SUPPLEMENTARY INFORMATION: Exports of electricity from the United States to a foreign country are regulated and require authorization under section 202(e) of the Federal Power Act (FPA) (16 U.S.C. 824a(e)).

On April 27, 2001, the Office of Fossil Energy (FE) of the Department of Energy (DOE) received an application from AVEC to transmit electric energy from the United States to Canada. AVEC, a Maine corporation, owns and operates a 31-MW wood-burning generation facility located in Fort Fairfield, Maine ("the Plant"). This Plant originally was

owned by Fairfield Energy Venture (Fairfield).

On October 8, 1985, DOE issued an order (ERA Docket PP-83EA) authorizing Fairfield and Maine Public Service Company (MPSC) jointly to export the electrical output of the Plant to Canada over the MPSC electric system. On December 4, 1985, DOE approved a request by Fairfield to remove its name from that export authorization, leaving MPSC the sole entity authorized to export the Plant's electrical output to Canada. On October 26, 1994, Fairfield sold the Plant to AVEC; however, the Plant remained connected to the MPSC electric system and AVEC continued to rely upon MPSC's export authorization for delivery of the Plant's electrical output to Canada. AVEC now requests its own and separate authority to export the output of the Plant to Canada using the existing MPSC transmission facilities.

Take notice that on May 16, 2001, El Paso Natural Gas Company (El Paso), Vastar Gas Marketing, Inc. (Vastar) and Atlantic Richfield Company (ARCO) (collectively referred to as the Signatory Parties) filed, for the Commission's approval a Settlement Agreement (Settlement) under Rule 602 of the Commission's Rules of Practice and Procedure in the captioned dockets. In addition, the Settlement will result in the full and complete release of Vastar's and ARCO's claims against its royalty owners with respect to Kansas *ad valorem* tax refunds on El Paso's system, and the termination of all related proceedings pending before the Commission as they relate to EL Paso's claims.

Initial comments are due June 5, 2001; relay comments are due June 15, 2001.
