ENVIRONMENTAL PROTECTION AGENCY**40 CFR Part 300**

[FRL–8564–1]

National Oil and Hazardous Substances Pollution Contingency Plan; National Priorities List

AGENCY: Environmental Protection Agency.

ACTION: Notice of Deletion for the Tabernacle Drum Dump Superfund Site from the National Priorities List.

SUMMARY: The U.S. Environmental Protection Agency (EPA) Region 2 Office announces the deletion of the Tabernacle Drum Dump Superfund Site from the National Priorities List (NPL). The Tabernacle Drum Dump Site is located in Tabernacle Township, Burlington County, New Jersey. The NPL constitutes Appendix B to the National Oil and Hazardous Substances Pollution Contingency Plan (NCP), 40 CFR part 300, which EPA promulgated pursuant to section 105 of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (CERCLA), as amended. EPA and the State of New Jersey, through the Department of Environmental Protection (NJDEP) have

determined that all appropriate response actions have been implemented and no further response actions are required. In addition, EPA and the NJDEP have determined that the remedial action taken at the Tabernacle Drum Dump Site is protective of public health, welfare, and the environment.

DATES: *Effective Date:* May 8, 2008.

ADDRESSES: EPA has established a docket for this action under Docket Identification No. EPA–HQ–SFUND–2005–0011. All documents in the docket are listed on the <http://www.regulations.gov> Web site. Although listed in the index, some information is not publicly available, i.e., Confidential Business Information or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the Internet and will be publicly available only in hard copy form. Publicly available docket materials are available either electronically through <http://www.regulations.gov> or in hard copy at the site information repositories. Locations, contacts, phone numbers and viewing hours are: EPA’s Region 2 Superfund Records Center, 290 Broadway, Room 1828, New York, New York 10007–1866, (212) 637–4308. Hours: 9 a.m. to 5 p.m. Monday through Friday, excluding holidays, by appointment only.

Information on the Site is also available for viewing at the Site’s

information repository located at: Tabernacle Municipal Building, 163 Carranza Road, Tabernacle, New Jersey 08088.

FOR FURTHER INFORMATION CONTACT: Douglas Tomchuk, Remedial Project Manager, U.S. Environmental Protection Agency, Region 2, 290 Broadway, 19th Floor, New York, New York 10007–1866, (212) 637–3956.

SUPPLEMENTARY INFORMATION: The site to be deleted from the NPL is the Tabernacle Drum Dump Superfund Site, located in Tabernacle Township, Burlington County, New Jersey.

A Notice of Intent to Delete for the Tabernacle Drum Dump Superfund Site was published in the **Federal Register** on September 24, 2007. The closing date for comments on the Notice of Intent to Delete was October 24, 2007. Two letters were received by EPA on the proposed deletion during the public comment period. One of the letters simply asked for clarification of the ability to continue site restoration after the deletion. The second letter provided support for the deletion of the Tabernacle Drum Dump Site. EPA responded to the letters in January 2008. A responsiveness summary was prepared and placed in both the docket, EPA–HQ–SFUND–2005–0011, on <http://www.regulations.gov>, and in the local repositories listed above.

EPA’s decision to propose the site for deletion was based on the successful implementation of the remedy, which

included removal and off-site disposal of contaminated drums, containers and soil from the disposal site, and ground water extraction, treatment and re-injection into the ground, thereby mitigating risks to human health and the environment. Post-remediation ground water monitoring for five years confirmed that the remedy is protective of human health and the environment.

EPA identifies sites that appear to present a significant risk to public health, welfare, or the environment and it maintains the NPL as the list of those sites. As described in § 300.425(e)(3) of the NCP, any site or portion thereof deleted from the NPL remains eligible for remedial actions in the unlikely event that conditions at the site warrant such action in the future. Deletion of a site from the NPL does not affect responsible party liability or impede agency efforts to recover costs associated with response efforts.

List of Subjects in 40 CFR Part 300

Environmental protection, Air pollution controls, Chemicals, Hazardous substances, Hazardous waste, Intergovernmental relations, Penalties, Reporting and recordkeeping requirements, Superfund, Water pollution control, Water supply.

