Food Safety and Inspection Service

Title: Exportation, Transportation, and Importation of Meat and Poultry Products.

OMB Control Number: 0583-0094.

Summary of Collection: The Food Safety and Inspection Service (FSIS) has been delegated the authority to exercise the functions of the Secretary as provided in the Federal Meat Inspection Act (FMIA) (21 U.S.C. 601 *et seq.*) and the Poultry Products Inspection Act (PPIA) (21 U.S.C. 451 *et seq.*). These statutes mandate that FSIS protect the public by ensuring that meat and poultry products are safe, wholesome, unadulterated, and properly labeled and packaged. FSIS requires that meat and poultry establishments exporting products to foreign countries complete an export certificate. Meat and poultry products not marked with the mark of inspection and shipped from one official establishment to another for further processing must be transported under FSIS seal to prevent such unmarked product from entering into commerce. To track product shipped under seal, FSIS requires shipping establishments to complete a form that identifies the type, amount, and weight of the product. Foreign countries exporting meat and poultry products to the U.S. must establish eligibility for importation of product into the U.S., and annually certify that their inspection systems are "equivalent to" the U.S. inspection system. Meat and poultry products intended for import into the U.S. must be accompanied by a health certificate, signed by an official of the foreign government, stating that certified foreign establishments have produced the products. FSIS will collect information using three FSIS forms.

Need and Use of the Information: FSIS will collect information to identify the type, amount, weight, destination, and originating country of the meat and poultry. FSIS will use the information to verify that a meat or poultry product intended for import has been prepared in a plant certified to prepare product for export to the U.S. FSIS will use the information to conduct re-inspection of meat and poultry imported to the U.S.

Description of Respondents: Business or other for-profit.

Number of Respondents: 6,619.

Frequency of Responses: Recordkeeping; Reporting: On occasion.
Total Burden Hours: 661,149.
