

SUPPLEMENTARY INFORMATION: EPA has submitted the following ICR to OMB for review and approval according to the procedures prescribed in 5 CFR 1320.12. On May 25, 2004 (69 FR 29718), EPA sought comments on this ICR pursuant to 5 CFR 1320.8(d). EPA received no comments.

EPA has established a public docket for this ICR under Docket ID No. OECA-2004-0008, which is available for public viewing at the Enforcement and Compliance Docket and Information Center in the EPA Docket Center (EPA/DC), EPA West, Room B102, 1301 Constitution Ave., NW., Washington, DC. The EPA Docket Center Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Reading Room is (202) 566-1744, and the telephone number for the Enforcement and Compliance Docket and Information Center is: (202) 566-1752. An electronic version of the public docket is available through EPA Dockets (EDOCKET) at <http://www.epa.gov/edocket>. Use EDOCKET to submit or view public comments, access the index listing of the contents of the public docket, and to access those documents in the public docket that are available electronically. When in the system, select "search," then key in the docket ID number identified above.

Any comments related to this ICR should be submitted to EPA and OMB within 30 days of this notice. EPA's policy is that public comments, whether submitted electronically or in paper, will be made available for public viewing in EDOCKET as EPA receives them and without change, unless the comment contains copyrighted material, CBI, or other information whose public disclosure is restricted by statute. When EPA identifies a comment containing copyrighted material, EPA will provide a reference to that material in the version of the comment that is placed in EDOCKET. The entire printed comment, including the copyrighted material, will be available in the public docket. Although identified as an item in the official docket, information claimed as CBI, or whose disclosure is otherwise restricted by statute, is not included in the official public docket, and will not be available for public viewing in EDOCKET. For further information about the electronic docket, see EPA's **Federal Register** notice describing the electronic docket at 67 FR 38102 (May 31, 2002), or go to <http://www.epa.gov/edocket>.

Title: NESHAP for Solvent Extraction for Vegetable Oil Production (Renewal).

Abstract: The National Emission Standards for Hazardous Air Pollutants

(NESHAP) for Solvent Extraction for Vegetable Oil Production were proposed on May 26, 2000 (65 FR 34252), and promulgated on April 21, 2001. These standards apply to any existing, reconstructed, or new vegetable oil production process, which is defined as a group of continuous process equipment used to remove an oil from oilseeds through direct contact with an organic solvent such as n-hexane. The term "oilseed" refers to the following agricultural products: corn germ, cottonseed, flax, peanut, rapeseed (source of canola oil), safflower, soybean, and sunflower. A vegetable oil production process is only subject to the regulation if it is a major source of hazardous air pollutant (HAP) emissions, or is collocated with other sources that are individually or collectively a major source of HAP emissions.

Notification reports are required upon the construction, reconstruction, or modification of any vegetable oil production processor. Also required is one-time-only initial notification for existing, new and reconstructed sources, and notification of an actual startup date. Annual compliance reports are required, along with a deviation report, an immediate SSM report, and a periodic startup, shutdown, and malfunction report. Affected entities must retain reports and records for five years.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB Control Number. The OMB Control Numbers for EPA's regulations are listed in 40 CFR part 9 and 48 CFR chapter 15, and are identified on the form and/or instrument, if applicable.

Burden Statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to average 185 hours per response. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of

information; and transmit or otherwise disclose the information.

Respondents/Affected Entities: Owner or operator of vegetable oil production processors.

Estimated Number of Respondents: 101.

Frequency of Response: Initially, annually, on occasion.

Estimated Total Annual Hour Burden: 39,385 hours.

Estimated Total Annual Costs: \$2,512,947, which includes \$0 annualized capital/startup costs, \$0 annual O&M costs and \$2,512,947 Annual Respondent Labor Costs.

Changes in the Estimates: There is an increase of 29,293 hours in the total estimated burden currently identified in the OMB Inventory of Approved ICR Burdens. This increase in the burden from the most recently approved ICR is due to an increase in the number of new sources per year, by averaging the number of respondents over the three-year period of the ICR.

Dated: December 20, 2004.

Oscar Morales,

Director, Collection Strategies Division.

Agency Information Collection Activities; Submission to OMB for Review and Approval; Comment Request; Pollution Prevention Compliance Alternative; Transportation Equipment Cleaning (TEC) Point Source Category (Renewal), EPA ICR Number 2018.02, OMB Control Number 2040-0235

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*), this document announces that an Information Collection Request (ICR) has been forwarded to the Office of Management and Budget (OMB) for review and approval. This is a request to renew an existing approved collection. This ICR is scheduled to expire on January 31, 2005. Under OMB regulations, the Agency may continue to conduct or sponsor the collection of information while this submission is pending at OMB. This ICR describes the nature of the information collection and its estimated burden and cost.

DATES: Additional comments may be submitted on or before February 9, 2005.

