BILLING CODE 4310-55-P

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

San Joaquin River National Wildlife Refuge, Stanislaus and San Joaquin Counties, CA

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability: final comprehensive conservation plan and finding of no significant impact.

SUMMARY: The U.S. Fish and Wildlife Service (Service) announces that the San Joaquin River National Wildlife Refuge (Refuge) Final Comprehensive Conservation Plan (CCP) and Finding of No Significant Impact (FONSI) are available for distribution. The CCP, prepared pursuant to the National Wildlife Refuge System Improvement Act of 1997, and in accordance with the National Environmental Policy Act of 1969, describes how the Service will manage the Refuge for the next 15 years.

DATES: The CCP and FONSI are available now. The FONSI was signed September 29, 2006. Implementation of the CCP may begin immediately.

ADDRESSES: Copies of the CCP and FONSI may be obtained by writing to the San Joaquin River National Wildlife Refuge, P.O. Box 2176, 947-C West Pacheco Boulevard, Los Banos, California 93635. Copies of the CCP and FONSI may also be obtained by writing to the U.S. Fish and Wildlife Service, Attn: Mark Pelz, CA/NV Refuge Planning Office, 2800 Cottage Way, W-1832, Sacramento, CA 95825. The CCP and FONSI is also be available for viewing and downloading online at <http://www.fws.gov/cno/refuges/planning.html>.

Printed copies of the CCP and FONSI are also available at the following libraries:

Stanislaus County Library, 1500 I Street, Modesto, California, 95354;
Manteca City Library, 320 Center Road, Manteca, California, 95336; and

Merced County Library, 2100 O Street, Merced, California 95340.

FOR FURTHER INFORMATION CONTACT: Kim Forrest, Project Leader, San Luis National Wildlife Refuge Complex, P.O. Box 2176, 947-C West Pacheco Boulevard, Los Banos, California 93635 or Mark Pelz, Chief, Refuge Planning, CA/NV Refuge Planning Office, 2800 Cottage Way, W-1832, Sacramento, CA 95825, phone (916) 414-6504.

SUPPLEMENTARY INFORMATION:

Background

The Refuge was established in 1987 primarily to protect and manage wintering habitat for Aleutian Canada geese, a federally listed endangered species. Since that time, the Refuge's focus has expanded to include protecting other sensitive species and restoring natural habitats and ecological processes. This Refuge and its management have been important factors in the recovery of the Aleutian Canada goose and its removal in 2001 from the Threatened and Endangered Species List. The Refuge is located just west of Modesto, California.

The Draft CCP and Environmental Assessment (EA) were available for a 30-day public review and comment period, which was announced via several methods including press releases; updates to constituents; and in the **Federal Register** (71 FR 120, June 22, 2006). The Draft CCP/EA identified and evaluated four alternatives for managing the Refuge for the next 15 years. Alternative A was the no-action alternative which described current Refuge management activities. Alternative B placed greater emphasis on wetland restoration and management and would expand visitor services for all priority public uses, including fishing and hunting. Alternative C focused on restoration and management of riparian habitats and providing non-consumptive wildlife-dependant recreation opportunities. Alternative D, (the selected alternative) includes a balance of wetland and riparian restoration and management and expands opportunities for all priority public uses, including fishing and hunting.

The Service received seven comment letters on the Draft CCP and EA during the review period. The comments received were incorporated into the CCP, when possible, and are responded to in an appendix to the CCP. In the FONSI, Alternative D was selected for implementation and is the basis for the CCP. The FONSI documents the decision of the Service and is based on

the information and analysis contained in the EA.

Under the selected alternative, the Service will manage the east unit of the Refuge primarily for Aleutian Canada geese and other migratory birds. In addition, the Service will restore both wetland and riparian habitats in proportions similar to their perceived occurrence before the land was used for agricultural purposes. Under the selected alternative, 1,457 wetland acres and 3,224 acres of riparian habitat will be restored or enhanced. Fishing and hunting will be permitted on the Refuge subject to State and Federal laws. Off-Refuge environmental education opportunities will include school and community presentations. Cultural resources on the Refuge will be assessed and preserved according to regulatory requirements.

