[Docket No. CP22–471–000]

Cimarron River Pipeline, LLC. Notice of Request Under Blanket Authorization and Establishing Intervention and Protest Deadline

Take notice that on June 3, 2022,
 Cimarron River Pipeline, LLC.
 (Cimarron), 6900 E. Layton Ave, Suite
 900 Denver, CO 80237, filed in the
 above referenced docket a prior notice
 pursuant to sections 157.205 and
 157.216 of the Commission's regulations
 under the Natural Gas Act (NGA) and its
 blanket certificate issued in Docket No.
 CP08–17–000 requesting authorization
 to abandon by sale to its affiliate, DCP
 Operating Company, LP (DCP), the five
 compressors, dehydration unit, meter
 station, land and facility appurtenances
 located at its Beaver County 1
 Compressor Station in Beaver County,
 Oklahoma (Beaver County 1 Facilities or
 Project). DCP has agreed to purchase the
 Beaver County 1 Facilities for use with
 its non-jurisdictional gathering system.
 Cimarron states the abandonment will
 have no adverse impact on Cimarron's
 interstate jurisdictional services. The
 Beaver County 1 Facilities are located
 on land owned by Cimarron and
 approximately 2.3 acres of land within
 the Beaver County 1 fence line will be
 sold to DCP which will be sufficient for
 DCP to access, operate and maintain the
 Beaver County 1 Facilities. No existing
 Cimarron pipeline right-of way will be
 affected by the transaction. Cimarron
 estimates the cost to replace the Beaver
 County 1 Facilities is approximately
 \$18.3 million, all as more fully set forth
 in the request which is on file with the
 Commission and open to public
 inspection.

Any questions concerning this request should be directed to Tyler Culbertson, Manager, Regulatory Affairs, Cimarron River Pipeline, LLC, 6900 E. Layton Ave, Suite 900, Denver, CO 80237, by telephone at (303) 605-2278, or by email at tculbertson@dcpmidstream.com.

Public Participation

There are three ways to become involved in the Commission's review of this project: you can file a protest to the project, you can file a motion to intervene in the proceeding, and you can file comments on the project. There is no fee or cost for filing protests, motions to intervene, or comments. The deadline for filing protests, motions to intervene, and comments is 5:00 p.m. Eastern Time on August 8, 2022. How to file protests, motions to intervene, and comments is explained below.

Protests

Pursuant to section 157.205 of the Commission's regulations under the NGA,¹ any person² or the Commission's staff may file a protest to the request. If no protest is filed within the time allowed or if a protest is filed and then withdrawn within 30 days after the allowed time for filing a protest, the proposed activity shall be deemed to be authorized effective the day after the time allowed for protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request for authorization will be considered by the Commission.

Protests must comply with the requirements specified in section 157.205(e) of the Commission's regulations,³ and must be submitted by the protest deadline, which is August 8, 2022. A protest may also serve as a motion to intervene so long as the protestor states it also seeks to be an intervenor.

Interventions

Any person has the option to file a motion to intervene in this proceeding. Only intervenors have the right to request rehearing of Commission orders issued in this proceeding and to subsequently challenge the Commission's orders in the U.S. Circuit Courts of Appeal.

To intervene, you must submit a motion to intervene to the Commission in accordance with Rule 214 of the Commission's Rules of Practice and Procedure⁴ and the regulations under the NGA⁵ by the intervention deadline for the project, which is August 8, 2022. As described further in Rule 214, your motion to intervene must state, to the extent known, your position regarding the proceeding, as well as your interest in the proceeding. For an individual, this could include your status as a landowner, ratepayer, resident of an impacted community, or recreationist. You do not need to have property directly impacted by the project in order to intervene. For more information about motions to intervene, refer to the FERC website at <https://www.ferc.gov/resources/guides/how-to/intervene.asp>.

All timely, unopposed motions to intervene are automatically granted by operation of Rule 214(c)(1). Motions to intervene that are filed after the intervention deadline are untimely and may be denied. Any late-filed motion to intervene must show good cause for being late and must explain why the time limitation should be waived and provide justification by reference to factors set forth in Rule 214(d) of the Commission's Rules and Regulations. A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies (paper or electronic) of all documents filed by the applicant and by all other parties.

