Animal and Plant Health Inspection Service

Title: Qualitative Feedback on Agency Service Delivery.

OMB Control Number: 0579–0377.

Summary of Collection: Executive Order 12862 directs Federal agencies to provide service to the public that matches or exceeds the best service available in the private sector. In order to work continuously to ensure that our programs are effective and meet our customers' needs, the Animal and Plant Health Inspection Service (hereafter "APHIS") seeks to obtain OMB approval of a generic clearance to collect qualitative feedback on its service delivery. By qualitative feedback APHIS means information that provides useful insights on perceptions and opinions, but are not statistical surveys that yield quantitative results that can be generalized to the population of study.

This collection of information is necessary to enable APHIS to garner customer and stakeholder feedback in an efficient, timely manner, in accordance with its commitment to improving service delivery. The information collected from APHIS's customers and stakeholders will help ensure that users have an effective, efficient, and satisfying experience with APHIS's programs. This feedback will provide insights into customer or stakeholder perceptions, experiences and expectations, provide an early warning of issues with service, or focus attention on areas where communication, training or changes in operations might improve delivery of products or services. These collections will allow for ongoing, collaborative and actionable communications between APHIS and its customers and stakeholders. It will also allow feedback to contribute directly to the improvement of program management.

Need and Use of the Information:

This information collection activity provides a means for the Animal and Plant Health Inspection Service (APHIS) to garner qualitative customer and stakeholder feedback in an efficient, timely manner, in accordance with APHIS' commitment to improving service delivery.

By qualitative feedback, we mean information that provides useful insights on perceptions and opinions,

but not statistical surveys that yield quantitative results that can be generalized to the population of study. This feedback provides insights into customer or stakeholder perceptions, experiences, and expectations; provides an early warning of issues with service; or focuses attention on areas where communication, training, or changes in operations might improve delivery of products or services. This collection will allow for ongoing, generic collaborative and actionable communications between APHIS and its customers and stakeholders. It will also allow feedback to contribute directly to the improvement of program management.

The solicitation of feedback will target areas such as timeliness, appropriateness, accuracy of information, courtesy, efficiency of service delivery, and resolution of issues with service delivery. Responses will be assessed to plan and inform efforts to improve or maintain the quality of service offered to the public. If this information is not collected, vital feedback from customers and stakeholders on APHIS' services will be unavailable.

Description of Respondents: Individuals and households; businesses and organizations; State, local, or Tribal governments; and foreign federal governments.

Number of Respondents: 70,000.

Frequency of Responses: Reporting: On occasion.

Total Burden Hours: 17,500.

I. Program Description

Congress first authorized the RCDI in 1999 pursuant to the Agriculture, Rural Development, Food and Drug Administration, and Related Agencies Appropriations Act 2000 (Pub. L. 106-78), as amended by the Further Consolidated Appropriations Act, 2020 (Pub. L. 116-94), and funding continued under the enactment of the Continuing Appropriations Act, 2021 (Pub. L. 116-260). The program is designed to assist qualified private organizations, nonprofit organizations, and public (including tribal) intermediary organizations, proposing to carry out financial and technical assistance programs to improve housing, community facilities, and community and economic development projects in rural areas. The RCDI program requires the intermediary (grantee) to provide a program of financial and technical

assistance to recipients. The recipients will, in turn, provide programs to their communities (beneficiaries).

II. Federal Award Information

The Agency will publish the amount of funding received for FY 2022 on its website at: <https://www.rd.usda.gov/newsroom/notices-solicitation-applications-nosas>.

Qualified private organizations, nonprofit organizations and public (including tribal) intermediary organizations proposing to carry out financial and technical assistance programs will be eligible to receive grant funding.

The intermediary will be required to provide matching funds in an amount at least equal to the RCDI grant. In-kind contributions cannot be used as matching funds. Partnerships with other federal, state, local, private, and nonprofit entities are encouraged.

The respective minimum and maximum grant amounts per intermediary are \$50,000 and \$250,000, respectively. The intermediary must provide a program of financial and technical assistance to recipients to develop their capacity and ability to undertake projects related to housing, community facilities, or community and economic development that will support the community.

Grant funds must be utilized within three years from date of the award.

A grantee that has an outstanding RCDI grant over three years old, as of the application due date in this Notice, is not eligible to apply for this round of funding.

The intermediary must provide a program of financial and technical assistance to one or more of the following: A private, nonprofit community-based housing and development organization, a low-income rural community or a federally recognized Tribe. An intermediary proposing to serve one or more Federally recognized tribes must include a resolution of support with its application from the Tribes it proposes to serve. If the resolution of support is not submitted for each Tribe, the Tribe will be considered ineligible as a recipient. This requirement is being added to ensure collaboration during the application process between intermediaries and all Tribes that they propose to serve.

III. Program Definitions

Agency—The Rural Housing Service or its successor.

Beneficiary—Entities or individuals that receive benefits from assistance provided by the recipient.

