SUPPLEMENTARY INFORMATION:

Authority: The authority for institution of this investigation is contained in section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337, and in section 210.10 of the Commission’s Rules of Practice and Procedure, 19 CFR 210.10 (2019).

Scope of Investigation: Having considered the complaint, the U.S. International Trade Commission, on April 28, 2020, ordered that—

(1) Pursuant to subsection (b) of section 337 of the Tariff Act of 1930, as amended, an investigation be instituted to determine whether there is a violation of subsection (a)(1)(B) of section 337 in the importation into the United States, the sale for importation, or the sale within the United States after importation of certain products identified in paragraph (2) by reason of infringement of one or more of claims 1–4, 6–8, and 12–18 of the ‘393 patent; and whether an industry in the United States exists as required by subsection (a)(2) of section 337;

(2) Pursuant to section 210.10(b)(1) of the Commission’s Rules of Practice and Procedure, 19 CFR 210.10(b)(1), the plain language description of the accused products or category of accused products, which defines the scope of the

investigation, is “handheld gaming consoles, game controllers, and mechanical components supporting the consoles and controllers”;

(3) For the purpose of the investigation so instituted, the following are hereby named as parties upon which this notice of investigation shall be served:

(a) The complainant is: Gamevice, Inc., 685 Cochran St., Suite 200, Simi Valley, CA 93065.

(b) The respondents are the following entities alleged to be in violation of section 337, and are the parties upon which the complaint is to be served:

Nintendo Co., Ltd., 11–1 Hokotate-cho, Kamitoba, Minami-ku, Kyoto, JAPAN 601–8501

Nintendo of America, Inc., 4600 150th Avenue NE, Redmond, WA 98052

(c) The Office of Unfair Import Investigations, U.S. International Trade Commission, 500 E Street SW, Suite 401, Washington, DC 20436; and

(4) For the investigation so instituted, the Chief Administrative Law Judge, U.S. International Trade Commission, shall designate the presiding Administrative Law Judge.

Responses to the complaint and the notice of investigation must be submitted by the named respondents in accordance with section 210.13 of the Commission’s Rules of Practice and Procedure, 19 CFR 210.13. Pursuant to 19 CFR 201.16(e) and 210.13(a), as amended in 85 FR 15798 (March 19, 2020), such responses will be considered by the Commission if received not later than 20 days after the date of service by complainant of the complaint and the notice of investigation. Extensions of time for submitting responses to the complaint and the notice of investigation will not be granted unless good cause therefor is shown.

Failure of a respondent to file a timely response to each allegation in the complaint and in this notice may be deemed to constitute a waiver of the right to appear and contest the allegations of the complaint and this notice, and to authorize the administrative law judge and the Commission, without further notice to the respondent, to find the facts to be as alleged in the complaint and this notice and to enter an initial determination and a final determination containing such findings, and may result in the issuance of an exclusion order or a cease and desist order or both directed against the respondent.

By order of the Commission.

Issued: April 29, 2020.

Lisa Barton,

Secretary to the Commission.

DATES: Comments are encouraged and will be accepted for 60 days until July 6, 2020.

FOR FURTHER INFORMATION CONTACT:

Written comments and suggestions regarding the items contained in this notice, especially the estimated burden and associated response time, may be sent for consideration in a number of ways. OMB recommends that written comments be emailed to useofforcepublicnotice@fbi.gov. Physical letters with comments and suggestions may be directed to Ms. Amy C. Blasher, Unit Chief, Federal Bureau of Investigation, Criminal Justice Information Services Division, Module E–3, 1000 Custer Hollow Road, Clarksburg, West Virginia 26306. Letters may also be sent to the Office of Management and Budget, Office of Information and Regulatory Affairs, Attention: Department of Justice Desk Officer, Washington, DC 20503 or emailed to OMB at OIRA_submissions@obb.eop.gov.

SUPPLEMENTARY INFORMATION: Written comments and suggestions from the public and affected agencies concerning the proposed collection of information are encouraged. Your comments should address one or more of the following four points:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the FBI, including whether

the information will have practical utility;

- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Evaluate whether, and if so, how the quality, utility, and clarity of the information to be collected can be enhanced; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Overview of This Information Collection

(1) *Type of Information Collection:* Extension of a currently approved collection.

(2) *The Title of the Form/Collection:* National Use-of-Force Data Collection

(3) *The agency form number, if any, and the applicable component of the Department sponsoring the collection:* The form number is 1110-0071.

Sponsor: Criminal Justice Information Services Division, Federal Bureau of Investigation, Department of Justice.

