[Docket No. CP01-60-000]

Williams Gas Pipelines Central, Inc.; Notice of Request Under Blanket Authorization

January 5, 2001.

Take notice that on December 28, 2000, Williams Gas Pipelines Central, Inc. (Williams), P.O. Box 20008, Owensboro, Kentucky 42304, filed in Docket No. CP01-60-000 a request pursuant to sections 157.205 and 157.211 of the Commission's Regulations (18 CFR 157.205 and 157.211) under the Natural Gas Act (NGA) for authorization to construct and operate delivery point facilities for service to a residential end-user in Johnson County, Kansas, under Williams' blanket certificate issued in Docket No. CP82-479-000, pursuant to section 7 of the NGA, all as more fully set forth in the application which is on file with the Commission and open to public inspection. This filing may be viewed on the web at <http://www.ferc.fed.us/online/htm> (call 202-208-2000 for assistance).

Williams requests authorization to construct and operate delivery point facilities to serve Mr. Dennis M. Langley, who requires the gas for residential heating and cooling use. It is stated that Williams will use the facilities to transport up to 20 Dt equivalent of natural gas per day on a firm basis for a 10-year term, pursuant to section 284.223 of the Commission's regulations. It is stated further that Mr.

Langley may also receive additional volumes on an interruptible basis. Williams estimates the cost of the facilities at \$25,664 and states that it would be reimbursed for the cost by Mr. Langley. It is explained that Mr. Langley's natural gas requirements are currently being supplied by Kansas Gas Service, Inc., a local distribution company that is an existing customer of Williams. It is asserted that Williams has sufficient capacity to render the proposed service without detriment or disadvantage to its other existing customers and that Williams' tariff does not prohibit the addition of delivery point facilities. It is further asserted that the proposal will have no significant impact on Williams' peak day and annual deliveries.

Any questions regarding the application may be directed to David N. Roberts, Manager of Certificates and Tariffs, at (270) 688-6712, Williams Gas Pipelines Central, Inc., P.O. Box 20008, Owensboro, Kentucky 42304.

Any person or the Commission's staff may, within 45 days after issuance of the instant notice by the Commission, file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention and pursuant to section 157.205 of the Regulations under the NGA (18 CFR 157.205) a protest to the request. Comments and protests may be filed electronically in lieu of paper. See 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's website at <http://www.ferc.fed.us/efi/doorbell.htm>. If no protest is filed within the time allowed therefor, the proposed activity shall be deemed to be authorized effective the day after the time allowed for filing a protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request shall be treated as an application for authorization pursuant to section 7 of the NGA.

David P. Boergers,
Secretary.

[Docket No. ER01-424-001, et al.]

Pacific Gas and Electric Company, et al.; Electric Rate and Corporate Regulation Filings

January 4, 2001.

Take notice that the following filings have been made with the Commission:

1. Pacific Gas and Electric Company

[Docket No. ER01-424-001]

Take notice that on December 26, 2000, Pacific Gas and Electric Company (PG&E), tendered a filing to pass-through certain charges in conformance with the California Independent System Operator Corporation's December 15, 2000 informational filing in FERC Docket No. ER01-313-001.

PG&E requests an effective date of January 1, 2001, or the date the Commission makes effective ISO rates included in the ISO's informational filing of December 15, 2000.

Copies of this filing have been served upon the California Public Utilities Commission, all affected customers and the official service list in FERC Docket No. ER01-424-000.

Comment date: January 17, 2001, in accordance with Standard Paragraph E at the end of this notice.

2. Constellation Energy Group, Inc., Constellation Enterprises, Inc. (On Behalf of Themselves and Their Public Utility Subsidiaries), Constellation Power Source, LLC, Constellation Power Source Generation, LLC, and Calvert Cliffs Nuclear Power Plant, LLC

[Docket Nos. EC01-50-000 and ER01-824-000]

Take notice that on December 28, 2000, Constellation Energy Group, Inc. (CEG) and Constellation Enterprises, Inc., on behalf of themselves and their public utility subsidiaries, (jointly the Applicants) submitted for filing, pursuant to Section 203 of the Federal Power Act (FPA) and Part 33 of the Commission's regulations, an Application for authorization to transfer certain jurisdictional transmission facilities as part of transactions involving an intra corporate

realignment, purchase by an affiliate of The Goldman Sachs Group, Inc. of an indirect ownership interest in certain jurisdictional public utilities to be owned by a to-be-formed entity, and the distribution by CEG of its shares in the new entity to the public shareholders of CEG. In addition, pursuant to Section 205 of the FPA and 18 CFR 35.16, Constellation Power Source, LLC, Constellation Power Source Generation, LLC and Calvert Cliffs Nuclear Power Plant, LLC have filed notices of succession with the Commission.

Comment date: January 18, 2001, in accordance with Standard Paragraph E at the end of this notice.

3. Xcel Energy Services Inc.

[Docket No. EC01-51-000]

Take notice that on December 29, 2000, Xcel Energy Services Inc. (Xcel Services) submitted an application pursuant to section 203 of the Federal Power Act and Part 33 of the regulations of the Federal Energy Regulatory Commission (Commission) to effect certain transactions incident to the transfer by Southwestern Public Service Company (SPS) of certain jurisdictional facilities. Xcel Services submitted the application on behalf of SPS and the affiliates of SPS that will be formed to effect the transfer of jurisdictional facilities that is the subject of the application. Xcel Services states that the transfer of jurisdictional facilities is necessary to separate the corporate ownership of SPS' generation and power marketing business from the corporate ownership of SPS' transmission and distribution business as required by retail choice laws in the states of Texas and New Mexico.

Comment date: January 19, 2001, in accordance with Standard Paragraph E at the end of this notice.

4. Mountain View Power Partners, LLC

[Docket No. EG01-93-000]
