

majority of HUD's FFA programs, this waiver advances BABA by targeting the initial phased implementation to a well-developed industry in connection with infrastructure projects being undertaken by sophisticated CDBG formula grantees. HUD is seeking comment on the further implementation of the BAP but will focus specific attention to the full implementation of the BAP in connection with the use of iron and steel in infrastructure projects in other FFA programs utilizing HUD funds within this waiver period.

No funds obligated by HUD or the grantee/funding recipient during the period of the waiver that would be exempted from compliance with BAP as a result of the waiver will be required to apply the BAP.

V. Impact of This Waiver on Other Federal Financial Assistance

No funds that have been obligated by HUD before November 14, 2022, or during the pendency of this waiver will require compliance with the BAP, with the exception of iron and steel products used in connection with infrastructure projects funded through CDBG formula grants obligated by HUD on or after November 15, 2022, or unless otherwise required by another FFA award. Where the BAP or other BABA requirements are made applicable to a project of a grantee or funding recipient by another Federal agency, those requirements are not waived by this waiver, nor is the grantee or funding recipient exempt from the application of those requirements in accordance with the requirements of the Federal Agency providing such Federal Financial Assistance.

VI. Assessment of Cost Advantage of a Foreign-Sourced Product

Under OMB Memorandum M-22-11, "Memorandum for Heads of Executive Departments and Agencies," published on April 18, 2022, agencies are expected to assess "whether a significant portion of any cost advantage of a foreign-sourced product is the result of the use of dumped steel, iron, or manufactured products or the use of injuriously subsidized steel, iron, or manufactured products" as appropriate before granting a public interest waiver.² HUD's analysis has concluded that this assessment is not applicable to this waiver, as this waiver is not based in the cost of foreign-sourced products. HUD

will perform additional market research during the waiver period to better understand the market and to limit the use of waivers caused by dumping of foreign-sourced products.

VII. Solicitation of Comments on the Waiver

As required under section 70914 of the Act, HUD is soliciting comment from the public on the waiver announced in this Notice. In particular, HUD invites comments on the waiver of application of the BAP for iron and steel products in connection with infrastructure projects funded through HUD's FFA programs other than CDBG formula grants. HUD also seeks specific comment on how it may best further phase in the application of the BAP for all construction materials and manufactured products in connection with CDBG formula grants and all other HUD FFA programs. HUD invites comments on what time period would be appropriate for purposes of achieving these various phases of orderly implementation of the Act.

Marcia L. Fudge,
Secretary.

SUPPLEMENTARY INFORMATION: In accordance with the Paperwork Reduction Act of 1995 (PRA, 44 U.S.C. 3501 *et seq.*) and 5 CFR 1320.8(d)(1), we provide the general public and other Federal agencies with an opportunity to comment on new, proposed, revised, and continuing collections of information. This helps us assess the impact of our information collection requirements and minimize the public's reporting burden. It also helps the public understand our information collection requirements and provide the requested data in the desired format.

A **Federal Register** notice with a 60-day public comment period soliciting comments on this collection of information was published on August 11, 2022 (87 FR 49606). No comments were received.

As part of our continuing effort to reduce paperwork and respondent burdens, we are again soliciting comments from the public and other Federal agencies on the proposed ICR that is described below. We are especially interested in public comment addressing the following:

- (1) Whether or not the collection of information is necessary for the proper performance of the functions of the agency, including whether or not the information will have practical utility;
- (2) The accuracy of our estimate of the burden for this collection of information, including the validity of the methodology and assumptions used;
- (3) Ways to enhance the quality, utility, and clarity of the information to be collected; and
- (4) How might the agency minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of response.

Comments that you submit in response to this notice are a matter of

public record. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Abstract: Title 5 of the U.S. Code section 5911 authorizes Federal agencies to provide housing for Government employees under specified circumstances. In compliance with OMB Circular A-45 (Revised), Rental and Construction of Government Housing, a review of private rental market housing rates is required at least once every 5 years to ensure that the rental, utility charges, and charges for related services to occupants of Government Furnished Housing (GFH) are comparable to corresponding charges in the private sector. To avoid unnecessary duplication and inconsistent rental rates, the Department of the Interior, Office of the Secretary, Interior Business Center (on behalf of the Office of Acquisition and Property Management), conducts housing surveys in support of employee housing management programs for the Departments of the Interior (DOI), Agriculture, Commerce, Homeland Security, Justice, Transportation, Health and Human Services, Veterans Affairs, and other agencies. In this survey, two collection forms are used for rental unit data: OS-2000 covering "Houses—Apartments—Mobile Homes," and OS-2001 covering "Trailer Spaces."

Respondents are typically property management companies or significant property owners in specific communities and are contacted by email or telephone. They may provide the rental unit information requested in OS-2000 and OS-2001 verbally, update rental data collected during a previous survey, enhance/complete rental data gathered from published sources, or provide lists of rental units they manage.

This collection of information provides data that is essential for DOI and the other Federal agencies to manage GFH in accordance with the requirements of OMB Circular A-45 (Revised). If this information were not collected from the public, DOI and the other Federal agencies providing GFH

would be required to use professional real estate appraisals of private market rental costs, again, in accordance with OMB Circular A-45, but at an increased cost to the taxpayer.

Title of Collection: Private Rental Survey.

OMB Control Number: 1084-0033.

Form Number: OS-2000 and OS-2001.

Type of Review: Extension of a currently approved collection.

Respondents/Affected Public: Businesses and other for-profit institutions.

Total Estimated Number of Annual Respondents: 1,883.

Total Estimated Number of Annual Responses: OS-2000: 3,180; OS-2001: 359; Total: 3,539.

Estimated Completion Time per Response: 6 minutes for OS-2000 and 4 minutes for OS-2001.

Total Estimated Number of Annual Burden Hours: 342 hours.

Respondent's Obligation: Voluntary.

Frequency of Collection: Once per respondent every fourth year. Three or four of 16 total survey regions are surveyed every year. Therefore, a respondent or business may potentially be surveyed every fourth year if the exact same unit is surveyed again four years later. In addition, if an individual respondent or business is a significant rental property manager or rental property owner in the community, they may provide multiple responses in the same survey. Approximately 63% of respondents furnish more than one rental unit (OS-2000 and OS-2001). About 60% of respondents validate published data (tax records, advertisement, etc.), 30% update their previous survey data, and 10% furnish a new OS-2000 or OS-2001. Participation is optional.

Total Estimated Annual Non-hour Burden Cost: None.

An agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

The authority for this action is the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).

Jeffrey Parrillo,

Departmental Information Collection Clearance Officer.
