The exemptions are extended subject to the following conditions: (1) That each individual has a physical examination every year (a) by an ophthalmologist or optometrist who attests that the vision in the better eye continues to meet the standard in 49 CFR 391.41(b)(10), and (b) by a medical examiner who attests that the individual is otherwise physically qualified under 49 CFR 391.41; (2) that each individual provides a copy of the ophthalmologist's or optometrist's report to the medical examiner at the time of the annual medical examination; and (3) that each individual provide a copy of the annual medical certification to the employer for retention in the driver's qualification file and retains a copy of the certification on his/her person while driving for presentation to a duly authorized Federal, State, or local enforcement official. Each exemption will be valid for two years unless rescinded earlier by FMCSA. The exemption will be rescinded if: (1) The person fails to comply with the terms and conditions of the exemption; (2) the exemption has resulted in a lower level

of safety than was maintained before it was granted; or (3) continuation of the exemption would not be consistent with the goals and objectives of 49 U.S.C. 31136(e) and 31315.

Basis for Renewing Exemptions

Under 49 U.S.C. 31315(b)(1), an exemption may be granted for no longer than two years from its approval date and may be renewed upon application for additional two year periods. In accordance with 49 U.S.C. 31136(e) and 31315, each of the 60 applicants has satisfied the entry conditions for obtaining an exemption from the vision requirements (64 FR 54948; 65 FR 159; 67 FR 10475; 69 FR 8260; 71 FR 6824; 73 FR 48275; 67 FR 17102; 69 FR 17267; 71 FR 26601; 65 FR 20245; 66 FR 30502; 66 FR 41654; 68 FR 44837; 70 FR 41811; 72 FR 52422; 66 FR 53826; 66 FR 66966; 68 FR 69434; 70 FR 74102; 69 FR 26921; 67 FR 10471; 67 FR 19798; 69 FR 19611; 71 FR 26601; 73 FR 43819; 67 FR 15662; 67 FR 37907; 69 FR 26206; 69 FR 26221; 71 FR 27033; 67 FR 76439; 68 FR 10298; 71 FR 16410; 68 FR 61857; 68 FR 76715; 71 FR 6825; 73 FR 19928; 71 FR 646; 68 FR 74699; 68 FR 10503; 71 FR 6829; 69 FR 17263; 69 FR 31447; 70 FR 48797; 70 FR 61493; 70 FR 57353; 70 FR 72689; 71 FR 4194; 71 FR 13450; 71 FR 5105; 71 FR 19600; 71 FR 6826; 71 FR 19602; 71 FR 14566; 71 FR 30227; 71 FR 32183; 71 FR 41310; 72 FR 180; 72 FR 9397; 73 FR 15567; 73 FR 27015). Each of these 60 applicants has requested renewal of the exemption and has submitted evidence showing that the vision in the better eye continues to meet the standard specified at 49 CFR 391.41(b)(10) and that the vision impairment is stable. In addition, a review of each record of safety while driving with the respective vision deficiencies over the past two years indicates each applicant continues to meet the vision exemption standards. These factors provide an adequate basis for predicting each driver's ability to continue to drive safely in interstate commerce. Therefore, FMCSA concludes that extending the exemption for each renewal applicant for a period of two years is likely to achieve a level of safety equal to that existing without the exemption.

Request for Comments

FMCSA will review comments received at any time concerning a particular driver's safety record and determine if the continuation of the exemption is consistent with the requirements at 49 U.S.C. 31136(e) and 31315. However, FMCSA requests that interested parties with specific data concerning the safety records of these

drivers submit comments by July 28, 2010.

FMCSA believes that the requirements for a renewal of an exemption under 49 U.S.C. 31136(e) and 31315 can be satisfied by initially granting the renewal and then requesting and evaluating, if needed, subsequent comments submitted by interested parties. As indicated above, the Agency previously published Notices of final disposition announcing its decision to exempt these 60 individuals from the vision requirement in 49 CFR 391.41(b)(10). The final decision to grant an exemption to each of these individuals was made on the merits of each case and made only after careful consideration of the comments received to its Notices of applications. The Notices of applications stated in detail the qualifications, experience, and medical condition of each applicant for an exemption from the vision requirements. That information is available by consulting the above cited **Federal Register** publications.