ADDRESSES: Submit your comments, referencing docket ID number OW-2004-0029, to (1) EPA online using EDOCKET (our preferred method), by e-mail to OW-Docket@epa.gov, or by mail to: EPA Docket Center, Environmental Protection Agency, Water Docket, Mail Code 4101T, 1200 Pennsylvania Ave., NW., Washington, DC 20460, and (2) OMB at: Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), Attention: Desk Officer for EPA, 725 17th Street, NW., Washington, DC 20503.

FOR FURTHER INFORMATION CONTACT: Jack Faulk, Office of Wastewater Management, Mail Code 4203M, Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460; telephone number: 202-564-0768; fax number: 202-564-6431; e-mail address: faulk.jack@epa.gov.

SUPPLEMENTARY INFORMATION: EPA has submitted the following ICR to OMB for review and approval according to the procedures prescribed in 5 CFR 1320.12. On August 30, 2004 (69 FR 52883), EPA sought comments on this ICR pursuant to 5 CFR 1320.8(d). EPA received no comments.

EPA has established a public docket for this ICR under Docket ID No. OW-2004-0029, which is available for public viewing at the Water Docket in the EPA Docket Center (EPA/DC), EPA West, Room B102, 1301 Constitution Ave., NW., Washington, DC. The EPA Docket Center Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Reading Room is (202) 566-1744, and the telephone number for the Water Docket is (202) 566-2426. An electronic version of the public docket is available through EPA Dockets (EDOCKET) at <http://www.epa.gov/edocket>. Use EDOCKET to submit or view public comments, access the index listing of the contents of the public docket, and to access those documents in the public docket that are available electronically. Once in the system, select "search," then key in the docket ID number identified above.

Any comments related to this ICR should be submitted to EPA and OMB within 30 days of this notice. EPA's policy is that public comments, whether submitted electronically or in paper, will be made available for public viewing in EDOCKET as EPA receives them and without change, unless the comment contains copyrighted material, CBI, or other information whose public disclosure is restricted by statute. When EPA identifies a comment containing

copyrighted material, EPA will provide a reference to that material in the version of the comment that is placed in EDOCKET. The entire printed comment, including the copyrighted material, will be available in the public docket. Although identified as an item in the official docket, information claimed as CBI, or whose disclosure is otherwise restricted by statute, is not included in the official public docket, and will not be available for public viewing in EDOCKET. For further information about the electronic docket, see EPA's **Federal Register** notice describing the electronic docket at 67 FR 38102 (May 31, 2002), or go to <http://www.epa.gov/edocket>.

Title: Pollution Prevention Compliance Alternative; Transportation Equipment Cleaning (TEC) Point Source Category (Renewal).

Abstract: EPA issued a final guideline for the TEC point source category on August 14, 2000. This final rule, codified in 40 CFR part 442, included a regulatory compliance option which allows certain facilities to develop a Pollutant Management Plan (PMP) in lieu of meeting numeric standards. Facilities have the option to develop this plan if it would be more beneficial compliance alternative. The PMP is only available for Pretreatment Standards for Existing Sources and Pretreatment Standards for New Sources in subparts A and B of the TEC regulation, representing a potential 336 facilities.

The PMP includes requirements for recordkeeping and paperwork that were not previously included in the burden estimate for the TEC industry. This ICR presents estimates of the burden hours and costs to the regulated community and pretreatment authorities for data collection and recordkeeping associated with implementing the pollution prevention compliance option.

The PMP is an effective alternative method of reducing pollutant discharges from indirect dischargers in subparts A and B (facilities that clean tank trucks, intermodal tank containers, and rail tank cars transporting chemical and petroleum cargos). The PMP contains 10 components that must be considered and addressed when developing the Plan. These components require facilities to identify and segregate incompatible waste streams which may include heels, prerinse or prestream wastewater, and spent cleaning solutions from wastewater discharged to a publicly owned treatment works (POTW). The PMP also requires provisions for recycling or reuse of incompatible waste streams and for minimizing the use of toxic cleaning agents. Data collection and

recordkeeping requirements under the pollution prevention compliance option include preparing the PMP and maintaining records to demonstrate compliance with the procedures and provisions of the PMP. Records will be stored on site, and there are no reporting requirements.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations in 40 CFR are listed in 40 CFR part 9 and are identified on the form and/or instrument, if applicable.

Burden Statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to average 240 hours per new respondent per year and 209 hours per existing respondent per year. Pretreatment control authority burden is estimated to average 5 hours per respondent per year. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Respondents/Affected Entities: Indirect discharge facilities from 40 CFR part 442, subparts A and B (facilities that clean tank trucks, intermodal tank containers, and rail tank cars transporting chemical and petroleum cargos), that choose the pollution prevention compliance option to reduce pollutant discharges.

Estimated Number of Respondents: 183.

Frequency of Response: Varies.

Estimated Total Annual Hour Burden: 17,869 hours.

Estimated Total Annual Cost: \$559,000, includes \$0 annualized capital or O&M costs.

Changes in the Estimates: There is a decrease of 1,275 hours in the total estimated burden currently identified in the OMB Inventory of Approved ICR Burdens. This decrease is the result of adjustments to the numbers of new facilities covered by these requirements.

Dated: December 20, 2004.