The selected alternative best meets the Refuge's purposes, vision and goals; contributes to the Refuge System mission; addresses the significant issues and relevant mandates; and is consistent with principles of sound fish and wildlife management.

Dated: August 7, 2007.

Ken McDermond,

Acting Manager, California/Nevada Operations, Sacramento, California.

BILLING CODE 4310-55-P

DEPARTMENT OF LABOR

Occupational Safety and Health Administration

[Docket No. OSHA-2007-0019]

Storage and Handling of Anhydrous Ammonia Standard; Extension of the Office of Management and Budget's (OMB) Approval of Information Collection (Paperwork) Requirements

AGENCY: Occupational Safety and Health Administration (OSHA), Labor.

ACTION: Request for public comment.

SUMMARY: OSHA solicits comments concerning its proposal to extend OMB approval of the information collection requirements contained in the Standard on the Storage and Handling of Anhydrous Ammonia (29 CFR 1910.111). Paragraphs (b)(3) and (b)(4) of the Standard have paperwork requirements that apply to nonrefrigerated containers and systems, and refrigerated containers, respectively; employers use these containers and systems to store and transfer anhydrous ammonia in the workplace.

DATES: Comments must be submitted (postmarked, sent, or received) by October 15, 2007.

ADDRESSES:

Electronically: You may submit comments and attachments electronically at <http://www.regulations.gov>, which is the Federal eRulemaking Portal. Follow the instructions online for submitting comments.

Facsimile: If your comments, including attachments, are not longer than 10 pages, you may fax them to the OSHA Docket Office at (202) 693-1648.

Mail, hand delivery, express mail, messenger, or courier service: When using this method, you must submit three copies of your comments and attachments to the OSHA Docket Office, Docket No. OSHA-2007-0019, U.S. Department of Labor, Occupational Safety and Health Administration, Room N-2625, 200 Constitution Avenue, NW., Washington, DC 20210. Deliveries (hand, express mail, messenger, and courier service) are accepted during the Department of Labor's and Docket Office's normal business hours, 8:15 a.m. to 4:45 p.m., EST.

Instructions: All submissions must include the Agency name and OSHA docket number for the ICR (OSHA-2007-0019). All comments, including any personal information you provide, are placed in the public docket without change, and may be made available online at <http://www.regulations.gov>. For further information on submitting comments see the "Public Participation" heading in the section of this notice titled **SUPPLEMENTARY INFORMATION**.

Docket: To read or download comments or other material in the docket, go to <http://www.regulations.gov> or the OSHA Docket Office at the address above. All documents in the docket (including this **Federal Register** notice) are listed in the <http://www.regulations.gov> index; however, some information (e.g., copyrighted material) is not publicly available to read or download through the Web site. All submissions, including copyrighted material, are available for inspection and copying at the OSHA Docket Office. You may also contact Theda Kenney at the address below to obtain a copy of the ICR.

FOR FURTHER INFORMATION CONTACT: Theda Kenney or Todd Owen, Directorate of Standards and Guidance, OSHA, U.S. Department of Labor, Room N-3609, 200 Constitution Avenue, NW., Washington, DC 20210; telephone (202) 693-2222.

SUPPLEMENTARY INFORMATION:

I. Background

The Department of Labor, as part of its continuing effort to reduce paperwork and respondent (i.e., employer) burden, conducts a preclearance consultation program to provide the public with an opportunity to comment on proposed and continuing information collection requirements in accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3506(c)(2)(A)). This program ensures that information is in the desired format, reporting burden (time and costs) is minimal, collection instruments are clearly understood, and OSHA's estimate of the information collection burden is accurate. The Occupational Safety and Health Act of 1970 (the OSH Act) (29 U.S.C. 651 *et seq.*) authorizes information collection by employers as necessary or appropriate for enforcement of the Act or for developing information regarding the causes and prevention of occupational injuries, illnesses, and accidents (29 U.S.C. 657). The OSH Act also requires that OSHA obtain such information with minimum burden upon employers, especially those operating small businesses, and to reduce to the maximum extent feasible unnecessary duplication of efforts in obtaining information (29 U.S.C. 657).

