**Large Newspaper Printing Presses and Components Thereof, Whether Assembled or Unassembled, From Germany: Notice of Initiation of Changed Circumstances Review and Consideration of Revocation of the Antidumping Duty Order**

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**ACTION:** Notice of initiation of changed circumstances review.

**SUMMARY:** In accordance with 19 CFR 351.216(b), KBA North America, Inc. Web Press Division, a U.S. producer of subject merchandise and an interested party in this proceeding, requested a changed circumstances review. In response to this request, the Department of Commerce is initiating a changed circumstances review on large newspaper printing presses and components thereof, whether assembled or unassembled, from Germany.

**EFFECTIVE DATE:** November 13, 2001.

**FOR FURTHER INFORMATION CONTACT:** David J. Goldberger or Kate Johnson, Office 2, AD/CVD Enforcement Group I, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone: (202) 482-4136 or (202) 482-4929, respectively.

**The Applicable Statute and Regulations**

Unless otherwise indicated, all citations to the Tariff Act of 1930, as amended (the Act), are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Act by the Uruguay Round Agreements Act (URAA). In addition, unless otherwise indicated, all citations to the Department of Commerce's (the Department's) regulations are to the regulations at 19 CFR part 351 (2001).

**SUPPLEMENTARY INFORMATION:****Background**

On September 24, 2001, Koenig & Bauer AG and KBA North America, Inc. Web Press Division (KBA NA; collectively, K&B) requested that the Department revoke the antidumping duty order on large newspaper printing presses (LNPP) and components thereof, whether assembled or unassembled, from Germany through initiation of a changed circumstances review. K&B provided information that the petitioner

in this proceeding, Goss Graphics System, Inc. (Goss), closed its sole U.S. production facility on August 31, 2001, and is no longer a producer of the merchandise subject to the antidumping duty order. On November 2, 2001, KBA NA stated that it accounts for substantially all of the production of the domestic like product and no longer has an interest in the continuation of the antidumping order. In addition, prior to K&B's request, on September 19, 2001, MAN Roland Druckmaschinen AG and MAN Roland Inc. (collectively, MAN Roland) requested that the Department revoke the antidumping duty order on LNPP and components thereof, whether assembled or unassembled, from Germany through a changed circumstances review. MAN Roland provided information similar to K&B's regarding the status of Goss's U.S. production facility. Both K&B and MAN Roland submitted additional material regarding Goss on October 19, 2001, and MAN Roland provided further information on October 29, 2001. Accordingly, both K&B and MAN Roland believe that the order should be revoked with respect to any entries of LNPPs that have not yet been the subject of a completed administrative review.

On October 3, 2001, the Department requested Goss to state for the record whether it is a domestic producer of LNPPs. Goss responded on October 19, 2001, stating that it continues to perform certain manufacturing functions at a U.S. facility and thus continues to be a manufacturer, producer, or wholesaler in the United States within the meaning of section 771(9) of the Act. On that basis, Goss contends that the requests for a changed circumstances review should be rejected.

**Scope of the Order**

The products covered by the order are large newspaper printing presses, including press systems, press additions and press components, whether assembled or unassembled, whether complete or incomplete, that are capable of printing or otherwise manipulating a roll of paper more than two pages across. A page is defined as a newspaper broadsheet page in which the lines of type are printed perpendicular to the running of the direction of the paper or a newspaper tabloid page with lines of type parallel to the running of the direction of the paper.

In addition to press systems, the scope of the order includes the five press system components. They are: (1) A printing unit, which is any component that prints in monochrome, spot color and/or process (full) color; (2)

a reel tension paster (RTP), which is any component that feeds a roll of paper more than two newspaper broadsheet pages in width into a subject printing unit; (3) a folder, which is a module or combination of modules capable of cutting, folding, and/or delivering the paper from a roll or rolls of newspaper broadsheet paper more than two pages in width into a newspaper format; (4) conveyance and access apparatus capable of manipulating a roll of paper more than two newspaper broadsheet pages across through the production process and which provides structural support and access; and (5) a computerized control system, which is any computer equipment and/or software designed specifically to control, monitor, adjust, and coordinate the functions and operations of large newspaper printing presses or press components.

A press addition is comprised of a union of one or more of the press components defined above and the equipment necessary to integrate such components into an existing press system.

Because of their size, large newspaper printing press systems, press additions, and press components are typically shipped either partially assembled or unassembled, complete or incomplete, and are assembled and/or completed prior to and/or during the installation process in the United States. Any of the five components, or collection of components, the use of which is to fulfill a contract for large newspaper printing press systems, press additions, or press components, regardless of degree of assembly and/or degree of combination with non-subject elements before or after importation, is included in the scope of this order. Also included in the scope are elements of a LNPP system, addition or component, which taken altogether, constitute at least 50 percent of the cost of manufacture of any of the five major LNPP components of which they are a part.

For purposes of the order, the following definitions apply irrespective of any different definition that may be found in Customs rulings, U.S. Customs law or the *Harmonized Tariff Schedule of the United States* (HTSUS): the term "unassembled" means fully or partially unassembled or disassembled; and (2) the term "incomplete" means lacking one or more elements with which the LNPP is intended to be equipped in order to fulfill a contract for a LNPP system, addition or component.

