

DATES: Comments on the collection(s) of information must be received by the OMB desk officer by August 2, 2024.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

To obtain copies of a supporting statement and any related forms for the proposed collection(s) summarized in this notice, please access the CMS PRA website by copying and pasting the following web address into your web browser: <https://www.cms.gov/Regulations-and-Guidance/Legislation/PaperworkReductionActof1995/PRA-Listing>.

FOR FURTHER INFORMATION CONTACT: William Parham at (410) 786–4669.

SUPPLEMENTARY INFORMATION: Under the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3501–3520), Federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. The term “collection of information” is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA (44 U.S.C. 3506(c)(2)(A)) requires Federal agencies to publish a 30-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, CMS is publishing this notice that summarizes the following proposed collection(s) of information for public comment:

1. *Type of Information Collection Request:* Revision of a currently approved collection; *Title of Information Collection:* Medicare Enrollment Application for Institutional Providers; *Use:* Various sections of the Social Security Act (Act), the United States Code (U.S.C.), Internal Revenue Service Code (Code) and the Code of Federal Regulations (CFR) require providers and suppliers to furnish information concerning the amounts due and the identification of individuals or entities that furnish medical services to beneficiaries before payment can be made.

The primary function of the CMS–855A Medicare enrollment application is to gather information from a certified provider or certified supplier (hereafter occasionally and collectively referenced as “provider(s)”) that tells us who it is, whether it meets certain qualifications to be a health care provider, where it practices or renders services, the identity of its owners, and other information necessary to establish correct claims payments. *Form Number:* CMS–855A (OMB control number: 0938–0685); *Frequency:* On occasion; *Affected Public:* Business or other for-profits, not-for-profit institutions; *Number of Respondents:* 45,473; *Total Annual Responses:* 217,493; *Total Annual Hours:* 41,120. (For policy questions regarding this collection contact Frank Whelan at 410–786–1302.)

William N. Parham, III,

Director, Division of Information Collections and Regulatory Impacts, Office of Strategic Operations and Regulatory Affairs.

Administration for Children and Families

Proposed Information Collection Activity; Supporting Youth To Be Successful in Life (SYSIL) Study—Extension With Proposed Revisions (Office of Management and Budget #: 0970–0574)

AGENCY: Office of Planning, Research, and Evaluation, Administration for Children and Families, U.S Department of Health and Human Services.

ACTION: Request for public comments.

SUMMARY: The Administration for Children and Families (ACF) is requesting approval from the Office of Management and Budget (OMB) for an extension with proposed revisions of a currently approved information collection activity as part of the Supporting Youth to be Successful in Life (SYSIL) study (OMB #: 0970–0574; expiration date: 07/31/2024).

DATES: *Comments due within 30 days of publication.* OMB must make a decision about the collection of information between 30 and 60 days after publication of this document in the **Federal Register**. Therefore, a comment is best assured of having its full effect if OMB receives it within 30 days of publication.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

SUPPLEMENTARY INFORMATION:

Description: SYSIL builds evidence on how to decrease the risk of homelessness among youth and young adults with experience in the child welfare system by continuing work with an organization who conducted foundational work as part of the Youth At-Risk of Homelessness project (OMB Control Number: 0970–0445). SYSIL will provide important information to the field by designing and conducting a federally led evaluation of a comprehensive service model for youth at risk of homelessness.

The SYSIL evaluation includes an implementation study and an impact study, which will use a rigorous quasi-experimental design that includes a comparison group. This information collection request includes the baseline and follow-up survey instruments for the impact study (a single instrument administered three times), and discussion guides for interviews and focus groups for the implementation study. The data collected from the baseline and follow-up surveys will be used to describe the characteristics of the study sample of youth, develop models for estimating program impacts, and determine program effectiveness by comparing outcomes between youth in the treatment (youth receiving the Pathways program) and control groups. The study also collects updated contact information from youth at two points in time to assist in reaching youth to complete follow-up surveys. Data from the interviews and focus groups will provide a detailed understanding of program implementation. We are also conducting brief check-ins with program directors using a subset of questions from the interview guides to collect information on services provided at two additional points in time. The study also uses administrative data from the child welfare system, homelessness management information system, and program providers. Administrative data is being used in its existing format and does not impose any new information collection or recordkeeping requirements on respondents.

The purpose of the requested extension is to continue the ongoing data collection, which will provide

information on focal youth outcomes and program implementation. We are also requesting revisions to the interview and focus group protocols, as well as an additional round of interviews and focus groups. The purpose of the proposed revision is to better understand their experiences in delivering and receiving services and gather information on topics not previously covered in the protocols.