Paragraph (b)(3) of the Standard specifies that containers and systems have nameplates if required, and that these nameplates "be permanently attached to the system (as specified by paragraph (b)(3)(ii)(j)) so as to be readily accessible for inspection * * * ." In addition, this paragraph requires that markings on containers and systems covered by paragraphs (c) ("Systems utilizing stationary, nonrefrigerated storage containers"), (f) ("Tank motor vehicles for the transportation of ammonia"), (g) ("Systems mounted on farm vehicles other than for the application of ammonia"), and (h) ("Systems mounted on farm vehicles for the application of ammonia") provide information regarding nine specific characteristics of the containers and systems. Similarly, paragraph (b)(4) of the Standard specifies that refrigerated containers be marked with a nameplate on the outer covering in an accessible place which provides information regarding eight specific characteristics of the container.

The required markings ensure that employers use only properly designed and tested containers and systems to store anhydrous ammonia, thereby preventing accidental release of, and exposure of employees to, this highly toxic and corrosive substance. In

addition, these requirements provide the most efficient means for an OSHA compliance officer to ensure that the containers and systems are safe.

II. Special Issues for Comment

OSHA has a particular interest in comments on the following issues:

- Whether the proposed information collection requirements are necessary for the proper performance of the Agency's functions, including whether the information is useful;
- The accuracy of OSHA's estimate of the burden (time and costs) of the information collection requirements, including the validity of the methodology and assumptions used;
- The quality, utility, and clarity of the information collected; and
- Ways to minimize the burden on employers who must comply; for example, by using automated or other technological information collection and transmission techniques.

III. Proposed Actions

OSHA is requesting that OMB extend its approval of the information collection requirements contained in the Standard on the Storage and Handling of Anhydrous Ammonia (29 CFR 1910.111). The Agency is requesting to retain its current burden hour estimate associated with this Standard at 345 hours. The Agency will summarize the comments submitted in response to this notice and will include this summary in the request to OMB.

Type of Review: Extension of a currently approved collection.

Title: Storage and Handling of Anhydrous Ammonia Standard (29 CFR 1910.111(b)(3) and (b)(4)).

OMB Number: 1218-0208.

Affected Public: Farms.

Number of Respondents: 2,030.

Frequency: On occasion.

Average Time Per Response: 10 minutes (.17 hour) for an employee to replace or revise markings on ammonia containers.

Estimated Total Burden Hours: 345.

Estimated Cost (Operation and Maintenance): \$0.

IV. Public Participation—Submission of Comments on This Notice and Internet Access to Comments and Submissions

You may submit comments in response to this document as follows:

- (1) Electronically at <http://www.regulations.gov>, which is the Federal eRulemaking Portal;
- (2) by facsimile (FAX); or
- (3) by hard copy. All comments, attachments, and other material must identify the Agency name and the OSHA docket number for the ICR (Docket No. OSHA-2007-0019).

You may supplement electronic submissions by uploading document files electronically. If you wish to mail additional materials in reference to an electronic or facsimile submission, you must submit them to the OSHA Docket Office (see the section of this notice titled **ADDRESSES**). The additional materials must clearly identify your electronic comments by your name, date, and the docket number so the Agency can attach them to your comments.

Because of security procedures, the use of regular mail may cause a significant delay in the receipt of comments. For information about security procedures concerning the delivery of materials by hand, express delivery, messenger, or courier service, please contact the OSHA Docket Office at (202) 693-2350 (TTY (877) 889-5627).

Comments and submissions are posted without change at <http://www.regulations.gov>. Therefore, OSHA cautions commenters about submitting personal information such as social security numbers and date of birth. Although all submissions are listed in the <http://www.regulations.gov> index, some information (e.g., copyrighted material) is not publicly available to read or download through this Web site. All submissions, including copyrighted material, are available for inspection and copying at the OSHA Docket Office. Information on using the <http://www.regulations.gov> Web site to submit comments and access the docket is available at the Web site's "User Tips" link. Contact the OSHA Docket Office for information about materials not available through the Web site, and for assistance in using the Internet to locate docket submissions.

V. Authority and Signature

Edwin G. Foulke, Jr., Assistant Secretary of Labor for Occupational Safety and Health, directed the preparation of this notice. The authority for this notice is the Paperwork Reduction Act of 1995 (44 U.S.C. 3506 *et seq.*) and Secretary of Labor's Order No. 5-2002 (67 FR 65008).

