuo. 1240-0004]

Proposed Extension of Information Collection; Carrier's Report of Issuance of Policy

AGENCY: Office of Workers' Compensation Programs, Labor.

ACTION: Request for public comments.

SUMMARY: The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden, conducts a pre-clearance request for comment to provide the general public and Federal agencies with an opportunity to comment on proposed collections of information in accordance with the Paperwork Reduction Act of 1995. This request helps to ensure that: requested data can be provided in the desired format; reporting burden (time and financial resources) is minimized; collection instruments are clearly understood; and the impact of collection requirements on respondents can be properly assessed. Currently, the OWCP is soliciting comments on the information collection for the Carrier's Report of Issuance of Policy, LS-570.

DATES: All comments must be received on or before May 23, 2025.

ADDRESSES: You may submit comment as follows. Please note that late, untimely filed comments will not be considered.

Electronic Submissions: Submit electronic comments in the following way:

- *Federal eRulemaking Portal:* <https://www.regulations.gov>. Follow the instructions for submitting comments for [OWCP-2025-XXXX]. Comments submitted electronically, including attachments, to <https://www.regulations.gov> will be posted to the docket, with no changes. Because your comment will be made public, you are responsible for ensuring that your comment does not include any confidential information that you or a third party may not wish to be posted, such as your or anyone else's Social Security number or confidential business information.

- If your comment includes confidential information that you do not

wish to be made available to the public, submit the comment as a written/paper submission.

Written/Paper Submissions: Submit written/paper submissions in the following way:

- *Mail/Hand Delivery:* Mail or visit DOL-OWCP, Division of Longshore and Harbor Workers' Compensation, 200 Constitution Ave. NW, Room S-3323, Washington, DC 20210.

- OWCP/LHWC will post your comment as well as any attachments, except for information submitted and marked as confidential, in the docket at <https://www.regulations.gov>.

FOR FURTHER INFORMATION CONTACT:

Anjanette Suggs, Office of Workers' Compensation Programs at (202) 354-9660 (phone) or suggs.anjanette@dol.gov (email).

SUPPLEMENTARY INFORMATION:

I. Background

The Division of Longshore and Harbor Workers' Compensation (LHWC) administers the Longshore and Harbor Workers' Compensation Act. The Act provides benefits to workers injured in maritime employment on the navigable waters of the United States or in an adjoining area customarily used by an employer in loading, unloading, repairing, or building a vessel. In addition, several acts extend the Longshore Act's coverage to certain other employees.

Authorized insurance carriers are required to report the issuance of policies and endorsements under the Longshore and Harbor Workers' Compensation Act and its extensions, the Defense Base Act, Outer Continental Shelf Lands Act and Non-Appropriated Fund Instrumentalities Act, to the Department of Labor's Office of Workers' Compensation Programs (OWCP). 20 CFR 703.116. Carriers use the form LS-570 for this purpose. Filing the form LS-570 with OWCP's Division of Federal Employees', Longshore and Harbor Workers' Compensation binds the carrier to full liability for the named employer's obligations under the Act or its extensions. Legal authority for this information collection is found at 33 U.S.C. 932(a) and 33 U.S.C. 939.

Regulatory authority is found at 20 CFR 703.116 and 20 CFR 703.118.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless the OMB under the PRA approves it and displays a currently valid OMB Control Number. In addition, notwithstanding any other

provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6.

II. Desired Focus of Comments

OWCP/DLHWC is soliciting comments concerning the proposed information collection related to the Request for Employment Information. OWCP/DLHWC is particularly interested in comments that:

- Evaluate whether the collection of information is necessary for the proper performance of the functions of the Agency, including whether the information has practical utility;

- Evaluate the accuracy of OWCP/C's estimate of the burden related to the information collection, including the validity of the methodology and assumptions used in the estimate;

- Suggest methods to enhance the quality, utility, and clarity of the information to be collected; and

- Minimize the burden of the information collection on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Documents related to this information collection request are available at <https://regulations.gov> and at DOL-OWCP located at 200 Constitution Ave. NW, Room S-3323, Washington, DC 20210. Questions about the information collection requirements may be directed to the person listed in the **FOR FURTHER INFORMATION CONTACT** section of this notice.

III. Current Actions

This information collection request concerns the Carrier's Report of Issuance of Policy (LS-570). OWCP has updated the data with respect to the number of respondents, responses, burden hours, and burden costs supporting this information collection request from the previous information collection request.

Type of Review: Extension without change of currently approved collection.

Agency: Office of Workers' Compensation Programs.

OMB Number: 1240-0004.

Affected Public: Private Sector.

Number of Respondents: 400.

Number of Responses: 1,500.

Annual Burden Hours: 25.

Annual Respondent or Recordkeeping Cost: \$24.98.

OWCP Form: DLHWC Form, Report of Issuance of Policy.

Comments submitted in response to this notice will be summarized in the request for Office of Management and Budget approval of the proposed information collection request; they will become a matter of public record and will be available at <https://www.reginfo.gov>.

(Authority: 44 U.S.C. 3506(c)(2)(A))

Anjanette Suggs,
Certifying Officer.

BILLING CODE 4510-CF-P

NUCLEAR REGULATORY COMMISSION

[Docket Nos. 72-29, 50-277, and 50-278; NRC-2025-0033]

Constellation Energy Generation, LLC; Peach Bottom Atomic Power Station Units 2 and 3; Independent Spent Fuel Storage Installation; Exemption

AGENCY: Nuclear Regulatory Commission.

ACTION: Notice; issuance.