Capacity—The ability of a recipient to implement housing, community facilities, or community and economic development projects.

Conflict of interest—A situation in which a person or entity has competing personal, professional, or financial interests that make it difficult for the person or business to act impartially. Regarding use of both grant and matching funds, Federal procurement standards prohibit transactions that involve a real or apparent conflict of interest for owners, employees, officers, agents, or their immediate family members having a financial or other interest in the outcome of the project; or that restrict open and free competition for unrestrained trade. Specifically, project funds may not be used for services or goods going to, or coming from, a person or entity with a real or apparent conflict of interest, including, but not limited to, owner(s) and their immediate family members. An example of conflict of interest occurs when the grantee's employees, board of directors, or the immediate family of either, have the appearance of a professional or personal financial interest in the recipients receiving the benefits or services of the grant.

Federally recognized Tribes—Tribal entities recognized and eligible for funding and services from the Bureau of Indian Affairs, based on the most recent notice in the **Federal Register** published by the Bureau of Indian Affairs and Tribes that received federal recognition after the most recent publication. Tribally Designated Housing Entities are eligible RCDI recipients.

Financial assistance—Funds, not to exceed \$10,000 per award, used by the intermediary to purchase supplies and equipment to build the recipient's capacity.

Funds—The RCDI grant and matching funds that have been provided by the Grantee.

Intermediary—A qualified private organization, nonprofit organization (including faith-based and community organizations and philanthropic organizations), or public (including tribal) organization that provides financial and technical assistance to multiple recipients.

Low-income rural community—An authority, district, economic development authority, regional council, federally recognized Tribe, or unit of government representing an incorporated city, town, village, county, township, parish, Indian reservation or borough whose income is at or below 80 percent of either the state or national Median Household Income as measured by the 2010 Census.

Matching funds—Cash or confirmed funding commitments. Matching funds must be at least equal to the grant amount and committed for a period of not less than the grant performance period.

Recipient—The entity that receives the financial and technical assistance from the intermediary. The recipient must be a nonprofit community-based housing and development organization, a low-income rural community or a federally recognized Tribe.

Rural and rural area—Any area other than (i) a city or town that has a population of greater than 50,000 inhabitants and (ii) the urbanized area contiguous and adjacent to such city or town.

Technical assistance—Skilled help in improving the recipient's abilities in the areas of housing, community facilities, or community and economic development.

IV. Eligibility Information

Applicants must meet all of the following eligibility requirements by the application deadline. Applications which fail to meet any of these requirements by the application deadline will be deemed ineligible, will not be evaluated further, and will not receive a Federal award.

A. Eligible Applicants

1. Qualified private organizations, nonprofit organizations (including faith-based organizations in accordance with 7 CFR part 16, and community organizations and philanthropic foundations), and public (including tribal) intermediary organizations are eligible applicants. Definitions that describe eligible organizations and other key terms are listed below.

2. The recipient must be a nonprofit community-based housing and development organization, low-income rural community, or federally recognized Tribe based on the RCDI definitions of these groups.

3. Private nonprofit, faith, or community-based organizations must provide a certificate of incorporation and a certificate of good standing from the Secretary of State of the State of incorporation, or other similar and valid documentation of current nonprofit status. For low-income rural community recipients, the Agency requires evidence that the entity is a public body and census data verifying that the median household income of the community where the office receiving the financial and technical assistance is located is at, or below, 80 percent of the State or national median household income, whichever is higher. For Federally

recognized tribes, the Agency needs the page listing their name from the current **Federal Register** list of tribal entities recognized and eligible for funding services (see the definition of Federally recognized tribes in this Notice for details on this list). An intermediary proposing to serve one or more Federally recognized Tribes must include a resolution of support with its application from the Tribes it proposes to serve. If the resolution of support is not submitted for each Tribe, the Tribe will be considered ineligible as a recipient. This requirement is being added to ensure collaboration during the application process between intermediaries and all Tribes that they propose to serve.

4. In prior Fiscal Years any corporation that had been convicted of a felony criminal violation under any Federal law within the preceding 24 months or that had any unpaid Federal tax liability that had been assessed, for which all judicial and administrative remedies had been exhausted or lapsed, and that was not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting the tax liability, has not been eligible for financial assistance provided with full-year appropriated funds in accordance with prior appropriations acts unless a Federal agency had considered suspension or debarment of the corporation and made a determination that this further action was not necessary to protect the interests of the Government. It is possible that a similar provision will be included in the FY appropriations act for FY 2022, once enacted.

B. Cost Sharing or Matching

Matching funds are required to be provided in an amount that, at a minimum, is equal to the amount of the grant.

If this matching fund requirement is not met, the application will be deemed ineligible. See Section V, Application and Submission Information, for required pre-award and post award matching funds documentation submission.

Matching funds must be in the form of cash or confirmed funding commitments that, at a minimum, are equal to the grant amount. Matching funds must also be committed for a period of not less than the grant performance period. These funds can only be used for eligible RCDI activities and must be used to support the overall purpose of the RCDI program.