Signed at Washington, DC, on August 9, 2007.

Edwin G. Foulke, Jr.,

Assistant Secretary of Labor for Occupational Safety and Health.

BILLING CODE 4510-26-P

NATIONAL COUNCIL ON DISABILITY

Sunshine Act Meetings

TYPE: Quarterly Meeting
"Teleconference Call."

DATE AND TIME: September 5, 2007, 12 p.m.-2 p.m.

LOCATION: National Council on Disability, 1331 F St., NW., Suite 850, Washington, DC 20004.

STATUS: September 5, 2007, 12 p.m.-2 p.m.—Open.

AGENDA: Opening Remarks, Discussion of Budget Planning for Fiscal Year 2009, Closing Remarks.

SUNSHINE ACT MEETING CONTACT: Mark S. Quigley, Director of Communications, NCD, 1331 F Street, NW., Suite 850, Washington, DC 20004; 202-272-2004 (voice), 202-272-2074 (TTY), 202-272-2022 (fax).

AGENCY MISSION: NCD is an independent federal agency and is composed of 15 members appointed by the President, by and with the advice and consent of the Senate. NCD provides advice to the President, Congress, and executive branch agencies promoting policies, programs, practices, and procedures that guarantee equal opportunity for all people with disabilities, regardless of the nature or severity of the disability; and to empower people with disabilities to achieve economic self-sufficiency, independent living, and inclusion and integration into all aspects of society.

ACCOMMODATIONS: Those needing reasonable accommodations should notify NCD immediately.

LANGUAGE TRANSLATION: In accordance with E.O. 13166, Improving Access to Services for Persons with Limited English Proficiency, those people with disabilities who are limited English proficient and seek translation services for these meetings should notify NCD immediately.

Dated: August 10, 2007.

Michael C. Collins,

Executive Director.

BILLING CODE 6820-MA-P

EXECUTIVE OFFICE OF THE PRESIDENT

Office of National Drug Control Policy

High Intensity Drug Trafficking Areas; Petitions for Designation

AGENCY: Office of National Drug Control Policy.

ACTION: Notice.

SUMMARY: Pursuant to the Office of National Drug Control Policy Reauthorization Act of 2006, Public Law 109-469, section 707(c), the Director, National Drug Control Policy is establishing regulations under which interested coalitions of law enforcement agencies from an area may petition for designation as a high intensity drug trafficking area.

Public Comment: On June 4, 2007 (Volume 72, Number 106, Notices Page 30862-30864), the Executive Office of the President, Office of National Drug Control published Notice of its intent to issue this regulation. A 60-day public comment period was established. The June 4 Notice stated that any written comments must be received by ONDCP via electronic mail or facsimile on or before August 3, 2007. In addition, an ONDCP staff point of contact was listed to provide additional information as appropriate. ONDCP did not receive any comments. Therefore, ONDCP is issuing this Notice of the agency's intent to publish a regulation identical to the document published on June 4, 2007.

SUPPLEMENTARY INFORMATION: The Anti-Drug Abuse Act of 1988, the ONDCP Reauthorization Act of 1998, and the ONDCP Reauthorization Act of 2006 authorize the Director of the Office of National Drug Control Policy (ONDCP) to designate areas within the United States that exhibit serious drug trafficking problems and harmful impact of other areas of the country as High Intensity Drug Trafficking Areas (HIDTA). The HIDTA Program provides federal resources to those areas to help eliminate or reduce drug trafficking and its harmful consequences. Law enforcement organizations within HIDTAs assess drug trafficking problems and design specific initiatives to reduce or eliminate the production, manufacture, transportation, distribution, and use of illegal drugs and money laundering.

When designating a new HIDTA or adding counties to existing HIDTAs, the Director of ONDCP consults with the Attorney General, Secretary of Homeland Security, Secretary of Treasury, heads of national drug control agencies, and the appropriate governors, and considers the extent to which—

(1) The area is a significant center of illegal drug production, manufacturing, importation, or distribution;

(2) State, local, and tribal law enforcement agencies have committed resources to respond to the drug trafficking problem in the area, thereby indicating a determination to respond aggressively to the problem;

(3) Drug-related activities in the area are having a significant harmful impact
