

Comment Date: 5 p.m. Eastern Time on Tuesday, April 28, 2009.

Docket Numbers: ER09–965–000.

Applicants: Midwest Independent Transmission System Operator, Inc.

Description: Midwest Independent Transmission System Operator, Inc. submits request to terminate the market participant agreement between the Midwest ISO and Palms Asset Management LLC and notice regarding continuing and anticipated default.

Filed Date: 04/07/2009.

Accession Number: 20090408–0139.

Comment Date: 5 p.m. Eastern Time on Tuesday, April 28, 2009.

Take notice that the Commission received the following electric securities filings:

Docket Numbers: ES07–34–001; ES08–29–002.

Applicants: System Energy Resources, Inc.; Entergy Services, Inc.

Description: Supplemental Information of System Energy Resources, Inc.

Filed Date: 04/08/2009.

Accession Number: 20090408–5121.

Comment Date: 5 p.m. Eastern Time on Monday, April 20, 2009.

Take notice that the Commission received the following open access transmission tariff filings:

Docket Numbers: OA07–53–005.

Applicants: Progress Energy, Inc.

Description: Annual Penalty Revenues Refund Report of Carolina Power & Light Company and Florida Power Corporation.

Filed Date: 04/09/2009.

Accession Number: 20090409–5031.

Comment Date: 5 p.m. Eastern Time on Thursday, April 30, 2009.

Any person desiring to intervene or to protest in any of the above proceedings must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214) on or before 5 p.m. Eastern time on the specified comment date. It is not necessary to separately intervene again in a subdocket related to a compliance filing if you have previously intervened in the same docket. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Anyone filing a motion to intervene or protest must serve a copy of that document on the Applicant. In reference to filings initiating a new proceeding, interventions or protests submitted on or before the comment deadline need not be served on persons other than the Applicant.

The Commission encourages electronic submission of protests and

interventions in lieu of paper, using the FERC Online links at <http://www.ferc.gov>. To facilitate electronic service, persons with Internet access who will eFile a document and/or be listed as a contact for an intervenor must create and validate an eRegistration account using the eRegistration link. Select the eFiling link to log on and submit the intervention or protests.

Persons unable to file electronically should submit an original and 14 copies of the intervention or protest to the Federal Energy Regulatory Commission, 888 First St., NE., Washington, DC 20426.

The filings in the above proceedings are accessible in the Commission's eLibrary system by clicking on the appropriate link in the above list. They are also available for review in the Commission's Public Reference Room in Washington, DC. There is an eSubscription link on the Web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please e-mail FERCOnlineSupport@ferc.gov or call (866) 208–3676 (toll free). For TTY, call (202) 502–8659.

BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP08-458-000]

UGI LNG, Inc.; Notice of Availability of the Environmental Assessment for the Proposed Temple LNG Plant Expansion Project

April 10, 2009.

The staff of the Federal Energy Regulatory Commission (FERC or Commission) has prepared an environmental assessment (EA) on the expansion of the Temple LNG Plant proposed by UGI LNG, Inc. (UGI LNG) in the above-referenced docket.

The EA was prepared to satisfy the requirements of the National Environmental Policy Act. The staff concludes that approval of the proposed project, with appropriate mitigating measures, would not constitute a major federal action significantly affecting the quality of the human environment.

The EA assesses the potential environmental effects of the expansion of UGI LNG's existing liquefied natural gas (LNG) peak-shaving facility located in Ontelaunee Township, Berks County, Pennsylvania. Project components include:

- A full-containment LNG storage tank designed to store a gross volume of 50,000 cubic meters (m³) (314,500 barrels) of LNG at a maximum allowable operating pressure (MAOP) of 2.5 pounds per square inch (psig);
- A send-out/vaporization system to pressurize and vaporize the LNG;
- A vapor-handling system to recover and compress vaporized LNG;
- A tertiary containment system consisting of a system of swales, earthen berms, bio-retention basin, grading, and concrete barricades designed to contain the entire contents of the LNG storage tank; and
- Other LNG storage facility components, including a power distribution system expansion, a new emergency generator, a control building addition, a security fence, and access roads.

UGI LNG states that the project would provide new storage and peaking distribution of natural gas. It would send out natural gas through existing

Utilities, Inc. and Texas Eastern Transmission Company pipeline systems.

All proposed facilities would be constructed and operated in Berks County, Pennsylvania. UGI LNG proposes beginning construction in 2009 and to have the project in service by November 2011.

The EA has been placed in the public files of the FERC. A limited number of copies of the EA are available for distribution and public inspection at: Federal Energy Regulatory Commission, Public Reference Room, 888 First Street, NE., Room 2A, Washington, DC 20426, (202) 502-8371.

Copies of the EA have been mailed to Federal, State, and local agencies; public interest groups; interested individuals and affected landowners; Native American tribes; newspapers and libraries; and parties to this proceeding.

Any person wishing to comment on the EA may do so. To ensure consideration prior to a Commission decision on the proposal, it is important that we receive your comments before the date specified below.

You can make a difference by providing us with your specific comments or concerns about the Temple LNG Plant Expansion Project. Your comments should focus on the potential environmental effects, reasonable alternatives, and measures to avoid or lessen environmental impacts. The more specific your comments, the more useful they will be. To ensure that your comments are timely and properly recorded, please send in your comments so that they will be received in Washington, DC on or before May 11, 2009.

For your convenience, there are three methods in which you can use to submit your comments to the Commission. In all instances please reference the project docket number CP08-458 with your submission. The Commission encourages electronic filing of comments and has dedicated eFiling expert staff available to assist you at 202-502-8258 or efiling@ferc.gov.

(1) You may file your comments electronically by using the *Quick Comment* feature, which is located on the Commission's Internet Web site at <http://www.ferc.gov> under the link to *Documents and Filings*. A Quick Comment is an easy method for interested persons to submit text-only comments on a project;

(2) You may file your comments electronically by using the eFiling feature, which is located on the Commission's Internet Web site at <http://www.ferc.gov> under the link to *Documents and Filings*. eFiling involves