In-kind contributions such as salaries, donated time and effort, real and nonexpendable personal property, and

goods and services cannot be used as matching funds.

Grant funds and matching funds must be used in equal proportions. This does not mean funds have to be used equally by line item.

The request for advance or reimbursement and supporting documentation must show that RCDI fund usage does not exceed the cumulative amount of matching funds used.

Grant funds will be disbursed pursuant to relevant provisions of 2 CFR parts 200 and 400. See Section V, Application and Submission Information, for matching funds documentation and pre-award requirements.

The intermediary is responsible for demonstrating that matching funds are available and committed for a period of not less than the grant performance period to the RCDI proposal. Matching funds may be provided by the intermediary or a third party. Other Federal funds may be used as matching funds if authorized by statute and the purpose of the funds is an eligible RCDI purpose.

RCDI funds will be disbursed on an advance or reimbursement basis. Matching funds cannot be expended prior to execution of the RCDI Grant Agreement.

Applicants must provide matching funds in an amount at least equal to the amount of the Federal grant. Successful applications will be selected by the Agency for funding and will be awarded from funds appropriated for the RCDI program.

C. Other Program Requirements

1. The recipient and beneficiary, but not the intermediary, must be located in an eligible rural area. The physical location of the recipient's office that will be receiving the financial and technical assistance must be in an eligible rural area. If the recipient is a low-income community, the median household income of the area where the office is located must be at or below 80 percent of the State or national median household income, whichever is higher. The applicable Rural Development State Office can assist in determining the eligibility of an area.

A listing of Rural Development State Office contacts can be found at the following link: https://www.rd.usda.gov/files/CF_State_Office_Contacts.pdf. A map showing eligible rural areas can be found at the following link: <https://eligibility.sc.egov.usda.gov/eligibility/welcomeAction.do?pageAction=RBSmenu>.

2. RCDI grantees that have an outstanding grant over 3 years old, as of the application due date in this Notice, will not be eligible to apply for this round of funding. Grant and matching funds must be utilized in a timely manner to ensure that the goals and objectives of the program are met.

3. Individuals cannot be recipients.

4. The intermediary must provide a program of financial and technical assistance to the recipient.

5. The intermediary organization must have been legally organized for a minimum of three years and have at least three years prior experience working with private nonprofit community-based housing and development organizations, low-income rural communities, or tribal organizations in the areas of housing, community facilities, or community and economic development.

6. Proposals must be structured to utilize the grant funds within 3 years from the date of the award.

7. Each applicant, whether individually or jointly, may only submit one application for RCDI funds under this Notice. This restriction does not preclude the applicant from providing matching funds for other applications.

8. Recipients can benefit from more than one RCDI application; however, after grant selections are made, the recipient can only benefit from multiple RCDI grants if the type of financial and technical assistance the recipient will receive is not duplicative. The services described in multiple RCDI grant applications must have separate and identifiable accounts for compliance purposes.

9. The intermediary and the recipient cannot be the same entity. The recipient can be a related entity to the intermediary, if it meets the definition of a recipient, provided the relationship does not create a Conflict of Interest that cannot be resolved to Rural Development's satisfaction.

10. If the recipient is a low-income rural community, identify the unit of government to which the financial and technical assistance will be provided (e.g., town council or village board). The financial and technical assistance must be provided to the organized unit of government representing that community, not the community at large.

11. An intermediary proposing to serve one or more Federally recognized tribes must include a resolution of support with its application from the Tribes it proposes to serve. If the resolution of support is not submitted for each Tribe, the Tribe will be considered ineligible as a recipient. This requirement is being added to ensure

collaboration during the application process between intermediaries and all Tribes that they propose to serve.

D. Eligible Grant Purposes

Fund uses must be consistent with the RCDI purpose. Eligible purposes of grant funds include, but are not limited to, the following:

1. Provide technical assistance to develop recipients' capacity and ability to undertake projects related to housing, community facilities, or community and economic development, (e.g., the intermediary hires a staff person to provide technical assistance to the recipient or the recipient hires a staff person, under the supervision of the intermediary, to carry out the technical assistance provided by the intermediary).

2. Develop the capacity of recipients to conduct community development programs, (e.g., homeownership education or training for business entrepreneurs).

3. Develop the capacity of recipients to conduct development initiatives, (e.g., programs that support micro-enterprise and sustainable development).

4. Develop the capacity of recipients to increase their leveraging ability and access to alternative funding sources by providing training and staffing.

5. Develop the capacity of recipients to provide the technical assistance component for essential community facilities projects.

6. Assist recipients in completing pre-development requirements for housing, community facilities, or community and economic development projects by providing resources for professional services, (e.g., architectural, engineering, or legal).

7. Improve recipient's organizational capacity by providing training and resource material on developing strategic plans, board operations, management, financial systems, and information technology.

8. Purchase of computers, software, and printers, limited to \$10,000 per award, at the recipient level when directly related to the technical assistance program being undertaken by the intermediary.