Interested parties or organizations possessing information that would otherwise show that any, or all, of these drivers are not currently achieving the statutory level of safety should immediately notify FMCSA. The Agency will evaluate any adverse evidence submitted and, if safety is being compromised or if continuation of the exemption would not be consistent with the goals and objectives of 49 U.S.C. 31136(e) and 31315, FMCSA will take immediate steps to revoke the exemption of a driver.

Qualification of Drivers; Exemption Renewals; Vision

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Notice of final disposition.

SUMMARY: FMCSA previously announced its decision to renew the exemptions from the vision requirement

in the Federal Motor Carrier Safety Regulations for 29 individuals. FMCSA has statutory authority to exempt individuals from the vision requirement if the exemptions granted will not compromise safety. The Agency has concluded that granting these exemptions will provide a level of safety that will be equivalent to, or greater than, the level of safety maintained without the exemptions for these commercial motor vehicle (CMV) drivers.

FOR FURTHER INFORMATION CONTACT: Dr. Mary D. Gunnels, Director, Medical Programs, (202) 366-4001, fmcsamedical@dot.gov, FMCSA, Department of Transportation, 1200 New Jersey Avenue, SE., Room W64-224, Washington, DC 20590-0001. Office hours are from 8:30 a.m. to 5 p.m. Monday through Friday, except Federal holidays.

SUPPLEMENTARY INFORMATION:

Background

Under 49 U.S.C. 31136(e) and 31315, FMCSA may grant an exemption for a 2-year period if it finds "such exemption would likely achieve a level of safety that is equivalent to, or greater than, the level that would be achieved absent such exemption." The statute also allows the Agency to renew exemptions at the end of the 2-year period. The comment period ended on May 17, 2010 (75 FR 19674).

Discussion of Comments

FMCSA received one comment in this proceeding. The comment is considered and discussed below. An anonymous individual stated that he feels the Agency is negligent and lets drivers who can't see get by with unsafe regulations. The individual feels that standards need to be instituted to guide the medical doctors.

In regard to this comment, to evaluate the effect of these exemptions on safety, FMCSA considered not only the medical reports about the applicants' vision, but also their driving records and experience with the vision deficiency. To qualify for an exemption from the vision standard, FMCSA requires a person to present verifiable evidence that he or she has driven a commercial vehicle safely with the vision deficiency for 3 years. Recent driving performance is especially important in evaluating future safety, according to several research studies designed to correlate past and future driving performance. Results of these studies support the principle that the best predictor of future performance by a driver is his/her past record of crashes

and traffic violations. Copies of the studies may be found at Docket Number FMCSA-1998-3637. FMCSA also relies on the medical physician examining the driver to determine if the individual has sufficient vision to perform the tasks necessary to operate a commercial vehicle safely.

Conclusion

The Agency has not received any adverse evidence on any of these drivers that indicates that safety is being compromised. Based upon its evaluation of the 29 renewal applications, FMCSA renews the Federal vision exemptions for Gerald L. Anderson, Leo G. Becker, Timothy W. Bickford, Stanley W. Davis, Ray L. Emert, Sean O. Feeny, Steven R. Felks, Marvin T. Fowler, Michael J. Frein, Jimmy G. Hall, Hazel L. Hopkins, Jr., Dennis R. Irvin, Mark L. LeBlanc, David A. Miller, Rick P. Moreno, Paul D. Schnautz, Steve J. Sherar, Robert F. Skinner, Jr., William T. Smiley, Richard M. Smith, Robert A. Stoeckle, David N. Stubbs, Edward J. Sullivan, Aaron S. Taylor, Martin L. Taylor, Gary R. Thomas, William B. Thomas, Michael J. Tisher and Kevin R. White.

In accordance with 49 U.S.C. 31136(e) and 31315, each renewal exemption will be valid for 2 years unless revoked earlier by FMCSA. The exemption will be revoked if: (1) The person fails to comply with the terms and conditions of the exemption; (2) the exemption has resulted in a lower level of safety than was maintained before it was granted; or (3) continuation of the exemption would not be consistent with the goals and objectives of 49 U.S.C. 31136 and 31315.
