**SUPPLEMENTARY INFORMATION:**

**I. Notice of the Application for Expansion**

OSHA is providing notice that Intertek Testing Services NA, Inc. (ITSNA), is applying for an expansion of current recognition as a NRTL. ITSNA

requests the addition of 23 test sites to its NRTL scope of recognition.

OSHA recognition of a NRTL signifies that the organization meets the requirements specified in 29 CFR 1910.7. Recognition is an acknowledgment that the organization can perform independent safety testing and certification of the specific products covered within the scope of recognition. Each NRTL's scope of recognition includes (1) the type of products the NRTL may test, with each type specified by the applicable test standard and (2) the recognized site(s) that has/have the technical capability to perform the product-testing and product-certification activities for test standards within the NRTL's scope. Recognition is not a delegation or grant of government authority; however, recognition enables employers to use products approved by the NRTL to meet OSHA standards that require product testing and certification.

The agency processes applications by a NRTL for initial recognition, as well as for an expansion or renewal of recognition, following requirements in Appendix A to 29 CFR 1910.7. This appendix requires that the agency publish two notices in the **Federal Register** in processing an application. In the first notice, OSHA announces the application and provides the preliminary finding. In the second notice, the agency provides the final decision on the application. These notices set forth the NRTL's scope of recognition or modifications of that scope. OSHA maintains an informational web page for each NRTL, including ITSNA, which details that NRTL's scope of recognition. These

pages are available from the OSHA website at <http://www.osha.gov/dts/otpca/nrtl/index.html>.

ITSNA currently has 13 facilities (sites) recognized by OSHA for product testing and certification, with the headquarters located at: Intertek Testing Services NA, Inc., 545 East Algonquin Road, Suite F, Arlington Heights, Illinois 60005. A complete list of ITSNA's scope of recognition is available at <https://www.osha.gov/nationally-recognized-testing-laboratory-program/itsna>.

**II. General Background on the Application**

ITSNA submitted an application, dated December 18, 2020 (OSHA-2007-0039-0047), requesting the conversion of 23 existing Satellite Notification Acceptance Program (SNAP) sites to recognized sites under the NRTL Policy for Transitioning to Satellite Notification and Acceptance Program Termination (SNAP Transition Policy) published in the **Federal Register** on November 24, 2020 (85 FR 75042), as amended by a June 22, 2022 Memorandum from James S. Frederick, Deputy Assistant Secretary for Occupational Safety and Health, to Regional Administrators and Executive Staff, titled "Second Revision to the Nationally Recognized Testing Laboratory (NRTL) Policy for Transitioning to Satellite Notification and Acceptance Program (SNAP) Termination."

OSHA has preliminarily determined that it is appropriate to review this application under the SNAP Transition Policy. ITSNA’s application was timely submitted under that policy, and OSHA preliminarily finds that the SNAP sites in ITSNA’s application met all other preconditions of eligibility for conversion to recognized sites under the policy (See SNAP Termination Policy, part III 1.a–g, 85 FR at 75047). OSHA also preliminarily decided that it was not necessary to conduct on-site reviews in connection with ITSNA’s expansion application, based on historical assessment records and supporting documentation submitted by ITSNA. Moreover, OSHA staff performed assessments of several ITSNA facilities included in the SNAP conversion application from June 2020 to November 2022, and, while assessors found some nonconformances with the requirements of 29 CFR 1910.7, ITSNA addressed these issues sufficiently. OSHA staff has preliminarily determined that OSHA should grant the application and grant recognition to the 23 sites requested in the application.

**III. Preliminary Finding on the Application**

ITSNA submitted an acceptable application for expansion of its scope of recognition. OSHA’s review of the application file and pertinent documentation indicates that ITSNA can meet the requirements prescribed by 29 CFR 1910.7 for expanding its recognition to include the addition of the 23 additional test sites for NRTL testing and certification. This preliminary finding does not constitute an interim or temporary approval of ITSNA’s application.

OSHA seeks public comment on this preliminary determination.

**IV. Public Participation**

OSHA welcomes public comment as to whether ITSNA meets the

requirements of 29 CFR 1910.7 for expansion of recognition as a NRTL. Comments should consist of pertinent written documents and exhibits.

Commenters needing more time to comment must submit a request in writing, stating the reasons for the request by the due date for comments. OSHA will limit any extension to 10 days unless the requester justifies a longer time period. OSHA may deny a request for an extension if it is not adequately justified.

To review copies of the exhibit identified in this notice, as well as comments submitted to the docket, contact the Docket Office, Occupational Safety and Health Administration, U.S. Department of Labor. These materials also are generally available online at <https://www.regulations.gov> under Docket No. OSHA–2007–0039 (for further information, see the “Docket” heading in the section of this notice titled **ADDRESSES**).

OSHA staff will review all comments to the docket submitted in a timely manner. After addressing the issues raised by these comments, staff will make a recommendation to the Assistant Secretary of Labor for Occupational Safety and Health on whether to grant ITSNA’s application for expansion of the scope of recognition. The Assistant Secretary will make the final decision on granting the application. In making this decision, the Assistant Secretary may undertake other proceedings prescribed in Appendix A to 29 CFR 1910.7.

OSHA will publish a public notice of the final decision in the **Federal Register**.

James S. Frederick, Deputy Assistant Secretary of Labor for Occupational Safety and Health, 200 Constitution Avenue NW, Washington, DC 20210, authorized the preparation of this notice. Accordingly, the agency is