(4) *Affected public who will be asked or required to respond, as well as a brief abstract:* Federal, state, local, and tribal law enforcement agencies.

Abstract: The FBI has a long-standing tradition of collecting data and providing statistics concerning Law Enforcement Officers Killed and Assaulted (LEOKA) and justifiable homicides. To provide a better understanding of the incidents of use of force by law enforcement, the Uniform Crime Reporting (UCR) Program developed a new data collection for law enforcement agencies to provide information on incidents where use of force by a law enforcement officer has led to the death or serious bodily injury of a person, as well as when a law

enforcement officer discharges a firearm at or in the direction of a person.

When a use of force occurs, federal, state, local, and tribal law enforcement agencies provide information to the data collection on characteristics of the incident, subjects of the use of force, and the officers who applied force in the incident. Agencies positively affirm, on a monthly basis, whether their agency did or did not have a use of force that resulted in a fatality, a serious bodily injury to a person, or a firearm discharge at or in the direction of a person. When no use-of-force incident occurs in a month, agencies submit a zero report. Enrollment information from agencies and state points of contact is collected when the agency or contact initiates participation in the data collection. Enrollment information is updated no less than annually to assist with managing this data.

The new data collection defines a law enforcement officer using the current LEOKA definition: "All local, county, state, and federal law enforcement officers (such as municipal, county police officers, constables, state police, highway patrol, sheriffs, their deputies, federal law enforcement officers, marshals, special agents, etc.) who are sworn by their respective government authorities to uphold the law and to safeguard the rights, lives, and property of American citizens. They must have full arrest powers and be members of a public governmental law enforcement agency, paid from government funds set aside specifically for payment to sworn police law enforcement organized for the purposes of keeping order and for preventing and detecting crimes, and apprehending those responsible."

The definition of "serious bodily injury" is based, in part, on 18 United States Code (U.S.C.), Section 2246 (4), to mean "bodily injury that involves a substantial risk of death, unconsciousness, protracted and obvious disfigurement, or protracted loss or impairment of the function of a bodily member, organ, or mental faculty." These actions include the use

of a firearm; an electronic control weapon (e.g., Taser); an explosive device; pepper or OC (oleoresin capicum) spray or other chemical agent; a baton; an impact projectile; a blunt instrument; hands-fists-feet; or canine.

(5) *A total number of respondents and the amount of time estimated for an average respondent to respond:* As of March 2020, a total of 6,763 agencies covering 393,274 law enforcement officers were enrolled in the National Use-of-Force Data Collection. The burden hours per incident are estimated to be 0.63 of an hour for completion, around 38 minutes per incident.

(6) *An estimate of the total public burden (in hours) associated with the collection:* Burden estimates are based on sources from the FBI's UCR Program, the Bureau of Justice Statistics (BJS), and the Centers for Disease Control (CDC). The BJS recently estimated that approximately 1,400 fatalities attributed to a law enforcement use of force occur annually (Planty, et al., 2015, *Arrest-Related Deaths Program: Data Quality Profile*, <http://www.bjs.gov/index.cfm?ty=pbdetail&iid=5260>). In addition, the CDC estimates the incidences of fatal and nonfatal injury—including those due to legal intervention—from emergency department data. In their study, *The real risks during deadly police shootouts: Accuracy of the naïve shooter*, Lewinski, et al., (2015) estimate law enforcement officers miss their target approximately 50 percent of the time at the firing range. This information was used to develop a simple estimate for the number of times officers discharge a firearm at or in the direction of a person but do not strike the individual. In addition, the UCR Program collects counts of the number of sworn and civilian law enforcement employees in the nation's law enforcement agencies.

The following table shows burden estimates based on previous estimation criteria and current National Use-of-Force Data Collection enrollment numbers.

ESTIMATED BURDEN FOR ALL LAW ENFORCEMENT AGENCIES IN ANNUAL COLLECTION

Timeframe	Reporting group	Approximate number of officers from participating agencies	Maximum per capita rate of use-of-force occurrence per officer	Minimum per capita rate of use-of-force occurrence per officer	Maximum estimated number of incidents	Minimum estimated number of incidents	Estimated burden hours per incident	Maximum estimate total number of burden hours	Minimum estimate total number of burden hours
Collection (Annual).	All agencies submitting data.	393,274	0.122	0.012	47,979	4,719	0.63	30,227	2,973

Based on previous estimation criteria and current enrollment numbers, the

FBI is requesting 30,227 burden hours for the annual collection of this data.
