Industrial Belts from Germany, Italy, Singapore, and Japan; Corrected Final Results of Expedited Sunset Reviews

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of correction to final results of expedited sunset reviews: industrial belts from Germany, Italy, Singapore, and Japan.

SUMMARY: On December 30, 1999, the Department of Commerce ("the Department") published in the **Federal Register** (64 FR 73511) the final results of the June 1999 sunset reviews of the antidumping duty orders on industrial belts from Germany, Italy, Singapore, and Japan. Subsequent to the publication of the final results, we identified an inadvertent error in the "Scope" section of the notice. Therefore, we are correcting and clarifying this error.

On page 73511, the error lies in the following sentence: "The merchandise covered by the antidumping duty orders on Germany and Japan includes industrial belts other than V-belts and synchronous belts used for power transmission, in part or wholly of rubber or plastic, and containing textile fiber (including glass fiber) or steel wire, cord or strand, and whether in endless (*i.e.* closed loops) belts, or in belting lengths or links from Germany and Japan." This sentence should be replaced with: "The merchandise covered by the antidumping duty order on Germany includes industrial belts, other than V-belts and synchronous belts used for power transmission, in part or wholly of rubber or plastic, and containing textile fiber (including glass fiber) or steel wire, cord or strand, and whether in endless (*i.e.* closed loops) belts, or in belting lengths or links.¹

Further, we are inserting the following sentence, which was

inadvertently left out: "The antidumping duty order on imports from Japan covers industrial V-belts and synchronous belts and other industrial belts, in part or wholly of rubber or plastic, and containing textile fiber (including glass fiber) or steel wire, cord or strand, and whether in endless (*i.e.*, closed loops) belts, or in belting in lengths or links."²

EFFECTIVE DATE: April 10, 2000.

Dated: April 4, 2000.

Persulfates From the People's Republic of China: Preliminary Results of Antidumping Duty Administrative Review, and Partial Rescission of Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce is conducting an administrative review of the antidumping duty order on persulfates from the People's Republic of China in response to requests by the petitioner, FMC Corporation, and the following two manufacturers/exporters of the subject merchandise: Shanghai Ai Jian Import and Export Corporation, and Sinochem Jiangsu Wuxi Import and Export Corporation. In addition to these two respondents, the petitioner also requested a review of Guangdong Petroleum Chemical Import & Export Trade Corporation. The period of review is July 1, 1998, through June 30, 1999.

We have preliminarily found that sales of subject merchandise have been made below normal value. If these

preliminary results are adopted in our final results of administrative review, we will instruct the Customs Service to assess antidumping duties based on the difference between the export price and the normal value. We also have preliminarily determined that the review of Sinochem Jiangsu Wuxi Import & Export Trade Corporation should be rescinded.

EFFECTIVE DATE: April 10, 2000.
