

A. Purpose

The Federal Acquisition Streamlining Act (FASA) of 1994, Pub. L. 103-355, provided authorities that streamlined the acquisition process and minimize burdensome Government-unique requirements. Sections 2001 and 2051 of FASA substantially changed the statutory authorities for Government financing of contracts. Sections 2001(f) and 2051(e) provide specific authority for Government financing of purchases of commercial items, and sections 2001(b) and 2051(b) substantially revised the authority for Government financing of purchases of non-commercial items.

Sections 2001(f) and 2051(e) provide specific authority for Government financing of purchases of commercial items. These paragraphs authorize the Government to provide contract financing with certain limitations.

Sections 2001(b) and 2051(b) also amended the authority for Government financing of non-commercial purchases by authorizing financing on the basis of certain classes of measures of performance.

To implement these changes, DOD, NASA, and GSA amended the FAR by revising Subparts 32.0, 32.1, and 32.5; by adding new Subparts 32.2 and 32.10; and by adding new clauses to 52.232.

The coverage enables the Government to provide financing to assist in the performance of contracts for commercial items and provide financing for non-commercial items based on contractor performance.

SUPPLEMENTARY INFORMATION:**A. Purpose**

Part 32 of the FAR and the clause at FAR 52.232-5, Payments Under Fixed-Price Construction Contracts, require that contractors under fixed-price construction contracts certify, for every progress payment request, that payments to subcontractors/ suppliers have been made from previous payments received under the contract and timely payments will be made from the proceeds of the payment covered by the certification, and that this payment request does not include any amount which the contractor intends to withhold from a subcontractor/ supplier. Part 32 of the FAR and the clause at 52.232-27, Prompt Payment for Construction Contracts, further require that contractors on construction contracts—

(a) Notify subcontractors/suppliers of any amounts to be withheld and furnish a copy of the notification to the contracting officer;

(b) Pay interest to subcontractors/ suppliers if payment is not made by 7 days after receipt of payment from the Government, or within 7 days after correction of previously identified deficiencies;

(c) Pay interest to the Government if amounts are withheld from subcontractors/suppliers after the Government has paid the contractor the amounts subsequently withheld, or if the Government has inadvertently paid the contractor for nonconforming performance; and

(d) Include a payment clause in each subcontract which obligates the contractor to pay the subcontractor for satisfactory performance under its subcontract not later than 7 days after such amounts are paid to the contractor, include an interest penalty clause which obligates the contractor to pay the subcontractor an interest penalty if payments are not made in a timely manner, and include a clause requiring each subcontractor to include these clauses in each of its subcontractors and to require each of its subcontractors to

include similar clauses in their subcontracts.

These requirements are imposed by Public Law 100-496, the Prompt Payment Act Amendments of 1988.

Contracting officers will be notified if the contractor withholds amounts from subcontractors/suppliers after the Government has already paid the contractor the amounts withheld. The contracting officer must then charge the contractor interest on the amounts withheld from subcontractors/suppliers. Federal agencies could not comply with the requirements of the law if this information were not collected.
