

in writing and mailed to the appropriate address or submitted electronically through the BLM ePlanning project website, as set forth in the **ADDRESSES** section earlier. Protests submitted electronically by any means other than the ePlanning project website will be invalid unless a protest is also submitted as a hard copy. The BLM Director will render a written decision on each protest. The Director's decision shall be the final decision of the Department of the Interior. Responses to valid protest issues will be compiled and documented in a Protest Resolution Report made available following the protest resolution online at: <https://www.blm.gov/programs/planning-and-nepa/public-participation/protest-resolution-reports>. Upon resolution of protests, the BLM will issue a Record of Decision (ROD) and Approved RMP.

Before including your phone number, email address, or other personal identifying information in your protest, you should be aware that your entire protest—including your personal identifying information—may be made publicly available at any time. While you can ask us in your protest to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

(Authority: 40 CFR 1506.6, 40 CFR 1506.10, 43 CFR 1610.2, 43 CFR 1610.5)

Gordon R. Toevs,
Acting State Director.

DEPARTMENT OF THE INTERIOR

National Park Service

[NPS–WASO–NRNHL–DTS#–38140;
PPWOCRADIO, PCU00RP14.R50000]

National Register of Historic Places; Notification of Pending Nominations and Related Actions

AGENCY: National Park Service, Interior.

ACTION: Notice.

SUMMARY: The National Park Service is soliciting electronic comments on the significance of properties nominated before June 8, 2024, for listing or related actions in the National Register of Historic Places.

DATES: Comments should be submitted electronically by July 8, 2024.

ADDRESSES: Comments are encouraged to be submitted electronically to National_Register_Submissions@nps.gov with the subject line “Public Comment on <property or proposed

district name, (County) State>.” If you have no access to email, you may send them via U.S. Postal Service and all other carriers to the National Register of Historic Places, National Park Service, 1849 C Street NW, MS 7228, Washington, DC 20240.

FOR FURTHER INFORMATION CONTACT: Sherry A. Frear, Chief, National Register of Historic Places/National Historic Landmarks Program, 1849 C Street NW, MS 7228, Washington, DC 20240, sherry_frear@nps.gov, 202–913–3763.

SUPPLEMENTARY INFORMATION: The properties listed in this notice are being considered for listing or related actions in the National Register of Historic Places. Nominations for their consideration were received by the National Park Service before June 8, 2024. Pursuant to section 60.13 of 36 CFR part 60, comments are being accepted concerning the significance of the nominated properties under the National Register criteria for evaluation.

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Nominations submitted by State or Tribal Historic Preservation Officers.

BILLING CODE 4312–52–P

DEPARTMENT OF THE INTERIOR

Bureau of Ocean Energy Management

[Docket No. BOEM–2024–0030]

Notice of Availability of a Draft Environmental Assessment for Commercial Wind Lease Issuance, Site Characterization Activities, and Site Assessment Activities on the Atlantic Outer Continental Shelf in the Gulf of Maine offshore the States of Maine and New Hampshire and the Commonwealth of Massachusetts

AGENCY: Bureau of Ocean Energy Management, Interior.

ACTION: Notice of availability and request for comments.

SUMMARY: The Bureau of Ocean Energy Management (BOEM) announces the availability of the draft environmental assessment (EA) for the potential issuance of commercial wind energy leases in the Gulf of Maine offshore the States of Maine and New Hampshire and the Commonwealth of Massachusetts. The draft EA analyzes the potential environmental impacts of the site characterization and site assessment activities that are expected to take place if a commercial lease is issued. This notice of availability (NOA) announces the start of the public review and comment period, as well as the dates and times for public meetings on the draft EA. After BOEM holds the public meetings and addresses public comments submitted during the review period, BOEM will publish a final EA. The EA will inform BOEM's decision about whether it will issue commercial wind energy leases.

DATES: BOEM must receive your comments no later than July 22, 2024. BOEM's virtual public meetings will be held on the following dates and times (Eastern Time) indicated:

- Monday July 8, 2024; 1:00 p.m.
- Wednesday July 10, 2024; 5:00 p.m.

