

Management Council to monitor the fisheries and determine the effects and effectiveness of the Fishery Management Plan (FMP) for U.S. West Coast Fisheries for Highly Migratory Species (HMS). Pre-trip reporting requirements are essential for effectively and efficiently assigning available observer coverage to selected HMS vessels. Data collected by observers are critical to evaluating if the objectives of the FMP are being achieved and for evaluating the impacts of potential changes in management to respond to new information or new problems in the fisheries. Vessel Monitoring System (VMS) units will facilitate enforcement of closures associated with HMS fisheries and provide timely information on associated fleet activities.

II. Method of Collection

VMS activation information is submitted electronically and pre-trip notifications are made by telephone.

III. Data

OMB Control Number: 0648-0498.

Form Number(s): None.

Type of Review: Regular submission (extension of a current information collection).

Affected Public: Business or other for-profit organizations.

Estimated Number of Respondents: 80.

Estimated Time per Response: Vessel monitoring system (VMS) activation reports, 15 minutes; pre-trip reports, 5 minutes.

Estimated Burden Hours: 60.

Estimated Total Annual Cost to Public: \$480 (VMS units and reporting are paid for by NMFS).

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

SUPPLEMENTARY INFORMATION

I. Abstract

This request is for a new information collection to benefit National Estuarine Research Reserve (NERR) and National Marine Sanctuary (NMS) managers in the Mission-Aransas NERR and the Olympic Coast NMS.

The Coastal Zone Management Act (CZMA), 16 U.S.C. 1451 *et seq.*, authorizes the Secretary of Commerce to (1) preserve, protect, develop, and where possible, to restore or enhance, the resource of the Nation's coastal zone for this and succeeding generations, and (2) encourage coordination and cooperation with and among the appropriate Federal, State, and local agencies, and international

organizations where appropriate, in collection, analysis, synthesis, and dissemination of coastal management information, research results, and technical assistance, to support State and Federal regulation of land use practices affecting the coastal and ocean resources of the United States.

Additionally, the National Marine Sanctuary Act (NMSA), 16 U.S.C. 1431 *et seq.*, authorizes the Secretary of Commerce to (1) maintain the natural biological communities in the national marine sanctuaries, and to protect, and, where appropriate, restore and enhance natural habitats, population and ecological processes; (2) enhance public awareness, understanding, and appreciation, and wise and sustainable use of the of the marine environment; and the natural, historical, cultural, and archeological resources of the National Marine Sanctuary System; and (3) to support, promote, and coordinate scientific research on, and long-term monitoring of, the resources of these marine areas.

The National Ocean Service (NOS) proposes to collect socio-economic data from residents of local counties and stakeholder groups using the Mission-Aransas NERR and the Olympic Coast NMS for recreational, cultural and other reasons. Up-to-date socio-economic data is needed to support the individual NERR and NMS site's conservation and management goals, to strengthen and improve resource management decision-making, to increase capacity, and to extend education and outreach efforts.

II. Method of Collection

Respondents have a choice of completing either electronic (online) or paper forms and those respondents intercepted at the sites may provide oral question responses to the surveyor. Methods of submittal include online completion of electronic survey forms, and mail and facsimile transmission of paper forms.

III. Data

OMB Control Number: None.

Form Number: None.

Type of Review: Regular submission (request for a new information collection).

Affected Public: Individuals or households; state, local, or tribal government.

Estimated Number of Respondents: 1,415.

Estimated Time per Response: Survey completion, 20 minutes.

Estimated Total Annual Burden Hours: 472.

Estimated Total Annual Cost to Public: \$0 in recordkeeping/reporting costs.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

Consistency Certification for a Proposed Project in Sterling, New York; Notice of Appeal

AGENCY: National Oceanic and Atmospheric Administration (NOAA), Department of Commerce.

ACTION: Notice of Appeal

SUMMARY: This announcement provides notice that the Department of Commerce (Department) has received a "Notice of Appeal" filed by Mark Smolinski (Appellant) requesting that the Secretary override an objection by the New York Department of State to a consistency certification for a proposed project in Sterling, New York.

Addresses and Dates: You may submit written comments concerning this appeal or requests for a public hearing to NOAA, Office of General Counsel, Oceans and Coasts Section, Attn. Gladys Miles, 1305 East-West Highway, Room 6111, Silver Spring, MD 20910, or via email to gc.os.comments@noaa.gov. Comments or requests for a public hearing must be sent in writing

postmarked or emailed no later than October 23, 2013.

SUPPLEMENTARY INFORMATION:

I. Notice of Appeal

On August 22, 2013, the Secretary of Commerce (Secretary) received a "Notice of Appeal" filed by Mark Smolinski, pursuant to the Coastal Zone Management Act of 1972 (CZMA), 16 U.S.C. 1451 *et seq.*, and implementing regulations found at 15 CFR part 930, subpart H. The appeal is taken from an objection by the New York Department of State to a consistency certification for a U.S. Army Corps of Engineer permit needed for the installation of a solar panel array onto an existing dock located in Sterling, New York. The solar array would provide energy to a private residence.

Under the CZMA, the Secretary may override the Department of State's objection on grounds that the project is consistent with the objectives or purposes of the CZMA or otherwise necessary in the interest of national security. To make the determination that the proposed activity is "consistent with the objectives or purposes of the CZMA," the Department must find that: (1) The proposed activity furthers the national interest as articulated in sections 302 or 303 of the CZMA, in a significant or substantial manner; (2) the adverse effects of the proposed activity do not outweigh its contribution to the national interest, when those effects are considered separately or cumulatively; and (3) no reasonable alternative is available that would permit the activity to be conducted in a manner consistent with enforceable policies of the applicable coastal management program. 15 CFR 930.121. To make the determination that the proposed activity is "necessary in the interest of national security," the Secretary must find that a national defense or other national security interest would be significantly impaired if the activity is not permitted to go forward as proposed. 15 CFR 930.122.

II. Request for Public and Federal Agency Comments

We encourage the public and interested federal agencies to participate in this appeal by submitting written comments and any relevant materials supporting those comments. All comments received are a part of the public record. All personal identifying information (e.g., name, address, etc.), confidential business information, or otherwise sensitive information submitted voluntarily by the sender will be publicly accessible.

III. Public Hearing Request

You may submit a request for a public hearing using one of the methods specified in the *Addresses and Dates* section of this notice. In your request, explain why you believe a public hearing would be beneficial. If we determine that a public hearing would aid the decisionmaker, a notice announcing the date, time, and location of the public hearing will be published in the **Federal Register**. The public and federal agency comment period will also be reopened for a ten-day period following the conclusion of the public hearing to allow for additional input.

IV. Public Availability of Appeal Documents

NOAA intends to provide access to publicly available materials and related documents comprising the appeal record on the following Web site: <http://coastalmanagement.noaa.gov/consistency/fcappealdecisions.html>; and during business hours, at the NOAA, Office of General Counsel in the location specified in the *Addresses and Dates* section of this notice.