9. Provide funds to recipients for training-related travel costs and training expenses related to RCDI.

E. Ineligible Fund Uses

The following is a list of ineligible uses of grant funds:

1. Pass-through grants, and any funds provided to the recipient in a lump sum that are not reimbursements.

2. Funding a revolving loan fund (RLF).

3. Construction (in any form).

4. Salaries for positions involved in construction, renovations, rehabilitation, and any oversight of these types of activities.

5. Intermediary preparation of strategic plans for recipients.

6. Funding prostitution, gambling, or any illegal activities.

7. Grants to individuals.

8. Funding a grant where there may be a conflict of interest, or an appearance of a conflict of interest, involving any action by the Agency.

9. Paying obligations incurred before the beginning date without prior Agency approval or after the ending date of the grant agreement.

10. Purchasing real estate.

11. Improvement or renovation of the grantee's or recipient's office space or for the repair or maintenance of privately-owned vehicles.

12. Any purpose prohibited in 2 CFR part 200 or 400.

13. Using funds for recipient's general operating costs.

14. Using grant or matching funds for Individual Development Accounts.

15. Purchasing vehicles.

F. Program Examples and Restrictions

The following are examples of eligible and ineligible purposes under the RCDI program. (These examples are illustrative and are not meant to limit the activities proposed in the application. Activities that meet the objectives of the RCDI program and meet the criteria outlined in this Notice will be considered eligible.)

1. The intermediary must work directly with the recipient, not the ultimate beneficiaries. For example:

The intermediary provides training and technical assistance to the recipients on developing and updating materials related to the prevention, treatment and recovery activities for opioid use disorder and ensures that high-quality training is provided to communities affected by the opioid epidemic.

2. The intermediary provides training to the recipient on how to conduct homeownership education classes. The recipient then provides ongoing homeownership education to the residents of the community—the ultimate beneficiaries. This “train the trainer” concept fully meets the intent of this initiative. The intermediary is providing technical assistance that will build the recipient's capacity by enabling it to conduct homeownership education classes for the public.

This is an eligible purpose. However, if the intermediary directly provided homeownership education classes to individuals in the recipient's service area, this would not be an eligible purpose because the recipient would be bypassed.

3. If the intermediary is working with a low-income community as the recipient, the intermediary must provide the technical assistance to the entity that represents the low-income community and is identified in the application. Examples of entities representing a low-income community are a village board or a town council.

If the intermediary provides technical assistance to the Board of the low-income community on how to establish a cooperative, this would be an eligible purpose. However, if the intermediary works directly with individuals from the community to establish the cooperative, this is not an eligible purpose.

The recipient's capacity is built by learning skills that will enable it to support sustainable economic development in its community on an ongoing basis.

4. The intermediary may provide technical assistance to the recipient on how to create and operate a revolving loan fund. The intermediary may not monitor or operate the revolving loan fund. RCDI funds, including matching funds, cannot be used to fund revolving loan funds.

5. The intermediary may work with recipients to build their capacity to provide planning and leadership development training. The recipients of this training would be expected to assume leadership roles in the development and execution of regional strategic plans. The intermediary would work with multiple recipients in helping communities recognize their connections to the greater regional and national economies.

6. The intermediary could provide training and technical assistance to the recipients on developing emergency shelter and feeding, short-term housing, search and rescue, and environmental accident, prevention, and cleanup program plans. For longer term disaster and economic crisis responses, the intermediary could work with the recipients to develop job placement and training programs and develop coordinated transit systems for displaced workers.

V. Application and Submission Information

A. Address To Request Application Package

Entities wishing to apply for assistance may download the application documents and requirements delineated in this Notice from the RCDI website: <https://www.rd.usda.gov/programs-services/>

B. Content and Form of Application Submission

If the applicant is ineligible or the application is incomplete, the Agency will inform the applicant in writing of the decision, reasons therefore, and its appeal rights and no further evaluation of the application will occur.

A complete application for RCDI funds must include the following:

1. A summary page, double-spaced between items, listing the following: (This information should not be presented in narrative form.)

- a. Applicant's name,
- b. Applicant's address,
- c. Applicant's telephone number,
- d. Name of applicant's contact person, email address and telephone number,
- e. County where applicant is located,
- f. Congressional district number where applicant is located,
- g. Amount of grant request, and
- h. Number of recipients.

2. A detailed Table of Contents containing page numbers for each component of the application.

3. A project overview, no longer than one page, including the following items, which will also be addressed separately and in detail under "Building Capacity and Expertise" of the "Evaluation Criteria."

- a. The type of technical assistance to be provided to the recipients and how it will be implemented.
- b. How the capacity and ability of the recipients will be improved.
- c. The overall goals to be accomplished.

d. The benchmarks to be used to measure the success of the program. Benchmarks should be specific and quantifiable.

4. Organizational documents, such as a certificate of incorporation and a current good standing certification from the Secretary of State where the applicant is incorporated and other similar and valid documentation of current status, from the intermediary that confirms it has been legally organized for a minimum of three years as the applicant entity.