Registration for the virtual public meetings is required and may be completed at <https://www.boem.gov/renewable-energy/state-activities/maine/gulf-maine>. Meeting information will be sent to registrants via their email address provided during registration.

ADDRESSES: The draft EA and detailed information about proposed commercial leases can be found on BOEM's website at: <https://www.boem.gov/renewable-energy/state-activities/maine/gulf-maine>. Comments can be submitted in any of the following ways:

- Orally or in written form during any of the public meetings identified in this NOA.
- In written form by U.S. Postal Service or other delivery service: Send your comments and information to the following address: Bureau of Ocean Energy Management, Office of Renewable Energy Programs, 45600 Woodland Road, Mail Stop VAM–OREP, Sterling, VA 20166.

- Through the regulations.gov web portal: Navigate to <http://www.regulations.gov> and search for Docket No. BOEM–2024–0030. Click on the “Comment” button below the document link. Enter your information and comment, then click “Submit Comment”.

For more information about submitting comments, please see “*Information on Submitting Comments*” under the **SUPPLEMENTARY INFORMATION** heading below.

FOR FURTHER INFORMATION CONTACT:

Brandi Sangunett, BOEM, Environment Branch for Renewable Energy, 45600 Woodland Road, Mail Stop VAM–OREP, Sterling, VA 20166, (703) 787–1015 or brandi.sangunett@boem.gov.

SUPPLEMENTARY INFORMATION:

Proposed Action: The draft EA analyzes the proposed action, which is the potential issuance of commercial wind energy leases in the Gulf of Maine offshore the States of Maine and New Hampshire and the Commonwealth of Massachusetts, and the no action alternative. The EA will consider project easements and grants for subsea cable corridors associated with leasing. The EA will also consider the potential environmental impacts associated with site characterization activities (*i.e.*, biological, archaeological, geological, and geophysical surveys and core samples) and site assessment activities

(*i.e.*, installation of meteorological buoys) that are expected to take place following lease issuance. The EA's proposed action does not include the installation of meteorological towers because developers have expressed a preference for the use of meteorological buoys to collect data. In addition to the no-action alternative, other alternatives may be considered, such as exclusion of certain areas.

BOEM will use responses to this notice and the EA public input process to satisfy the public involvement requirements of the National Historic Preservation Act (NHPA), as provided in 36 CFR 800.2(d)(3). Specific to the NHPA, BOEM seeks information from the public on the identification and assessment of potential impacts to cultural resources and historic properties that might be impacted by possible wind energy-related leasing, site characterization, and site assessment activities in the final wind energy area (WEA) in the Gulf of Maine that BOEM identified in a memorandum, dated March 13, 2024, which is available on BOEM's website <https://www.boem.gov/renewable-energy/state-activities/maine/gulf-maine>.

BOEM will also use the analyses in the EA to support its compliance with other environmental statutes (*e.g.*, Coastal Zone Management Act, Endangered Species Act, Magnuson-Stevens Fishery Conservation and Management Act, and Marine Mammal Protection Act).

Wind energy leases do not authorize any activities on the Outer Continental Shelf (OCS). Instead, leases grant lessees the exclusive right to submit plans for BOEM's consideration and approval. Prior to deciding whether to approve any plan for the construction and operation of commercial wind energy facilities, BOEM will prepare a plan-specific environmental analysis and will comply with all consultation requirements. Therefore, this EA will not consider the construction and operation of any commercial wind energy facilities in the final WEA.

BOEM has decided to prepare an EA for this proposed action in order to assist the agency's planning and decision-making (40 CFR 1501.5(b)).

Availability of the draft EA: The draft EA and associated information are available on BOEM's website at: <https://www.boem.gov/renewable-energy/state-activities/maine/gulf-maine>. If you require a digital copy on a flash drive or paper copy, BOEM will provide one upon request, if supplies are available. You may request a flash drive or paper copy of the draft EA by contacting
