RIN 2120-AA66

Amendment of Area Navigation (RNAV) Route Q-29; Northeastern United States

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule; correction.

SUMMARY: This action corrects a final rule published by the FAA in the **Federal Register** on July 26, 2021, that amends area navigation (RNAV) route Q-29 in the northeastern United States.

This action is in support of the Northeast Corridor Atlantic Coast Route Project (NEC ACR) for improved efficiency of the National Airspace System (NAS) while reducing the dependency on ground based navigational systems. This action makes an administrative correction to the spelling of the final point on the legal description of RNAV route Q-29.

DATES: Effective date 0901 UTC, October 7, 2021. The Director of the Federal Register approves this incorporation by reference action under 1 CFR part 51, subject to the annual revision of FAA Order 7400.11 and publication of conforming amendments.

ADDRESSES: FAA Order 7400.11E, Airspace Designations and Reporting Points, and subsequent amendments can be viewed online at https://www.faa.gov/air_traffic/publications/. SUPPLEMENTARY INFORMATION:

History

The FAA published a final rule for Docket No. FAA-2020-1147 in the

Federal Register (86 FR 39952; July 26, 2021), amending RNAV route Q-29 in the northeastern United States. The Q-route amendment supports the strategy to transition the NAS from a ground-based navigation aid and radar-based system to a satellite-based PBN system. The final point, DUNOM, was incorrectly spelled in the legal description and this action only corrects that error.

United States area navigation routes are published in paragraph 2006 of FAA Order 7400.11E, dated July 21, 2020, and effective September 15, 2020, which is incorporated by reference in 14 CFR 71.1. The RNAV routes listed in this document will be published subsequently in the Order.

Availability and Summary of Documents for Incorporation by Reference

This document amends FAA Order 7400.11E, Airspace Designations and Reporting Points, dated July 21, 2020 and effective September 15, 2020. FAA Order 7400.11E is publicly available as listed in the **ADDRESSES** section of this document. FAA Order 7400.11E lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

Correction to Final Rule

Accordingly, pursuant to the authority delegated to me, the description of RNAV route Q-29 as published in the **Federal Register** on July 26, 2021 (86 FR 39952) is corrected as follows:

BILLING CODE 4910-13-P

FEDERAL TRADE COMMISSION

16 CFR Part 310

RIN 3084-AA98

Telemarketing Sales Rule Fees

AGENCY: Federal Trade Commission.

ACTION: Final rule.

SUMMARY: The Federal Trade Commission (the “Commission”) is amending its Telemarketing Sales Rule (“TSR”) by updating the fees charged to entities accessing the National Do Not Call Registry (the “Registry”) as required by the Do-Not-Call Registry Fee Extension Act of 2007.

DATES: This final rule (the revised fees) is effective October 1, 2021.

ADDRESSES: Copies of this document are available on the internet at the Commission’s website: <https://www.ftc.gov>.

FOR FURTHER INFORMATION CONTACT: Ami Joy Dziekan (202-326-2648), Bureau of Consumer Protection, Federal Trade Commission, 600 Pennsylvania Avenue NW, Room CC-9225, Washington, DC 20580.

SUPPLEMENTARY INFORMATION: To comply with the Do-Not-Call Registry Fee Extension Act of 2007 (15 U.S.C. 6152) (the “Act”), the Commission is amending the TSR by updating the fees entities are charged for accessing the Registry as follows: The revised rule increases the annual fee for access to the Registry for each area code of data from \$66 to \$69 per area code; and increases the maximum amount that will be charged to any single entity for accessing area codes of data from \$18,044 to \$19,017. Entities may add area codes during the second six months of their annual subscription period, and the fee for those additional area codes increases to \$35 from \$33.

These increases are in accordance with the Act, which specifies that beginning after fiscal year 2009, the dollar amounts charged shall be increased by an amount equal to the amounts specified in the Act, multiplied by the percentage (if any) by which the average of the monthly consumer price index (for all urban consumers

published by the Department of Labor) (“CPI”) for the most recently ended 12-month period ending on June 30 exceeds the CPI for the 12-month period ending June 30, 2008. The Act also states that any increase shall be rounded to the nearest dollar and that there shall be no increase in the dollar amounts if the change in the CPI since the last fee increase is less than one percent. For fiscal year 2009, the Act specified that the original annual fee for access to the Registry for each area code of data was \$54 per area code, or \$27 per area code of data during the second six months of an entity’s annual subscription period, and that the maximum amount that would be charged to any single entity for accessing area codes of data would be \$14,850.

The determination whether a fee change is required and the amount of the fee change involves a two-step process. First, to determine whether a fee change is required, we measure the change in the CPI from the time of the previous increase in fees. There was an increase in the fees for fiscal year 2021. Accordingly, we calculated the change in the CPI since last year, and the increase was 5.39 percent. Because this change is over the one percent threshold, the fees will change for fiscal year 2022.

Second, to determine how much the fees should increase this fiscal year, we use the calculation specified by the Act set forth above: The percentage change in the baseline CPI applied to the original fees for fiscal year 2009. The average value of the CPI for July 1, 2007, to June 30, 2008, was 211.702; the average value for July 1, 2020, to June 30, 2021, was 271.696, an increase of 28.34 percent. Applying the 28.34 percent increase to the base amount from fiscal year 2009, leads to a \$69 fee for access to a single area code of data for a full year for fiscal year 2022, an increase of \$3 from last year. The actual amount is \$69.16, but when rounded, pursuant to the Act, \$66 is the appropriate fee. The fee for accessing an additional area code for a half year increases by three dollars to \$35 (rounded from \$34.58). The maximum amount charged increases to \$19,017 (rounded from \$19,017.05).

Administrative Procedure Act; Regulatory Flexibility Act; Paperwork Reduction Act. The revisions to the Fee Rule are technical in nature and merely incorporate statutory changes to the TSR. These statutory changes have been adopted without change or interpretation, making public comment unnecessary. Therefore, the Commission has determined that the notice and comment requirements of the

Administrative Procedure Act do not apply. *See* 5 U.S.C. 553(b). For this reason, the requirements of the Regulatory Flexibility Act also do not apply. *See* 5 U.S.C. 603, 604.

Pursuant to the Paperwork Reduction Act, 44 U.S.C. 3501–3521, the Office of Management and Budget (“OMB”) approved the information collection requirements in the Amended TSR and assigned the following existing OMB Control Number: 3084-0169. The amendments outlined in this Final Rule pertain only to the fee provision (§ 310.8) of the Amended TSR and will not establish or alter any record keeping, reporting, or third-party disclosure requirements elsewhere in the Amended TSR.

(c) The annual fee, which must be paid by any person prior to obtaining access to the National Do Not Call Registry, is \$69 for each area code of data accessed, up to a maximum of \$19,017; *provided*, however, that there shall be no charge to any person for accessing the first five area codes of data, and *provided further*, that there shall be no charge to any person engaging in or causing others to engage in outbound telephone calls to consumers and who is accessing area codes of data in the National Do Not Call Registry if the person is permitted to access, but is not required to access, the National Do Not Call Registry under 47 CFR 64.1200, or any other Federal regulation or law.