Comments

Any person wishing to comment on the project may do so. The Commission considers all comments received about the project in determining the appropriate action to be taken. To ensure that your comments are timely and properly recorded, please submit your comments on or before August 8, 2022. The filing of a comment alone will not serve to make the filer a party to the proceeding. To become a party, you must intervene in the proceeding.

How To File Protests, Interventions, and Comments

There are two ways to submit protests, motions to intervene, and comments. In both instances, please reference the Project docket number CP22-471-000 in your submission. The Commission encourages electronic filing of submissions.

(1) You may file your protest, motion to intervene, and comments by using the Commission's eFiling feature, which is

located on the Commission's website (www.ferc.gov) under the link to Documents and Filings. New eFiling users must first create an account by clicking on "eRegister." You will be asked to select the type of filing you are making; first select "General" and then select "Protest", "Intervention", or "Comment on a Filing." The Commission's eFiling staff are available to assist you at (202) 502-8258 or FercOnlineSupport@ferc.gov.

(2) You can file a paper copy of your submission. Your submission must reference the Project docket number CP22-471-000.

To mail via USPS, use the following address: Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426.

To mail via any other courier, use the following address: Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 12225 Wilkins Avenue, Rockville, Maryland 20852.

Protests and motions to intervene must be served on the applicant either by mail or email (with a link to the document) at: tculbertson@dcpmidstream.com, 6900 E. Layton Ave, Suite 900, Denver, CO 80237. Any subsequent submissions by an intervenor must be served on the applicant and all other parties to the proceeding. Contact information for parties can be downloaded from the service list at the eService link on FERC Online.

Tracking the Proceeding

Throughout the proceeding, additional information about the project will be available from the Commission's Office of External Affairs, at (866) 208-FERC, or on the FERC website at www.ferc.gov using the "eLibrary" link as described above. The eLibrary link also provides access to the texts of all formal documents issued by the Commission, such as orders, notices, and rulemakings.

In addition, the Commission offers a free service called eSubscription which allows you to keep track of all formal issuances and submittals in specific dockets. This can reduce the amount of time you spend researching proceedings by automatically providing you with notification of these filings, document summaries, and direct links to the documents. SUPPLEMENTARY INFORMATION:

Title: FERC-912, PURPA Section 210(m) Notification Requirements Applicable to Cogeneration and Small Power Production Facilities.

OMB Control No.: 1902-0237.

Type of Request: Three-year extension of the FERC-912 information collection requirements with no changes to the current reporting requirements.

Abstract: On 8/8/2005, the Energy Policy Act of 2005 (EPAct 2005)¹ was signed into law. Section 1253(a) of EPAct 2005 amends Section 210 of the Public Utility Regulatory Policies Act of 1978 (PURPA) by adding subsection "(m)," that provides, based on a specified showing, for the termination and subsequent reinstatement of an electric utility's obligation to purchase from, and sell energy and capacity to, qualifying facilities (QFs). In 2019, the Commission revised its regulations in 18 CFR 292.309-292.313 in Docket No. RM19-15-000 to account for industry changes. These industry changes include: the decrease in reliance on oil and natural gas, the increase of natural gas supply due to access of shale reserves, and the decreasing costs of renewable energy sources. Due to the modifications in the rulemaking, the Commission revised its information collection requirements. The Commission now collects the following information on FERC Form 912:

- § 292.310: an electric utility's application for the *termination of its obligation* to purchase energy from a QF,

- § 292.311: an affected entity or person's application to the Commission for an order *reinstating the electric utility's obligation* to purchase energy from a QF,

- § 292.312: an electric utility's application for the *termination of its obligation* to sell energy and capacity to QFs, and

- § 292.313: an affected entity or person's application to the Commission for an order *reinstating the electric utility's obligation* to sell energy and capacity to QFs.²

Type of Respondents: Electric utilities.

Estimate of Annual Burden:³

The Commission estimates the total Public Reporting Burden and cost for this information collection as follows:

¹ Public Law 109-58, 119 Stat. 594 (2005).

² 18 CFR 292.311 and 292.313.

³ Burden as the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. For further explanation of what is included in the information collection burden, refer to Title 5 Code of Federal Regulations 1320.3.