5. Verification of source and amount of matching funds, (e.g., a copy of a

complete bank statement if matching funds are in cash or a copy of the confirmed funding commitment from the funding source).

The verification must show that matching funds are available for the duration of the grant performance period. The verification of matching funds must be submitted with the application, or the application will be considered incomplete.

The applicant will be contacted by the Agency prior to grant award to verify that the matching funds provided with the application continue to be available. The applicant will have 15 days from the date contacted to submit verification that matching funds continue to be available.

If the applicant is unable to provide the verification within that timeframe, the application will be considered ineligible. The applicant must maintain bank statements on file or other documentation for a period of at least three years after grant closing except that the records shall be retained beyond the three-year period if audit findings have not been resolved.

6. The following information for each recipient:

- a. Recipient's entity name,

- e. Contact person's name, email address and telephone number and,
- f. Form RD 400-4, "Assurance Agreement." If the Form RD 400-4 is not submitted for each recipient, the recipient will be considered ineligible. No information pertaining to that recipient will be included in the income or population scoring criteria and the requested funding may be adjusted due to the deletion of the recipient.

7. Submit evidence that each recipient entity is eligible. Documentation must be submitted to verify recipient eligibility. Acceptable documentation varies depending on the type of recipient:

- a. Nonprofits—provide a current valid letter confirming non-profit status from the Secretary of State of the State of incorporation, a current good standing certification from the Secretary of State of the State of incorporation, or other valid documentation of current nonprofit status of each recipient.

A nonprofit recipient must provide evidence that it is a valid nonprofit when the intermediary applies for the RCDI grant. Organizations with pending requests for nonprofit designations are not eligible.

b. Low-income rural community—provide evidence the entity is a public body (e.g., copy of Charter, relevant Acts of Assembly, relevant court orders (if created judicially) or other valid documentation), a copy of the 2010 census data to verify the population, and 2010 American Community Survey (ACS) 5-year estimates (2006–2010 data set) data as evidence that the median household income is at, or below, 80 percent of either the State or national median household income. We will only accept data and printouts from <https://data.census.gov/cedsci/>.

c. Federally recognized Tribes—provide the page listing their name from the **Federal Register** list of tribal entities published most recently by the Bureau of Indian Affairs. The 2021 list is available at 86 FR 7554, pages 7554–7558 at the following link: <https://www.govinfo.gov/content/pkg/FR-2021-01-29/pdf/2021-01606.pdf>. For Tribes that received federal recognition after the most recent publication, statutory citations and additional documentation may suffice.

An intermediary proposing to serve one or more Federally recognized tribes must include a resolution of support with its application from the Tribes it proposes to serve. If the resolution of support is not submitted for each Tribe, the Tribe will be considered ineligible as a recipient. This requirement is being added to ensure collaboration during the application process between intermediaries and all Tribes that they propose to serve.

8. Each of the "Evaluation Criteria" must be addressed specifically and individually by category. Present these criteria in narrative form. Narrative (not including attachments) must be limited to five pages per criterion. The "Population and Income" criteria for recipient locations can be provided in the form of a list; however, the source of the data must be included on the page(s).

9. A timeline identifying specific activities and proposed dates for completion.

10. A detailed project budget that includes the RCDI grant amount and matching funds. This should be a line-item budget, by category. Categories such as salaries, administrative, other, and indirect costs that pertain to the proposed project must be clearly defined. Supporting documentation listing the components of these categories must be included. The budget should be dated: Year 1, year 2, and year 3, as applicable.

11. The indirect cost category in the project budget should be used only when a grant applicant has a federally

negotiated indirect cost rate. A copy of the current rate agreement must be provided with the application. Non-federal entities that have never received a negotiated indirect cost rate, except for those non-Federal entities described in Appendix VII to Part 200-States and Local Government and Indian Tribe Indirect Cost Proposals, paragraph (d)(1)(B), may use the de minimis rate of 10 percent of modified total direct costs (MTDC).

12. Form SF-424, "Application for Federal Assistance."

(Do not complete Form SF-424A, "Budget Information." A separate line-item budget should be presented as described in Letter (j) of this section.)

13. Certification of Non-Lobbying Activities.

14. Standard Form LLL, "Disclosure of Lobbying Activities," if applicable.

Applicants must collect and maintain data provided by recipients on race, sex, and national origin and ensure Ultimate Recipients collect and maintain this data. Race and ethnicity data will be collected in accordance with OMB **Federal Register** notice, "Revisions to the Standards for the Classification of Federal Data on Race and Ethnicity" (62 FR 58782), October 30, 1997. Sex data will be collected in accordance with Title IX of the Education Amendments of 1972. These items should not be submitted with the application but should be available upon request by the Agency.

The applicant and the recipient must comply with Title VI of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, the Americans with Disabilities Act (ADA), Section 504 of the Rehabilitation Act of 1973, Age Discrimination Act of 1975, Executive Order 12250, Executive Order 13166 Limited English Proficiency (LEP), and 7 CFR part 1901, subpart E.