This scope does not cover spare or replacement parts. Spare or replacement parts imported pursuant to a LNPP contract, which are not integral to the

original start-up and operation of the LNPP, and are separately identified and valued in a LNPP contract, whether or not shipped in combination with covered merchandise, are excluded from the scope of this order. Used presses are also not subject to this order. Used presses are those that have been previously sold in an arm's-length transaction to a purchaser that used them to produce newspapers in the ordinary course of business.

Further, this order covers all current and future printing technologies capable of printing newspapers, including, but not limited to, lithographic (offset or direct), flexographic, and letterpress systems. The products covered by this order are imported into the United States under subheadings 8443.11.10, 8443.11.50, 8443.30.00, 8443.59.50, 8443.60.00, and 8443.90.50 of the HTSUS. Large newspaper printing presses may also enter under HTSUS subheadings 8443.21.00 and 8443.40.00. Large newspaper printing press computerized control systems may enter under HTSUS subheadings 8471.49.10, 8471.49.21, 8471.49.26, 8471.50.40, 8471.50.80, and 8537.10.90. Although the HTSUS subheadings are provided for convenience and customs purposes, our written description of the scope of the order is dispositive.

#### Initiation of Changed Circumstances Review

Pursuant to section 782(h)(2) of the Act, the Department may revoke an antidumping or countervailing duty order based on a review under section 751(b) of the Act (*i.e.*, a changed circumstances review). Section 751(b)(1) of the Act requires a changed circumstances review to be conducted upon receipt of a request which shows changed circumstances sufficient to warrant a review. 19 CFR 351.222(g) provides that the Department will conduct a changed circumstances review under 19 CFR 351.216, and may revoke an order (in whole or in part), if it determines that producers accounting for substantially all of the production of the domestic like product to which the order (or the part of the order to be revoked) pertains have expressed a lack of interest in the relief provided by the order, in whole or in part, or if changed circumstances exist sufficient to warrant revocation.

In this case, the Department finds that the information submitted provides sufficient evidence of changed circumstances to warrant a review. Given KBA NA's assertions, we will consider whether there is interest in continuing the order on the part of the U.S. industry.

The Department will publish in the **Federal Register** a notice of preliminary results of changed circumstances review, in accordance with 19 CFR 351.221(c)(3)(i), which will set forth the factual and legal conclusions upon which our preliminary results are based, and a description of any action proposed based on those results. Interested parties may submit comments for consideration in the Department's preliminary results not later than 20 days after publication of this notice. Responses to those comments may be submitted not later than 10 days following submission of the comments. All written comments must be submitted in accordance with 19 CFR 351.303, and must be served on all interested parties on the Department's service list in accordance with 19 CFR 351.303. The Department will also issue its final results of review within 270 days after the date on which the changed circumstances review is initiated, in accordance with 19 CFR 351.216(e), and will publish these results in the **Federal Register**.

While the changed circumstances review is underway, the current requirement for a cash deposit of estimated antidumping duties on all subject merchandise will continue unless and until it is modified pursuant to the final results of this changed circumstances review.

This notice is in accordance with sections 751(b)(1) of the Act and 19 CFR 351.216 and 351.222.

Dated: November 5, 2001.

**Faryar Shirzad,**

*Assistant Secretary for Import Administration.*

#### Porcelain-On-Steel Cookware From Mexico: Preliminary Results of Antidumping Duty Administrative Review

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**ACTION:** Notice of preliminary results of antidumping duty administrative review.

**SUMMARY:** In response to a request by the petitioner, Columbian Home Products, LLC (formerly General Housewares Corporation), the Department of Commerce is conducting an

administrative review of the antidumping duty order on porcelain-on-steel cookware from Mexico. This review covers Cinsa, S.A. de C.V. and Esmaltaciones de Norte America, S.A. de C.V., manufacturers/exporters of the subject merchandise to the United States and the period December 1, 1999, through November 30, 2000 (fourteenth review period).

We preliminarily determine that sales have been made below normal value. Interested parties are invited to comment on these preliminary results. If these preliminary results are adopted in our final results of administrative review, we will instruct the Customs Service to assess antidumping duties on all appropriate entries.

**EFFECTIVE DATE:** November 13, 2001.

#### FOR FURTHER INFORMATION CONTACT:

Rebecca Trainor, or Katherine Johnson, Office 2, AD/CVD Enforcement Group I, Import Administration—Room B099, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-4007 or (202) 482-4929, respectively.

#### SUPPLEMENTARY INFORMATION:

##### The Applicable Statute

Unless otherwise indicated, all citations to the Tariff Act of 1930, as amended (the Act), are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Act by the Uruguay Round Agreements Act (URAA). In addition, unless otherwise indicated, all citations to the Department's regulations are to 19 CFR part 351 (April 2000).

##### Background

On October 10, 1986, the Department published in the **Federal Register**, 51 FR 36435, the final affirmative antidumping duty determination on certain porcelain-on-steel (POS) cookware from Mexico. We published an antidumping duty order on December 2, 1986, 51 FR 43415.

On December 20, 2000, the Department published in the **Federal Register** a notice advising of the opportunity to request an administrative review of this order for the period December 1, 1999, through November 30, 2000 (the POR), 65 FR 79802. The Department received a request for an administrative review of Cinsa, S.A. de C.V. (Cinsa) and Esmaltaciones de Norte America, S.A. de C.V. (ENASA) from Columbian Home Products, LLC (CHP), formerly General Housewares Corporation (GHC) (hereinafter, the petitioner), and from the respondents,
