

determined to be of Native American ancestry. Archeological evidence from sites in the region date to the late prehistoric period, from 900–1500 A.D.

Five lines of evidence support a cultural affiliation finding for the site including geographical, archeological, anthropological, historical, and oral history information gathered during consultation. The Caddo have a long association with the territory in which they were first encountered by the Europeans including in southwestern Arkansas. The emergence of the Caddo culture in the region of southwestern Arkansas, northern Louisiana, southeastern Oklahoma, and eastern Texas is documented by 900 A.D. or shortly thereafter. The distinctive ceramics and specific artifacts made of stone, bone, antler, and marine shell form a line of evidence archeologically connecting historic Caddo groups with this region. Historic records and ethnographic accounts place the Caddo in this region in the 1600s. Based on the cultural material, geographic location, dates of occupation, 18th and 19th century accounts of the occupants of the area, and information gained during consultation, Little Rock District has determined that the human remains and associated funerary objects from the sites listed in this notice are culturally affiliated with the Caddo Nation of Oklahoma.

Determinations Made by the Little Rock District

Officials of the Little Rock District have determined that:

- Pursuant to 25 U.S.C. 3001(9), the human remains described in this notice represent the physical remains of 88 individuals of Native American ancestry.
- Pursuant to 25 U.S.C. 3001(3)(A), the 152 objects described in this notice are reasonably believed to have been placed with or near individual human remains at the time of death or later as part of the death rite or ceremony.
- Pursuant to 25 U.S.C. 3001(2), there is a relationship of shared group identity that can be reasonably traced between the Native American human remains and associated funerary objects and the Caddo Nation of Oklahoma.

Additional Requestors and Disposition

Lineal descendants or representatives of any Indian tribe or Native Hawaiian organization not identified in this notice that wish to request transfer of control of these human remains and associated funerary objects should submit a written request with information in support of the request to Mr. Rodney Parker, District Archaeologist, U.S. Army Corps

of Engineers, Little Rock District, P.O. Box 867, Little Rock AR 72203, telephone (501) 324–5752, email rodney.d.parker@usace.army.mil by February 18, 2014. After that date, if no additional requestors have come forward, transfer of control of the human remains and associated funerary object to the Caddo Nation of Oklahoma may proceed.

The Little Rock District is responsible for notifying the Caddo Nation of Oklahoma; The Chickasaw Nation; The Choctaw Nation of Oklahoma; The Quapaw Tribe of Indians; The Osage Nation (previously listed as the Osage Tribe); and the United Keetoowah Band of Cherokee Indians in Oklahoma that this notice has been published.

Dated: December 5, 2013.

Notice of Inventory Completion: Tennessee Valley Authority, Knoxville, TN

AGENCY: National Park Service, Interior.

ACTION: Notice.

SUMMARY: The Tennessee Valley Authority (TVA) has completed an inventory of human remains in consultation with the appropriate Federally recognized Indian tribes, and has determined that there is no cultural affiliation between the human remains and any present-day Federally recognized Indian tribes. Representatives of any Federally recognized Indian tribe not identified in this notice that wish to request transfer of control of these human remains should submit a written request to TVA. If no additional requestors come forward, transfer of control of the human remains to the Federally recognized Indian tribe stated in this notice may proceed.

DATES: Representatives of any Federally recognized Indian tribe not identified in this notice that wish to request transfer of control of these human remains should submit a written request with information in support of the request to TVA at the address in this notice by February 18, 2014.

ADDRESSES: Dr. Thomas O. Maher, TVA, 400 West Summit Hill Drive, WT11D,

Knoxville TN 37902–1401, telephone (865) 632–7458, email tomaher@tva.gov.

SUPPLEMENTARY INFORMATION: Notice is here given in accordance with the Native American Graves Protection and Repatriation Act (NAGPRA), 25 U.S.C. 3003, of the completion of an inventory of human remains under the control of TVA. The human remains were removed from the Rudder site in Jackson County, AL.

This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA, 25 U.S.C. 3003(d)(3) and 43 CFR 10.11(d). The determinations in this notice are the sole responsibility of the museum, institution, or Federal agency that has control of the Native American human remains. The National Park Service is not responsible for the determinations in this notice.

Consultation

A detailed assessment of the human remains was made by TVA professional staff in consultation with representatives of the University of Alabama and the Absentee-Shawnee Tribe of Oklahoma; Alabama-Coushatta Tribe of Texas (previously listed as the Alabama-Coushatta Tribes of Texas); Alabama-Quassarte Tribal Town; Cherokee Nation; Eastern Band of Cherokee Indians; Eastern Shawnee Tribe of Oklahoma; Kialegee Tribal Town; Poarch Band of Creeks (previously listed as the Poarch Band of Creek Indians of Alabama); Seminole Tribe of Florida (previously listed as the Seminole Tribe of Florida (Dania, Big Cypress, Brighton, Hollywood & Tampa Reservations)); Shawnee Tribe; The Chickasaw Nation; The Muscogee (Creek) Nation; The Seminole Nation of Oklahoma; Thlopthlocco Tribal Town; and the United Keetoowah Band of Cherokee Indians in Oklahoma.

History and Description of the Remains

From March 13 to November 14, 1939, human remains representing, at minimum, 5 individuals were removed from the Rudder site (1JA180), in Jackson County, AL. The Rudder site was excavated as part of TVA's Guntersville reservoir project by the Alabama Museum of Natural History (AMNH) at the University of Alabama, using labor and funds provided by the Works Progress Administration. Excavation of the land commenced after TVA had acquired this land for the Guntersville project. The excavation site was composed of a truncated trapezoidal mound with multiple construction periods and a smaller mound containing most of the burial units. This site was occupied during the

Henry Island phase of the Mississippian culture (ca. A.D. 1200–1400). Details regarding this site may be found in *An Archaeological Survey of Guntersville Basin on the Tennessee River in Northern Alabama* by William S. Webb and Charles G. Wilder. The human remains excavated from the Rudder site have always been in the physical custody of the AMNH at the University of Alabama. The human remains include 2 adult females and 3 adult males. No known individuals were identified.

