

the automobile reimbursement rate cannot exceed the single standard mileage rate established by the Internal Revenue Service (IRS). The IRS has announced a new single standard mileage rate for automobiles of 36.5 cents effective January 1, 2002.

As required, GSA is reporting the results of the investigation and the cost per mile determination. Based on cost studies conducted by GSA, I have determined the per-mile operating costs of a POV to be 97.5 cents for airplanes, 36.5 cents for automobiles, and 28.0 cents for motorcycles.

I will issue a regulation to increase the current 96.5 to 97.5 cents for privately owned airplanes, 34.5 to 36.5 cents for privately owned automobiles, and 27.5 to 28.0 cents for privately owned motorcycles. This report to Congress on the cost of operating POVs will be published in the **Federal Register**. Stephen A. Perry,
Administrator of General Services.

ADDRESSES: Federal Communications Commission, 445 12th Street, SW., Washington, DC 20554.

Synopsis of the Commission's Decision

1. The Commission solicits comment on petitions for reconsideration of its decision in this proceeding (66 FR 55618, November 2, 2001, and 66 FR 63093, December 4, 2001) filed by Sprint PCS (Sprint) on November 30, 2001, and by Cingular Wireless LLC (Cingular) on December 3, 2001. In that decision, the Commission amended its rules to clarify what constitutes a valid Public Safety Answering Point (PSAP) request for enhanced 911 (E911) service so as to trigger a wireless carrier's obligation to implement E911 within the six-month period following the date of the request. If challenged by the wireless carrier, the request will be deemed valid if the PSAP making the request demonstrates E911 readiness as provided in the amended rule, 47 CFR 20.18(j).

2. Sprint requests several amendments to the Commission's documentation requirements, and Cingular contends that the language of amended § 20.18(j) is internally inconsistent and contradicts previous Commission's statements and that the decision violates the notice and comment requirement of the Administrative Procedure Act and is arbitrary and capricious.

3. The petitions are available for public inspection during regular business hours in the FCC Public Reference Room, Room CY-A257, 445 12th Street, NW., Washington, DC 20554. Petitions and comments may also be viewed electronically by accessing the Commission Internet site at www.fcc.gov or purchased from the Commission's copy contractor, Qualex International, Portals II, 445 12th Street, SW., Room CY-B402, Washington, DC 20554.

4. Pursuant to 47 CFR 1.1200(a), this proceeding is designated as a "permit but disclose" proceeding and subject to § 1.1206 of the Commission's rules. Presentations to or from Commission decision-making personnel are permissible, provided that *ex parte* presentations are disclosed pursuant to 47 CFR 1.1206.

5. Interested parties may file comments or oppositions responding to the petitions on or before January 18, 2002, and reply comments on or before January 28, 2002. Comments may be filed using the Commission's Electronic Comment Filing System (ECFS) or by filing paper copies. Comments filed through the ECFS can be sent via the Internet to <http://www.fcc/e-file/ecfs.html>. Only one copy of an electronic submission must be filed.
