United States v. Microsemi Corporation; Proposed Final Judgment and Competitive Impact Statement

Notice is hereby given pursuant to the Antitrust Procedures and Penalties Act, 15 U.S.C. 16(b)-(h), that a proposed Final Judgment and Competitive Impact Statement have been filed with the United States District Court for the Central District of California in *United States v. Microsemi Corporation*, Civil Action No. 8:09-CV-00275-AG-AN. On December 18, 2008, the United States filed a Complaint alleging Microsemi Corporation's July 14, 2008 acquisition of the assets of Semicoa violated Section 7 of the Clayton Act, 15 U.S.C. 18, and Section 2 of the Sherman Act, 15 U.S.C. 2. The United States alleged that this acquisition enabled Microsemi to eliminate or reduce competition in the development, manufacture, and sale of certain small signal transistors and ultrafast recovery rectifier diodes used in military and space programs. The proposed Final Judgment, filed on August 20, 2009, requires that Microsemi divest all of the assets it acquired from Semicoa. A Competitive Impact Statement filed by the United States describes the Complaint, the proposed Final Judgment, the industry, and the remedies available to private litigants who may have been injured by the alleged violation.

Copies of the Complaint, proposed Final Judgment, and Competitive Impact Statement are available for inspection at the Department of Justice, Antitrust Division, Antitrust Documents Group, 450 Fifth Street, NW., Suite 1010, Washington, DC 20530 (telephone: 202-514-2481), on the Department of Justice's Web site at <http://www.usdoj.gov/atr>, and at the Office of the Clerk of the United States District Court for the Central District of California, Southern Division.