SUMMARY: The U.S. Nuclear Regulatory Commission (NRC) issued an exemption to Constellation Energy Generation, LLC, permitting Peach Bottom Atomic Power Station (PB) Units 2 and 3 to use the Holtec HI-STORM Flood/Wind (FW) Multi-Purpose Canister (MPC) Storage System, including the use of the HI-TRAC VW transfer cask during loading and transport operations, at the PB independent spent fuel storage installation, for seven 89 multi-purpose canisters, in a near-term loading campaign beginning in June 2025, where the terms, conditions, and specifications in Certificate of Compliance No. 1032, Amendment No. 1, Revision No. 1, are not met.

DATES: The exemption was issued on March 6, 2025.

ADDRESSES: Please refer to Docket ID NRC-2025-0033 when contacting the NRC about the availability of information regarding this document. You may obtain publicly available information related to this document using any of the following methods:

- *Federal Rulemaking Website:* Go to <https://www.regulations.gov> and search for Docket ID NRC-2025-0033. Address questions about Docket IDs in *Regulations.gov* to Bridget Curran; telephone: 301-415-1003; email: Bridget.Curran@nrc.gov. For technical questions, contact the individual listed in the **FOR FURTHER INFORMATION CONTACT** section of this document.

- *NRC's Agencywide Documents Access and Management System*

(ADAMS): You may obtain publicly available documents online in the ADAMS Public Documents collection at <https://www.nrc.gov/reading-rm/adams.html>. To begin the search, select "Begin Web-based ADAMS Search." For problems with ADAMS, please contact the NRC's Public Document Room (PDR) reference staff at 1-800-397-4209, at 301-415-4737, or by email to PDR.Resource@nrc.gov. The ADAMS accession number for each document referenced (if it is available in ADAMS) is provided the first time that it is mentioned in this document.

- *NRC's PDR:* The PDR, where you may examine and order copies of publicly available documents, is open by appointment. To make an appointment to visit the PDR, please send an email to PDR.Resource@nrc.gov or call 1-800-397-4209 or 301-415-4737, between 8 a.m. and 4 p.m. eastern time (ET), Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: Yen-Ju Chen, Office of Nuclear Material Safety and Safeguards, U.S. Nuclear Regulatory Commission, Washington, DC 20555; telephone: 301-415-1018; email: Yen-Ju.Chen@nrc.gov.

SUPPLEMENTARY INFORMATION: The text of the exemption is attached.

Dated: March 19, 2025.

For the Nuclear Regulatory Commission.

Yoria Diaz-Sanabria,

Chief, Storage and Transportation Licensing Branch, Division of Fuel Management, Office of Nuclear Material Safety, and Safeguards.

Attachment—Exemption

Nuclear Regulatory Commission

Docket Nos. 72-29, 50-277, and 50-278

Constellation Energy Generation, LLC; Peach Bottom Atomic Power Station Units 2 and 3; Independent Spent Fuel Storage Installation

I. Background

Constellation Energy Generation, LLC (CEG) is the holder of renewed facility operating license Nos. DPR-44 and DPR-56, which authorize operation of the Peach Bottom Atomic Power Station (PB) Units 2 and 3 in Delta, Pennsylvania, under Title 10 of the *Code of Federal Regulations* (10 CFR) Part 50, "Domestic Licensing of Production and Utilization Facilities." The licenses provide, among other things, that the facility is subject to all rules, regulations, and orders of the U.S. Nuclear Regulatory Commission (NRC) now or hereafter in effect.

Consistent with 10 CFR part 72, subpart K, "General License for Storage of Spent Fuel at Power Reactor Sites,"

a general license is issued for the storage of spent fuel in an independent spent fuel storage installation (ISFSI) at power reactor sites to persons authorized to possess or operate nuclear power reactors under 10 CFR part 50. CEG is authorized to operate nuclear power reactors under 10 CFR part 50 and holds a 10 CFR part 72 general license for storage of spent fuel at the PB ISFSI. Under the terms of the general license, CEG stores spent fuel at its PB ISFSI using the HI-STORM Flood/Wind (FW) Multi-Purpose Canister (MPC) Storage System in accordance with Certificate of Compliance (CoC) No. 1032, Amendment No. 1, Revision No. 1.

II. Request/Action

By a letter dated January 24, 2025 (Agencywide Documents Access and Management System (ADAMS) Accession Number No. ML25024A148), as supplemented on February 4, 2025 (ML25036A335), CEG requested an exemption from the requirements of 10 CFR 72.212(a)(2), 72.212(b)(3), 72.212(b)(5)(i), 72.212(b)(11), and 72.214 that require PB to comply with the terms, conditions, and specifications of CoC No. 1032, Amendment No. 1, Revision No. 1 (ML15152A358). If approved, CEG's exemption request would accordingly allow PB to load seven MPC-89 at the PB ISFSI site in a near-term loading campaign beginning in June 2025, in the HI-STORM FW MPC system, including the use of the HI-TRAC VW transfer cask (HI-TRAC) during loading and transport operations, where the terms, conditions, and specifications in CoC No. 1032, Amendment No. 1, Revision No. 1 are not met.

Before using a CoC, general licensees are required to perform a site-specific evaluation to establish that, once loaded with spent fuel, the cask will conform to the terms, conditions, and specifications of the CoC, including following the NRC-approved final safety analysis report (FSAR) methodology. CEG currently uses the HI-STORM FW MPC Storage System under CoC No. 1032, Amendment No. 1, Revision No. 1, for dry storage of spent nuclear fuel in MPC-89 at the PB ISFSI. The HI-STORM FW MPC Storage System CoC provides the requirements, conditions, and operating limits necessary for use of the system to store spent fuel. One of the operating limits established in the CoC involves potential tornado-generated missile impacts. The HI-STORM FW FSAR table 2.2.5 evaluates a generic set of tornado-generated missile impacts (ML24327A229). CEG discovered that PB's site-specific analysis performed to demonstrate
