

Options, the proposal is consistent with the requirements of Section 17A(b)(3)(F),<sup>4</sup> which requires, among other things, that the rules of a clearing agency are designed to promote the prompt and accurate clearance and settlement of securities transactions.

#### IV. Conclusion

On the basis of the foregoing, the Commission finds that the proposal is consistent with the requirements of the Act and in particular with the requirements of Section 17A of the Act<sup>5</sup> and the rules and regulations thereunder.

*It is therefore ordered*, pursuant to Section 19(b)(2) of the Act,<sup>6</sup> that the proposed rule change (File No. SR–OCC–2009–14) be, and hereby is, approved.<sup>7</sup>

October 22, 2009.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act”),<sup>1</sup> and Rule 19b–4 thereunder,<sup>2</sup> notice is hereby given that on October 13, 2009, the International Securities Exchange, LLC (the “Exchange” or the “ISE”) filed with the Securities and Exchange Commission the proposed rule change as described in Items I and II below, which items have been prepared by the self-regulatory organization. On October 19, 2009, ISE filed Amendment No. 1 to the proposed rule change. On October 21, 2009, ISE

withdrew Amendment No. 1 and filed Amendment No. 2 to the proposed rule change.<sup>3</sup> The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

.01–.03 No Change.

.04 A non-marketable all-or-none limit order shall be deemed “exposed” for the purposes of paragraphs (d) and (e) one second following a broadcast notifying members that such an order to buy or sell a specified number of contracts at a specified price has been received in the options series. #### II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The self-regulatory organization has prepared summaries, set forth in sections A, B and C below, of the most significant aspects of such statements.

##### A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

(a) *Purpose*—Pursuant to ISE Rule 717(d) and (e), Electronic Access Members must expose agency orders on the Exchange for at least one second before entering a contra-side proprietary order or a contra-side order that was solicited from a broker-dealer, or utilize one of the Exchange’s execution mechanisms that have one second

exposure periods built into the functionality.<sup>4</sup>

The Exchange operates an integrated system that consolidates all market maker quotes and orders, and automatically disseminates the best bid and offer. If a limit order is designated as all-or-none, the contingency that the order must be executed in full makes it ineligible for display in the best bid or offer. Nevertheless, such orders are maintained in the system and remain available for execution after all other trading interest at the same price has been exhausted.<sup>5</sup> Upon the receipt of a non-marketable all-or-none limit order, the system automatically will send a broadcast message to all members notifying them that an all-or-none order to buy or to sell a specified number of contracts at a specified price has been placed on the book.

On July 9, 2009, the Exchange adopted a proposed rule change on a three-month pilot basis to specify that a non-marketable all-or-none limit order is deemed “exposed” for the purposes of Rule 717(d) and (e) one second following a broadcast notifying members that such an order to buy or sell a specified number of contracts at a specified price has been received in the options series. Thus, all of the terms of the order will be disclosed to all members. The current pilot program is set to expire on October 9, 2009.<sup>6</sup> The Exchange now proposes to extend the current pilot program for another month, until November 9, 2009.

(b) *Basis*—The basis under the Securities Exchange Act of 1934 (“Exchange Act”) for this proposed rule change is the requirement under Section 6(b)(5) that an exchange have rules that are designed to promote just and equitable principles of trade, and to remove impediments to and perfect the mechanism for a free and open market and a national market system, and in general, to protect investors and the public interest. In particular, under the proposed rule change all-or-none orders will continue to be exposed to all members so that there is a greater opportunity for market participants to interact with such orders.

##### B. Self-Regulatory Organization’s Statement on Burden on Competition

The proposed rule change does not impose any burden on competition that

<sup>5</sup> 15 U.S.C. 78q–1.

*C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others*

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any unsolicited written comments from members or other interested parties.

**III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action**

Because the proposed rule change: (i) Does not significantly affect the protection of investors or the public interest; (ii) does not impose any significant burden on competition; and (iii) does not become operative for 30 days after the date of the filing, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act<sup>7</sup> and Rule 19b-4(f)(6) thereunder.<sup>8</sup>

A proposed rule change filed under Rule 19b-4(f)(6) normally may not become operative prior to 30 days after the date of filing.<sup>9</sup> However, Rule 19b-4(f)(6)(iii)<sup>10</sup> permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. ISE has requested that the Commission waive the 30-day operative delay. The Commission notes that waiver of the operative delay will permit the existing pilot to continue for one month without further delay. The Commission also notes that no comments were received to date on the existing pilot.<sup>11</sup>

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors,

or otherwise in furtherance of the purposes of the Act.

**IV. Solicitation of Comments**