15. Identify and report any association or relationship with Rural Development employees. (A statement acknowledging whether or not a relationship exists is required.)

C. Unique Entity Identifier (UEI)
(Formerly the Dun and Bradstreet Data Universal Numbering System (DUNS)) and System for Awards Management (SAM)

In order to register with System for Award Management (SAM), your organization will need an UEI number. Be sure to complete the Marketing Partner ID (MPID) and Electronic Business Primary Point of Contact fields during the SAM registration process.

Grant applicants must obtain an UEI number and register in the SAM System prior to submitting an application

pursuant to 2 CFR 25.200(b). In addition, an entity applicant must maintain registration in SAM at all times during which it has an active Federal award or an application or plan under consideration by the Agency. The applicant must ensure that the information in the database is current, accurate, and complete. Applicants must ensure they complete the Financial Assistance General Certifications and Representations in SAM. Similarly, all recipients of Federal financial assistance are required to report information about first-tier subawards and executive compensation in accordance with 2 CFR part 170. So long as an entity applicant does not have an exception under 2 CFR 170.110(b), the applicant must have the necessary processes and systems in place to comply with the reporting requirements should the applicant receive funding. See 2 CFR 170.200(b).

An applicant, unless excepted under 2 CFR 25.110(b), (c), or (d), is required to:

1. Be registered in SAM before submitting its application;
2. Provide a valid UEI number in its application; and
3. Continue to maintain an active SAM registration with current information at all times during which it has an active Federal award or an application or plan under consideration by a Federal awarding agency.

The Federal awarding agency (RHS) may not make a federal award to an applicant until the applicant has complied with all applicable UEI and SAM requirements and, if an applicant has not fully complied with the requirements by the time the Federal awarding agency is ready to make a Federal award, the Federal awarding agency may determine that the applicant is not qualified to receive a Federal award and use that determination as a basis for making a Federal award to another applicant.

As required by the Office of Management and Budget (OMB), all grant applications must provide an UEI number when applying for Federal grants.

Organizations can receive an UEI number at no cost by calling the dedicated toll-free number at 1-866-705-5711 or via internet at <https://fedgov.dnb.com/webform>. Additional information concerning this requirement can be obtained on the *Grants.gov* website at <https://www.grants.gov>. Similarly, applicants may register for SAM at <https://sam.gov> or by calling 1-866-606-8220.

The applicant must provide documentation that it is registered in

SAM and include its UEI number. If the applicant does not provide documentation confirming that it is registered in SAM and its UEI number, the application will not be considered for funding. The required forms and certifications can be downloaded from the RCDI website at: <https://www.rd.usda.gov/programs-services/community-facilities/rural-community-development-initiative-grants>.

D. Submission Dates and Times

In order to register with System for Award Management (SAM), your organization will need an UEI number. Be sure to complete the Marketing Partner ID (MPID) and Electronic Business Primary Point of Contact fields during the SAM registration process.

The deadline for receipt of a paper application is 4 p.m. local time, April 25, 2022. The deadline for electronic applications via *Grants.gov* is 11:59 p.m. Eastern time on April 19, 2022. The application dates and times are firm. The Agency will not consider any application received after the deadline. You may submit your application in paper form or electronically through *Grants.gov*. Applicants intending to mail applications must provide sufficient time to permit delivery on or before the closing deadline date and time. Acceptance by the United States Postal Service or private mailer does not constitute delivery. Facsimile (FAX), electronic mail, and postage due applications will not be accepted.

To submit a paper application, the original application package must be submitted to the Rural Development State Office where the applicant's headquarters is located.

A listing of Rural Development State Offices contacts can be found via https://www.rd.usda.gov/files/CF_State_Office_Contacts.pdf.

Applications will not be accepted via FAX or electronic mail. Applicants may file an electronic application at <https://www.grants.gov>. *Grants.gov* contains full instructions on all required passwords, credentialing, and software. Follow the instructions at *Grants.gov* for registering and submitting an electronic application. If a system problem or technical difficulty occurs with an electronic application, please use the customer support resources available at the *Grants.gov* website.

Technical difficulties submitting an application through *Grants.gov* will not be a reason to extend the application deadline. If an application is unable to be submitted through *Grants.gov*, a paper application must be received in the appropriate Rural Development

State Office by the deadline noted previously.

First time *Grants.gov* users should carefully read and follow the registration steps listed on the website. These steps need to be initiated early in the application process to avoid delays in submitting your application online.

There are mandatory fields that are required when submitting grant applications through *Grants.gov*. Additional application instructions for submitting an electronic application can be found by selecting this funding opportunity on *Grants.gov*.

E. Funding Restrictions

In accordance with 31 U.S.C. 1345, “Expenses of Meetings,” appropriations may not be used for travel, transportation, and subsistence expenses for a meeting. RCDI grant funds cannot be used for these meeting-related expenses. Matching funds may, however, be used to pay for these expenses.