Dated: April 11, 2008.

Alan J. Steinberg,

Regional Administrator, Region 2.

■ For the reasons set out in the preamble, Part 300, Chapter I of Title 40 of the Code of Federal Regulations, is amended as follows:

PART 300—[AMENDED]

■ 1. The authority citation for part 300 continues to read as follows:

Authority: 42 U.S.C. 9601–9675; 33 U.S.C. 1321(c)(2); E.O. 12777, 56 FR 54757, 3 CFR, 1991 Comp., p. 351; E.O. 12580, 52 FR 2923, 3 CFR, 1987 Comp., p. 193.

■ 2. Table 1 of Appendix B to Part 300 is amended by removing “Tabernacle Drum Dump Superfund Site, Tabernacle Township, New Jersey.”

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

44 CFR Part 65

[Docket No. FEMA–B–7776]

Changes in Flood Elevation Determinations

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Interim rule.

SUMMARY: This interim rule lists communities where modification of the Base (1% annual-chance) Flood Elevations (BFEs) is appropriate because of new scientific or technical data. New flood insurance premium rates will be calculated from the modified BFEs for new buildings and their contents.

DATES: These modified BFEs are currently in effect on the dates listed in the table below and revise the Flood Insurance Rate Maps (FIRMs) in effect prior to this determination for the listed communities.

From the date of the second publication of these changes in a newspaper of local circulation, any person has ninety (90) days in which to request through the community that the Mitigation Assistant Administrator of FEMA reconsider the changes. The modified BFEs may be changed during the 90-day period.

ADDRESSES: The modified BFEs for each community are available for inspection at the office of the Chief Executive Officer of each community. The respective addresses are listed in the table below.

FOR FURTHER INFORMATION CONTACT: William R. Blanton, Jr., Engineering Management Branch, Mitigation Directorate, Federal Emergency Management Agency, 500 C Street SW., Washington, DC 20472, (202) 646–3151.

SUPPLEMENTARY INFORMATION: The modified BFEs are not listed for each community in this interim rule. However, the address of the Chief Executive Officer of the community where the modified BFE determinations are available for inspection is provided.

Any request for reconsideration must be based on knowledge of changed conditions or new scientific or technical data.

The modifications are made pursuant to section 201 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4105, and are in accordance with the National Flood Insurance Act of 1968, 42 U.S.C. 4001 *et seq.*, and with 44 CFR part 65.

For rating purposes, the currently effective community number is shown and must be used for all new policies and renewals.

The modified BFEs are the basis for the floodplain management measures that the community is required to either adopt or to show evidence of being already in effect in order to qualify or to remain qualified for participation in the National Flood Insurance Program (NFIP).

These modified BFEs, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own, or pursuant to policies established by the other Federal, State, or regional entities. The changes BFEs are in accordance with 44 CFR 65.4.

National Environmental Policy Act.

This interim rule is categorically excluded from the requirements of 44 CFR part 10, Environmental Consideration. An environmental impact assessment has not been prepared.

Regulatory Flexibility Act. As flood elevation determinations are not within the scope of the Regulatory Flexibility Act, 5 U.S.C. 601–612, a regulatory flexibility analysis is not required.

Regulatory Classification. This interim rule is not a significant regulatory action under the criteria of section 3(f) of Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

Executive Order 13132, Federalism. This interim rule involves no policies that have federalism implications under Executive Order 13132, Federalism.

Executive Order 12988, Civil Justice Reform. This interim rule meets the applicable standards of Executive Order 12988.

List of Subjects in 44 CFR Part 65

Flood insurance, Floodplains, Reporting and recordkeeping requirements.

■ Accordingly, 44 CFR part 65 is amended to read as follows:

PART 65—[AMENDED]

■ 1. The authority citation for part 65 continues to read as follows:

Authority: 42 U.S.C. 4001 *et seq.*; Reorganization Plan No. 3 of 1978, 3 CFR, 1978 Comp., p. 329; E.O. 12127, 44 FR 19367, 3 CFR, 1979 Comp., p. 376.
