RTO Energy Trading, LLC; Notice of Petition for Declaratory Order

Take notice that on January 26, 2015, pursuant to Rule 207 of the Federal Energy Regulatory Commission's (Commission) Rules of Practice and Procedure, 18 CFR 385.207 (2014), RTO Energy Trading, LLC (RET), filed a petition for declaratory order requesting the Commission confirm that: (1) Absent indicia of common control, overlap in capital ownership, even if significant, is insufficient to render two entities "affiliates," or otherwise require or allow them to be jointly subject to PJM Interconnection, LLC's (PJM) Tariff and/or Operating Agreement; and (2) RET is not deemed to be an affiliate, an affiliated entity, or otherwise related to, or affiliated with, any other Commission-regulated market participant; and, thus, should not be, for

any purpose, jointly subject to PJM's Tariff and/or Operating Agreement with any other Commission-regulated market participant, as long as RET follows certain safeguards, as more fully explained in the petition.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211, 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed on or before the comment date. Anyone filing a motion to intervene or protest must serve a copy of that document on the Petitioner.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 5 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. There is an "eSubscription" link on the Web site that enables subscribers to receive email notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please email FERCOnlineSupport@ferc.gov, or call (866) 208–3676 (toll free). For TTY, call (202) 502–8659.

Comment Date: 5:00 p.m. Eastern time on February 25, 2015.

Dated: January 27, 2015.

[Docket No. CP14–509–000]

Paiute Pipeline Company; Notice of Availability of the Environmental Assessment for the Proposed 2015 Elko Area Expansion Project

The staff of the Federal Energy Regulatory Commission (FERC or

Commission) has prepared this Environmental Assessment (EA) of the 2015 Elko Area Expansion Project (Elko Expansion Project or Project) proposed by Paiute Pipeline Company in the above-referenced docket. Paiute Pipeline Company requests authorization to construct, operate, and maintain a new natural gas pipeline and associated facilities in Elko County, Nevada.

The proposed Elko Expansion Project would involve construction of about 35 miles of new 8-inch-diameter pipeline, one interconnect station, modifications to the existing Elko City Gate, and two isolation valves. Paiute Pipeline Company states that the purpose of the Project is to provide 21,994 dekatherms per day of natural gas transportation service to the Elko, Nevada area.

The EA assesses the potential environmental effects of the construction and operation of the Elko Expansion Project in accordance with the requirements of the National Environmental Policy Act of 1969 (NEPA). The FERC staff concludes that approval of the proposed Project, with appropriate mitigating measures, would not constitute a major federal action significantly affecting the quality of the human environment.

The U.S. Department of Interior's Bureau of Land Management (BLM) and the U.S. Army Corps of Engineers participated as cooperating agencies in the preparation of this EA. Cooperating agencies have jurisdiction by law or special expertise with respect to resources potentially affected by the proposal and participate in the NEPA analysis. The BLM has jurisdiction over public land and with this document is evaluating the environmental effects of issuing a right-of-way grant to Paiute Pipeline Company.

The FERC staff mailed copies of the EA to federal, state, and local government representatives and agencies; elected officials; environmental and public interest groups; Native American tribes; potentially affected landowners and other interested individuals and groups; newspapers and libraries in the Project area; and parties to this proceeding. In addition, the EA is available for public viewing on the FERC's Web site (www.ferc.gov) using the eLibrary link.

A limited number of copies of the EA are also available for distribution and public inspection at: Federal Energy Regulatory Commission, Public Reference Room, 888 First Street NE., Room 2A, Washington, DC 20426, (202) 502–8371.