Reporting and Recordkeeping Requirements under EPA's Lead Safety Partnership (LSP) Pilot Program; Request for Comment on New Information Collection Activity

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act (PRA) (44 U.S.C. 3501 *et seq.*) EPA is seeking public comment and information on the following Information Collection Request (ICR): Reporting and Recordkeeping Requirements under EPA's Lead Safety Partnership (LSP) Pilot Program (EPA ICR No. 2172.01, OMB Control No. 2070-TBD). This ICR involves a proposed new collection activity not currently approved by the Office of Management and Budget (OMB). The information collected under this ICR relates to identifying and encouraging the use of lead-safe work practices (LSWP) among contractors and homeowners, thereby helping to protect the environment and public health from risks associated with lead-based paint in residential facilities. The ICR describes the nature of the information collection activity and its expected burden and costs. Before submitting this ICR to OMB for review and approval under the PRA, EPA is soliciting comments on specific aspects of the collection.

DATES: Written comments, identified by the docket identification (ID) number OPPT-2004-0127, must be received on or before March 11, 2005.

ADDRESSES: Comments may be submitted electronically, by mail, or through hand delivery/courier. Follow the detailed instructions as provided in Unit I. of the **SUPPLEMENTARY INFORMATION**.

FOR FURTHER INFORMATION CONTACT: For general information contact: Colby Lintner, Regulatory Coordinator, Environmental Assistance Division (7408M), Office of Pollution Prevention and Toxics, Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460-0001; telephone number: (202) 554-1404; e-mail address: TSCA-Hotline@epa.gov.

For technical information contact: Dave Topping, National Program Chemicals Division (7404T), Office of Pollution Prevention and Toxics, Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460-0001; telephone number: (202) 566-1974; fax number: (202) 566-0471; e-mail address: topping.dave@epa.gov.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this Action Apply to Me?

You may be potentially affected by this action if you are a company or individual primarily engaged in renovation, remodeling, and repair, including general contractors such as painters, plumbers, electricians, and other trades, in housing properties built before 1978. Potentially affected entities may include, but are not limited to:

- Residential remodelers (NAICS 236118), e.g., addition, alteration and renovation of buildings, fire and flood restoration, handyman construction service, home improvement, home renovation, and remodeling and renovating general contractors, etc.
- Specialty trade contractors (NAICS 238), e.g., painting and wall covering contractors, electrical contractors, and plumbing contractors, etc.
- Architectural services (NAICS 541310), e.g., architectural private practices, consultants' offices and design services, etc.
- Paint and coating manufacturing (NAICS 325510), e.g., enamel paints manufacturing, lacquers manufacturing, latex paint (i.e., water based) manufacturing, polyurethane coatings manufacturing, wood fillers manufacturing, etc.
- Other construction material merchant wholesalers (NAICS 423390), e.g., building materials merchant wholesalers, etc.
- Plumbing and heating equipment and supplies merchant wholesalers (NAICS 423720), e.g., plumbing supply wholesalers, etc.
- Building material and supplies dealers (NAICS 4441), e.g., paint and wallpaper stores, hardware retailers, plumbing supply stores, building materials supply dealers, etc.
- Lessors of residential buildings and dwellings (NAICS 531110), e.g., building, apartment, rental or leasing, housing authorities operating residential buildings, etc.
- Building inspection services (NAICS 541350), e.g., building inspection services, home inspection services, building or home inspection

bureaus, pre-purchase home inspection services, etc.

- Junior colleges, (NAICS 611210) e.g., community colleges, junior colleges, junior college vocational schools, etc.
- Other miscellaneous ambulatory health care services (NAICS 621999), e.g., health screening services, etc.
- Other community housing services (NAICS 624229), e.g., volunteer housing assistance agencies, volunteer housing repair organizations, transitional housing agencies, volunteer housing repair organizations, work (sweat) equity home construction organizations, etc.
- Business associations (NAICS 813910), e.g., Chambers of Commerce, contractors' and construction associations, etc.
- Administration of housing programs (NAICS 9251), urban planning, and community development, e.g., government housing authorities, government community development agencies, etc.
- Regulation, licensing, and inspection of miscellaneous commercial sectors (NAICS 926150), e.g., government building inspection agencies, etc.

This listing is not intended to be exhaustive, but rather provides a guide for readers regarding entities likely to be affected by this action. Other types of entities not listed in this unit could also be affected. The North American Industrial Classification System (NAICS) codes have been provided to assist you and others in determining whether this action might apply to certain entities. If you have any questions regarding the applicability of this action to a particular entity, consult the technical person listed under **FOR FURTHER INFORMATION CONTACT**.

B. How Can I Get Copies of this Document and Other Related Information?

1. *Docket.* EPA has established an official public docket for this action under docket ID number OPPT-2004-0127. The official public docket consists of the documents specifically referenced in this action, any public comments received, and other information related to this action. Although a part of the official docket, the public docket does not include Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. The official public docket is the collection of materials that is available for public viewing at the EPA Docket Center, Rm. B102-Reading Room, EPA West, 1301 Constitution Ave., NW., Washington, DC. The EPA Docket