RCDI funds may be used to pay for a speaker as part of a program, equipment to facilitate the program, and the actual room that will house the meeting.

RCDI funds cannot be used for meetings; they can, however, be used for travel, transportation, or subsistence expenses for program-related training and technical assistance purposes. Any training not delineated in the application must be approved by the Agency to verify compliance with 31 U.S.C. 1345. Travel and per diem expenses (including meals and incidental expenses) will be allowed in accordance with 2 CFR parts 200 and 400.

VI. Application Review Information

A. Evaluation Criteria

1. Applications will be evaluated using the following criteria and weights:

a. Building Capacity and Expertise—Maximum 40 Points

The applicant must demonstrate how they will improve the recipients’ capacity, through a program of financial and technical assistance, as it relates to the RCDI purposes.

Capacity-building financial and technical assistance should provide new functions to the recipients or expand existing functions that will enable the recipients to undertake projects in the areas of housing, community facilities, or community and economic development that will benefit the community. Capacity-building financial and technical assistance may include, but is not limited to: Training to conduct community development

programs, (e.g., homeownership education, or the establishment of minority business entrepreneurs, cooperatives, or micro-enterprises); organizational development, (e.g., assistance to develop or improve board operations, management, and financial systems); instruction on how to develop and implement a strategic plan; instruction on how to access alternative funding sources to increase leveraging opportunities; staffing, (e.g., hiring a person at intermediary or recipient level to provide technical assistance to recipients).

The program of financial and technical assistance that is to be provided, its delivery, and the measurability of the program’s effectiveness will determine the merit of the application.

All applications will be competitively ranked with the applications providing the most improvement in capacity development and measurable activities being ranked the highest.

The narrative response must contain the following items. This list also contains the points for each item.

- (1) Describe the nature of financial and technical assistance to be provided to the recipients and the activities that will be conducted to deliver the technical assistance (10 Points).
- (2) Explain how financial and technical assistance will develop or increase the recipient’s capacity. Indicate whether a new function is being developed or if existing functions are being expanded or performed more effectively (7 Points).
- (3) Identify which RCDI purpose areas will be addressed with this assistance: Housing, community facilities, or community and economic development (3 Points).
- (4) Describe how the results of the technical assistance will be measured. What benchmarks will be used to measure effectiveness? Benchmarks should be specific and quantifiable (5 Points).
- (5) Demonstrate that the applicant/intermediary has conducted programs of financial and technical assistance and achieved measurable results in the areas of housing, community facilities, or community and economic development in rural areas (10 Points).
- (6) Provide in a chart or excel spreadsheet, the organization name, point of contact, address, phone number, email address, and the type and amount of the financial and technical assistance the applicant organization has provided to the following for the last 3 years (5 Points).

(a) Nonprofit organizations in rural areas.

(b) Low-income communities in rural areas (also include the type of entity, e.g., city government, town council, or village board).

(c) Federally recognized Tribes or any other culturally diverse organizations.

b. Soundness of Approach—Maximum 15 Points

The applicant can receive up to 15 points for soundness of approach. The overall proposal will be considered under this criterion.

The maximum 15 points for this criterion will be based on the following:

(1) The proposal fits the objectives for which applications were invited, is clearly stated, and the applicant has defined how this proposal will be implemented (7 Points).

(2) The ability to provide the proposed financial and technical assistance based on prior accomplishments (6 Points).

(3) Cost effectiveness will be evaluated based on the budget in the application. The proposed grant amount and matching funds should be utilized to maximize capacity building at the recipient level (2 Points).

c. Population and Income—Maximum 15 Points

Population is based on the average population from the 2010 census data for the communities in which the recipients are located. The physical address, not mailing address, for each recipient must be used for this criterion. Community is defined for scoring purposes as a city, town, village, county, parish, borough, Indian reservation or census-designated place where the recipient’s office is physically located.

The applicant must submit the census data from the following website in the form of a printout to verify the population figures used for each recipient. The data can be accessed on the internet at <https://data.census.gov/cedsci/>. Enter location, P1 (i.e., Parma, Idaho, P1) and click “search”; the name and population data for each recipient location must be listed in this section.

The average population of the recipient locations will be used and will be scored as follows:

Population	Scoring (points)
10,000 or less	5
10,001 to 20,000	4
20,001 to 30,000	3
30,001 to 40,000	2
40,001 to 50,000	1

The average of the median household income for the communities where the recipients are physically located will

determine the points awarded. The physical address, not mailing address, for each recipient must be used for this criterion. Applicants may compare the average recipient median household income to the State median household income or the national median household income, whichever yields the most points. The national median household income to be used is \$51,914.

