Title: Troubled Assets Relief Program (TARP) Capital Purchase Program (CPP) All Participants Monthly Report.

Description: Authorized under the Emergency Economic Stabilization Act (EESA) of 2008 (Pub. L. 110–343), the Department of the Treasury has implemented several aspects of the Troubled Asset Relief Program. Among these components is a voluntary Capital Purchase Program (CPP) under which the Department may purchase qualifying capital in U.S. banking organizations. The Treasury has so far invested capital through this program in over 400 financial institutions. As part of this program, Treasury would like to gauge, whether the capital injections made through the CPP are having the desired effect of ensuring liquidity within the banking system and thereby increasing lending activity. To gauge this, Treasury would like to monitor the lending activity of all CPP participants. The Treasury will be conducting evaluations using quarterly Call Report data supplied by these financial institutions to their primary regulator. However, in order to have a more frequent and timely snapshot of the current lending environment, Treasury is requesting the ability to conduct a monthly survey of all participants in the CPP in order to supplement the quarterly analysis.

Respondents: Businesses or other for-profit institutions.

Estimated Total Reporting Burden: 48,000 hours.

OMB Number: 1505–0215.

Title: Legacy Systems Public-Private Investment Fund Application.

Description: Authorized under the Emergency Economic Stabilization Act (EESA) of 2008 (Pub. L. 110–343), the Department of the Treasury is implementing several aspects of the Troubled Asset Relief Program. The statute provides the Secretary broad authority to purchase and insure mortgage assets, and to purchase any other financial instrument that the Secretary, in consultation with the Federal Reserve Chairman, determines necessary to stabilize our financial markets. The TARP includes several components including a voluntary Legacy Securities Public Private Investment Fund (PPIF). Under this

plan the Treasury will contribute equity funding equal to or less than the private capital raised by private investors. In addition Treasury will consider requests for loans from Treasury in amounts of up to 100% of the total equity capital (Treasury plus private) of a Legacy Security PPIF. The Treasury is seeking applicant information for financial institutions that seek participation in the Legacy Securities PPIF.

Respondents: Businesses or other for-profit institutions.
