An agency may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act (PRA) that does not display a valid control number. Comments are requested concerning (a) whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's burden estimate; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology.

DATES: Written Paperwork Reduction Act (PRA) comments should be submitted on or before March 19, 2007. If you anticipate that you will be submitting PRA comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the FCC contact listed below as soon as possible.

Number of Respondents: 3,400.

Estimated Time per Response: 0.5 hours (30 minutes).

Total Annual Burden: 1,700 hours.

Nature and Extent of Confidentiality: There is no need for confidentiality, except for personally identifiable information individuals may submit, which is covered by a system of records, FCC/OMD-9, "Commission Registration System (CORES)."

Privacy Impact Assessment: No impact(s).

Needs and Uses: Section 9 of the Communications Act of 1934, as amended, authorizes the FCC to assess and to collect regulatory fees to recover costs incurred in carrying out the Commission's enforcement actions, policies, rulemaking activities, and user information services.

Telecommunications licensees and permittees that provide interstate, international, mobile, and satellite services, including telephone operator services, must pay those fees, which are based upon a percentage of the licensee/permittee's interstate revenues. The FCC bills telecommunications licensees and permittees using the FCC Form 159-W as the invoice. The FCC developed FCC Form 159-W to provide a convenient format for these telecommunications licensees and permittees to verify the information that is extracted from the interstate revenue information (which are already "populated" on this form) and to verify the simple calculation of the fee amount that is due, correcting any inaccuracies as necessary. The FCC uses this form to bill the telecommunications licensee or permittee the amount of its regulatory fee. The FCC is making minor revisions to FCC Form 159-W to provide a clearer format. Respondents may access FCC Form 159-W on line through the FCC's Web page: www.fcc.gov/frnreg if they wish to submit payment prior to being billed.

Nature and Extent of Confidentiality: There is no need for confidentiality, except for personally identifiable information individuals may submit, which is covered by a system of records, FCC/OMD-9, "Commission Registration System (CORES)."

Privacy Impact Assessment: No impact(s).

The Commission uses this information to collect and to report on any delinquent amounts arising from the respondent's business dealings with the FCC, including both "feeable" and "nonfeeable" services.