The applicant must submit the income data in the form of a printout of the applicable information from the following website to verify the income for each recipient. The data being used is from the 2010 American Community Survey (ACS) 5-year estimates (2006–2010 data set). The data can be accessed on the internet at <https://data.census.gov/cedsci/>; enter location, S1903 (i.e., Parma, Idaho, S1903), click on “Search,” click the drop-down button and select the 2010 ACS–5-year estimates table the name and income data for each recipient location must be listed in this section (use the Household and Median Income column). Points will be awarded as follows:

Average recipient median income	Scoring (points)
Less than or equal to 70 percent of state or national median household income	10
Greater than 70, but less than or equal to 80 percent of state or national median household income	5
In excess of 80 percent of state or national median household income	0

d. State Director’s Points Based on Project Merit—Maximum 10 Points

(1) This criterion will be addressed by the Agency, not the applicant.

(2) The State Director may award up to 10 discretionary points for the highest priority project in each state, up to 7 points for the second highest priority project in each state and up to 5 points for the third highest priority project.

These points may be awarded to applicants proposing to advance any or all of the Agency’s three key funding priorities, provided that all other requirements set forth in this notice are otherwise met. The key priorities are:

(i) COVID–19 Impacts (up to 4 points); Priority points may be awarded if the project is located in or serving one of the top 10% of counties or county equivalents based upon county risk score in the United States. Information on whether your project qualifies for priority points can be found at the following website: <https://www.rd.usda.gov/priority-points>.

(ii) Equity (up to 3 points); Priority points may be awarded if the project is located in or serving a community with a score of 0.75 or above on the CDC Social Vulnerability Index. Information on whether your project qualifies for priority points can be found at the following website: <https://www.rd.usda.gov/priority-points>.

(iii) Climate Impacts (up to 3 points); Priority points may be awarded if the project is located in or serving coal, oil and gas, and power plant communities whose economic well-being ranks in the most distressed tier of the Distressed Communities Index. Information on whether your project qualifies for priority points can be found at the following website: <https://www.rd.usda.gov/priority-points>.

(3) These points may be awarded by the Rural Development State Director to any application(s) that benefits their State regardless of whether the applicant is headquartered in their State.

(4) When an intermediary submits an application that will benefit a State that is not the same as the State in which the intermediary is headquartered, it is the intermediary’s responsibility to notify the State Director of the State which is receiving the benefit of its application. In such cases, State Directors awarding points to applications benefiting their state must notify the reviewing State in writing.

(5) Assignment of any points under this criterion requires a written justification and must be tied to and awarded based on how closely the application aligns with the Rural Development State Office’s strategic goals.

e. Administrator Discretionary Points—Maximum 20 Points

The Administrator may award up to 20 discretionary points for projects to address items such as geographic distribution of funds, emergency conditions caused by economic problems, natural disasters and other initiatives identified by the Secretary. The Administrator may also award points to any application that will advance the following key priorities:

- *COVID–19 Impacts:* Priority points may be awarded if the project is located in or serving one of the top 10% of counties or county equivalents based upon county risk score in the United States. Information on whether your project qualifies for priority points can be found at the following website: <https://www.rd.usda.gov/priority-points>.

- *Equity:* Priority points may be awarded if the project is located in or serving a community with score 0.75 or

above on the CDC Social Vulnerability Index. Information on whether your project qualifies for priority points can be found at the following website: <https://www.rd.usda.gov/priority-points>.

- *Climate Impacts:* Priority points may be awarded if the project is located in or serving coal, oil and gas, and power plant communities whose economic well-being ranks in the most distressed tier of the Distressed Communities Index. Information on whether your project qualifies for priority points can be found at the following website: <https://www.rd.usda.gov/priority-points>.

B. Review and Selection Process

1. Rating and Ranking

If requests exceed funds available, the applications will be rated and ranked on a national basis by a review panel based on the “Evaluation Criteria” contained in this Notice.

If there is a tied score after the applications have been rated and ranked, the tie will be resolved by reviewing the scores for “Building Capacity and Expertise” and the applicant with the highest score in that category will receive a higher ranking. If the scores for “Building Capacity and Expertise” are the same, the scores will be compared for the next criterion, in sequential order, until one highest score can be determined.

2. Initial Screening

The Agency will screen each application to determine eligibility during the period immediately following the application deadline. Listed below are examples of reasons for rejection from previous funding rounds. The following reasons for rejection are not all inclusive; however, they represent the majority of the applications previously rejected.

a. Recipients were not located in eligible rural areas based on the definition in this Notice.

b. Applicants failed to provide evidence of recipient’s status, i.e., documentation supporting nonprofit evidence of organization.

c. Applicants failed to provide evidence of committed matching funds or matching funds were not committed for a period at least equal to the grant performance period.

d. Application did not follow the RCDI structure with an intermediary and recipients.

e. Recipients were not identified in the application.

f. Intermediary did not provide evidence it had been incorporated for at least three years as the applicant entity.

g. Applicants failed to address the "Evaluation Criteria."

h. The purpose of the proposal did not qualify as an eligible RCDI purpose.

i. Inappropriate use of funds (e.g., construction or renovations).

j. The applicant proposed providing financial and technical assistance directly to individuals.

k. The application package was not received by closing date and time.