At the time of the excavation and removal of these human remains, the land from which the remains were removed was not the tribal land of any federally recognized Indian tribe. In October 2013, TVA consulted with all federally recognized Indian tribes who are recognized as aboriginal to the area from which these Native American human remains were removed. These tribes are the Cherokee Nation, Eastern Band of Cherokee Indians, and United Keetoowah Band of Cherokee Indians in Oklahoma. None of these Indian tribes agreed to accept control of the human remains. After further consultation with the parties that were a part of this overall consultation, TVA has decided to transfer control of the human remains to the Muscogee (Creek) Nation of Oklahoma.

Determinations Made by the Tennessee Valley Authority

Officials of TVA have determined that:

- Pursuant to 25 U.S.C. 3001(9), the human remains described in this notice are Native American based on their presence below, but not derived from, a large trapezoidal mound built during the Henry Island phase (AD 1200–1400).
- Pursuant to 25 U.S.C. 3001(9), the human remains described in this notice represent the physical remains of 5 individuals of Native American ancestry.

- Pursuant to 25 U.S.C. 3001(2), a relationship of shared group identity cannot be reasonably traced between the Native American human remains and any present-day Indian tribe.

- Pursuant to 43 CFR 10.11(c)(2)(i), TVA has decided to transfer control of the culturally unidentifiable human remains to the Muscogee (Creek) Nation.

Additional Requestors and Disposition

Representatives of any Federally recognized Indian tribe not identified in this notice that wish to request transfer of control of these human remains should submit a written request with information in support of the request to Dr. Thomas O. Maher, TVA, 400 West

Summit Hill Drive, WT11D, Knoxville, TN 37902–1401, telephone (865) 632–7458, email tomaher@tva.gov, by February 18, 2014. After that date, if no additional requestors have come forward, transfer of control of the human remains to The Muscogee (Creek) Nation may proceed.

TVA is responsible for notifying the University of Alabama and the Absentee-Shawnee Tribe of Oklahoma; Alabama-Coushatta Tribe of Texas (previously listed as the Alabama-Coushatta Tribes of Texas); Alabama-Quassarte Tribal Town; Cherokee Nation; Eastern Band of Cherokee Indians; Eastern Shawnee Tribe of Oklahoma; Kialegee Tribal Town; Poarch Band of Creeks (previously listed as the Poarch Band of Creek Indians of Alabama); Seminole Tribe of Florida (previously listed as the Seminole Tribe of Florida (Dania, Big Cypress, Brighton, Hollywood & Tampa Reservations)); Shawnee Tribe; The Chickasaw Nation; The Muscogee (Creek) Nation; The Seminole Nation of Oklahoma; Thlopthlocco Tribal Town; and the United Keetoowah Band of Cherokee Indians in Oklahoma, that this notice has been published.

Notice of Inventory Completion: California State University, Fullerton, CA

AGENCY: National Park Service, Interior.

ACTION: Notice.

SUMMARY: The California State University, Fullerton, has completed an inventory of human remains and associated funerary objects, in consultation with the appropriate Indian tribes or Native Hawaiian organizations, and has determined that there is a cultural affiliation between the human remains and associated funerary objects and present-day Indian tribes or Native Hawaiian organizations. Lineal descendants or representatives of any Indian tribe or Native Hawaiian organization not identified in this notice that wish to request transfer of control of these human remains and associated funerary objects should submit a written request to the California State

University, Fullerton. If no additional requestors come forward, transfer of control of the human remains and associated funerary objects to the lineal descendants, Indian tribes, or Native Hawaiian organizations stated in this notice may proceed.

DATES: Lineal descendants or representatives of any Indian tribe or Native Hawaiian organization not identified in this notice that wish to request transfer of control of these human remains and associated funerary objects should submit a written request with information in support of the request to the California State University, Fullerton, at the address in this notice by February 18, 2014.

ADDRESSES: Dr. Mitchell Avila, California State University, Fullerton, P.O. Box 6850, Fullerton, CA 92834–6850, telephone (657) 278–3528, email mavila@Exchange.FULLERTON.EDU.

SUPPLEMENTARY INFORMATION: Notice is here given in accordance with the Native American Graves Protection and Repatriation Act (NAGPRA), 25 U.S.C. 3003, of the completion of an inventory of human remains and associated funerary objects under the control of the California State University, Fullerton. The human remains and associated funerary objects were removed from Inyo County, CA.

This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA, 25 U.S.C. 3003(d)(3). The determinations in this notice are the sole responsibility of the museum, institution, or Federal agency that has control of the Native American human remains and associated funerary objects. The National Park Service is not responsible for the determinations in this notice.

Consultation

A detailed assessment of the human remains was made by the California State University, Fullerton, professional staff in consultation with representatives of Big Pine Paiute Tribe of the Owens Valley (previously listed as the Big Pine Band of Owens Valley Paiute Shoshone Indians of the Big Pine Reservation, California); Bishop Paiute Tribe (previously listed as the Paiute-Shoshone Indians of the Bishop Community of the Bishop Colony, California); Death Valley Timbi-sha Shoshone Tribe (previously listed as the Death Valley Timbi-Sha Shoshone Band of California); Fort Independence Indian Community of Paiute Indians of the Fort Independence Reservation, California; Lone Pine Paiute-Shoshone Tribe (previously listed as the Paiute-Shoshone Indians of the Lone Pine
