

staff estimates that approximately 90 percent, or 8,924, maintain covered accounts, and thus will need the additional burdens related to complying with the rules.¹¹ Accordingly, staff estimates that the additional annual burden for SEC-regulated entities that qualify as financial institutions or creditors and maintain covered accounts is 84,778 hours at an additional cost of \$77,085,512.¹² Thus, the total estimated ongoing annual burden for all SEC-regulated entities is 94,693 hours at a total estimated annual cost of \$81,596,837.¹³

The collections of information required by section 248.202 will apply only to SEC-regulated entities that issue credit or debit cards.¹⁴ SEC staff understands that SEC-regulated entities generally do not issue credit or debit cards, but instead partner with other entities, such as banks, that issue cards on their behalf. These other entities, which are not regulated by the SEC, are already subject to substantially similar change of address obligations pursuant to the Agencies' identity theft red flags rules. Therefore, staff does not expect that any SEC-regulated entities will be subject to the information collection requirements of section 248.202, and accordingly, staff estimates that there is no hour or cost burden for SEC-regulated entities related to section 248.202.

In total, SEC staff estimates that the aggregate annual information collection burden of Regulation S-ID is 110,741 hours (16,048 hours + 94,693 hours). This estimate of burden hours is made solely for the purposes of the Paperwork Reduction Act and is not derived from a quantitative, comprehensive, or even representative survey or study of the burdens associated with Commission rules and forms. Compliance with Regulation S-ID, including compliance with the information collection requirements thereunder, is mandatory for each SEC-regulated entity that qualifies as a "financial institution" or "creditor" under Regulation S-ID (as discussed above, certain collections of information under Regulation S-ID are mandatory only for financial

institutions or creditors that offer or maintain covered accounts). Responses will not be kept confidential. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid control number.

¹¹ See *supra* note 5 and accompanying text. If a financial institution or creditor does not maintain covered accounts, there would be no ongoing annual burden for purposes of the PRA.

¹² These estimates are based on the following calculations: 8,924 financial institutions and creditors that maintain covered accounts × 9.5 hours = 84,778 hours; 8,924 financial institutions and creditors that maintain covered accounts × \$8,638 = \$77,085,512.

¹³ These estimates are based on the following calculations: 9,915 hours + 84,778 hours = 94,693 hours; \$4,511,325 + \$77,085,512 = \$81,596,837.
