Rural Housing Service

Notice of Funds Availability Section 538 Multi-Family Housing Guaranteed Rural Rental Housing Program (GRRHP)—Demonstration Program for Fiscal Year 2008

AGENCY: Rural Housing Service, USDA.

ACTION: Notice.

SUMMARY: Through this Notice of Funds Availability (NOFA), in conjunction with the GRRHP 2007 Notice, published February 26, 2007, Volume 72 FR, 8339-8346 and the GRRHP 2008 Notice, published February 4, 2008, Volume 73 FR, 6469-6477, the Agency announces the implementation of a demonstration program under the section 538 Guaranteed Rural Rental Housing Program (GRRHP) pursuant to 7 CFR 3565.4 for Fiscal Year (FY) 2008 and 7 CFR 3565.17 demonstration programs. The Demonstration Program's purpose is to test the viability and efficacy of the concept of a continuous loan note guarantee through the construction and permanent loan financing phases of a project. Those applications that meet the Demonstration Program's qualifying criteria and are selected to participate will be offered one loan note guarantee upon closing of the construction loan that will be in effect throughout both of the project's construction and permanent phases without interruption.

The funding for the Demonstration Program will be approximately 10 percent of the FY 2008 appropriation. Expenses incurred in developing applications will be at the applicant's risk. The following paragraphs outline the timeframes, eligibility requirements, lender responsibilities, and the overall response and application processes.

Eligible Lenders wishing to have their FY 2008 obligations considered for the

Demonstration Program must send a signed request on its letterhead with the proposed project details as outlined in the "Demonstration Program Response Submission Address" section of this Notice.

Demonstration Program Guidelines

The following guidelines are being provided to facilitate a structured implementation of the program:

1. **Demonstration guarantee.** The Demonstration guarantee is a guarantee that will be offered to lenders who submit applications in response to the 2008 Demonstration Notice's demonstration program's qualifying criteria. The Demonstration guarantee will consist of one loan note guarantee that will be issued upon closing of the construction loan and will be in effect throughout both of the project's construction and permanent financing phases without interruption.

2. Upon approval of an application from an approved lender, the Agency will commit to providing a demonstration guarantee for the construction and permanent financing phases of the project, subject to the availability of funds.

3. **Guarantee percentage and payment.** Both construction loan advances and permanent loans are eligible for a guarantee subject to the following limitations:

Construction loan advances and permanent loans. The Agency may guarantee a construction contract which has credit enhancements to protect the Government's interest. The Agency can guarantee the "construction and permanent" financing phases of a project. The Agency cannot, however, guarantee only the "construction" financing phase of a project. Guarantees under the demonstration guarantee will cover construction loan advances and the subsequent permanent loan. The maximum guarantee of construction advances will not at any time exceed the lesser of 90 percent of the amount of principal and interest up to default advanced for eligible uses of loan proceeds or 90 percent of the original principal amount and interest up to default of a loan. Penalties incurred as a result of default are not covered by the guarantee. The Agency may provide a lesser guarantee based upon its evaluation of the credit quality of the loan.

4. A lender making a construction loan must demonstrate an ability to originate and service construction loans.

5. **Guarantee during construction.** The Agency will issue a demonstration guarantee only to an approved lender.

6. **Demonstration guarantee program compliance requirement.** For a demonstration guarantee, the following items will have to be submitted in order to remain compliant with program
