

The Consolidated Appropriations Act of 2021 directs the FCC to leverage the National Verifier to verify applicants' eligibility for EBBP. The purpose of this matching program is to verify the eligibility of EBBP applicants and subscribers by determining whether they receive SNAP benefits administered by the Tennessee Department. Under FCC rules, consumers receiving these benefits qualify for Lifeline discounts and also for EBBP benefits.

Categories of Individuals

The categories of individuals whose information is involved in the matching program include, but are not limited to, those individuals who have applied for EBBP benefits; are currently receiving benefits; are individuals who enable another individual in their household to qualify for EBBP benefits; are minors whose status qualifies a parent or guardian for EBBP benefits; or are individuals who have received EBBP benefits.

Categories of Records

The categories of records involved in the matching program include, but are not limited to last name, date of birth and the last four digits of the applicant's Social Security Number. The National Verifier will transfer these data elements to the Tennessee Department, which will respond either "yes" or "no" that the individual is enrolled in an EBBP-qualifying assistance program: State of Tennessee's SNAP.

System(s) of Records

The USAC records shared as part of this matching program reside in the EBBP system of records, FCC/WCB-3, Emergency Broadband Benefit Program, which was published in the **Federal Register** at 86 FR 11523, Feb. 25, 2021.