Respondents: The baseline and follow-up surveys and contact update requests are administered to youth in the treatment group (youth receiving the Pathways program) and youth in the control group who consent to participate in the study. Interviews are conducted with program leadership and staff. Focus groups are conducted with a subset of youth who are participating

in the study. Check-ins are conducted with program directors.

Annual Burden Estimates

Estimated burden reflects estimates over the next three years. The numbers of respondents have been updated to reflect completed efforts. There are no changes to estimated time per responses.

Instrument	Number of respondents (total over request period)	Number of responses per respondent (total over request period)	Avg. burden per response (in hours)	Total burden (in hours)	Annual burden (in hours)
SYSIL Youth Survey—Baseline survey	120	1	.42	50.4	16.8
SYSIL Youth Survey—Follow-up survey 1 (6 months)	185	1	.42	77.70	25.9
SYSIL Youth Survey—Follow-up survey 2 (12 months)	256	1	.42	107.52	35.84
Interview guide for Pathways sites (treatment sites)	60	1	1.5	90	30
Program Director Check-ins for Pathways sites (treatment sites)	0	0	0	0	0
Interview guide for comparison sites	60	1	1.5	90	30
Program Director Check-ins for comparison sites	0	0	0	0	0
Focus group discussion guide for Pathways youth (treatment youth)	50	1	1.5	75	25
Focus group discussion guide for comparison youth	75	1	1.5	75	25
Contact Information Update Requests	120	2	.08	19.2	6.4
Contact Information Update Requests	185	1	.08	14.8	4.93

Estimated Total Annual Burden Hours: 199.87

Authority: Section 105(b)(5) of the Child Abuse Prevention and Treatment Act (CAPTA) of 1978 (42 U.S.C. 5106(b)(5)), as amended by the CAPTA Reauthorization Act of 2010 (Pub. L. 111–320).

Mary C. Jones,
ACF/OPRE Certifying Officer.

BILLING CODE 4184–29–P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

The Interagency Coordination Committee on the Prevention of Underage Drinking Requests for Public Comments

AGENCY: The Interagency Coordinating Committee on the Prevention of Underage Drinking (ICCPUD), Office of Disease Prevention and Health Promotion, and Substance Abuse and Mental Health Services Administration (SAMHSA), Office of the Assistant Secretary for Health (OASH), U.S. Department of Health and Human Services (HHS).

ACTION: Notice of request for information.

SUMMARY: The Interagency Coordinating Committee on the Prevention of Underage Drinking requests public comments on the Alcohol Intake and Health methodology developed for performing a series of studies assessing the relationship between alcohol intake and related health conditions. The Alcohol Intake and Health studies will be completed by experts with experience conducting meta-analyses, relative risk estimates, and systematic reviews related to alcohol intake and health. The studies will assess the current, best, and most applicable scientific evidence on the relationship between consumption of alcohol and health outcomes.

DATES: Consideration will be given to all written comments received by August 2, 2024.

ADDRESSES: Interested persons are invited to submit written comments to samhsapra@samhsa.hhs.gov. You may submit attachments to electronic comments in Microsoft Word, Excel, or Adobe PDF file formats.

FOR FURTHER INFORMATION CONTACT: Send comments related to the methods for the Alcohol Intake and Health Study to Robert Vincent, SAMHSA Reports Clearance Officer, Center for Behaviors Health Quality and Statistics, Substance Abuse and Mental Health Services Administration, 5600 Fishers Lane,

Room 15E45, Rockville, MD 20857; Phone: (240) 276–0166; Email: samhsapra@samhsa.hhs.gov. Additional information is at ICCPUD Study on Alcohol Intake and Health (StopAlcoholAbuse.gov).

SUPPLEMENTARY INFORMATION:

Authority and Purpose: The Interagency Coordinating Committee on the Prevention of Underage Drinking (ICCPUD) was created in 2004 when Congress directed the Secretary of HHS to establish the ICCPUD to coordinate all federal agency activities related to the problem of underage drinking.

In April 2022, to support the *Dietary Guidelines for Americans* process and be responsive to stakeholder interest in the subject, the Alcohol Intake and Health Study (Study) was devised and approved by ICCPUD principles. The Study is designed to assess the scientific evidence on the relationship between chronic alcohol use and multiple health conditions, the relationship between alcohol use and injury risk, lifetime risks of alcohol-attributable mortality and morbidity, and the burden of disease related to alcohol intake in the United States. This information will be provided to HHS and USDA for consideration during the development of the 2025–2030 *Dietary Guidelines for Americans*.
