

**(d) Subject**

Joint Aircraft System Component (JASC)  
Code 7250, Turbine Section.

**(e) Unsafe Condition**

This AD was prompted by a report of failed retention features of the inner and outer support air ducts (commonly referred to as spoolies) discovered during engine disassembly. The FAA is issuing this AD to prevent failure of the combustion case. The unsafe condition, if not addressed, could result in the inner surface of the combustion case having reduced load carrying capability for fan blade out or other extreme event with possible engine separation and loss of the airplane.

**(f) Compliance**

Comply with this AD within the compliance times specified, unless already done.

**(g) Required Actions**

(1) At the next engine shop visit after the effective date of this AD, do a visual inspection of the combustion case inner shell surface for wear and gouges in accordance with paragraph 3.A.(1) and (2) of the Accomplishment Instructions of GE CF34–10E Service Bulletin (SB) 72–0351 R01, dated July 17, 2019 (SB 72–0351 R01).

(i) If any wear or gouges are found during any inspection required by paragraph (g)(1) of this AD, before further flight, repair the combustion case in accordance with Table 1 of SB 72–0351 R01.

(ii) If any wear or gouges exceed the maximum repairable limit in accordance with Table 1 of SB 72–0351 R01, before further flight, remove the combustion case from service.

(2) At the next engine shop visit after the effective date of this AD, rework the affected HPT shroud/LPT nozzle assembly, in accordance with paragraph 3.B. of the Accomplishment Instructions of SB 72–0351 R01.

**(h) Definition**

For the purpose of this AD, an “engine shop visit” is defined as when the HPT shroud/LPT nozzle assembly or the HPT rotor disk is removed from the engine.

**(i) Alternative Methods of Compliance (AMOCs)**

(1) The Manager, AIR–520 Continued Operational Safety Branch, FAA, has the authority to approve AMOCs for this AD, if requested using the procedures found in 14 CFR 39.19. In accordance with 14 CFR 39.19, send your request to your principal inspector or local Flight Standards District Office, as appropriate. If sending information directly to the manager of the AIR–520 Continued Operational Safety Branch, send it to the attention of the person identified in paragraph (j) of this AD and email to: [AMOC@faa.gov](mailto:AMOC@faa.gov).

(2) Before using any approved AMOC, notify your appropriate principal inspector, or lacking a principal inspector, the manager of the local flight standards district office/certificate holding district office.

**(j) Additional Information**

For more information about this AD, contact Alexei Marqueen, Aviation Safety Engineer, FAA, 2200 South 216th Street, Des Moines, WA 98198; phone: (781) 238–7178; email: [alexei.t.marqueen@faa.gov](mailto:alexei.t.marqueen@faa.gov).

**(k) Material Incorporated by Reference**

(1) The Director of the Federal Register approved the incorporation by reference (IBR) of the service information listed in this paragraph under 5 U.S.C. 552(a) and 1 CFR part 51.

(2) You must use this service information as applicable to do the actions required by this AD, unless the AD specifies otherwise.

### Coast Guard

#### 33 CFR Part 100

[Docket Number USCG–2024–0544]

RIN 1625–AA08

#### Special Local Regulation; Cayuga Lake, Ithaca, NY

**AGENCY:** Coast Guard, Department of Homeland Security (DHS).

**ACTION:** Notice of proposed rulemaking.

**SUMMARY:** The Coast Guard is proposing to establish a temporary special local regulation for certain waters of the Cayuga Lake. This action is necessary to provide for the safety of life on these navigable waters near Ithaca, NY, during a marine event on August 10, 2024. This proposed rulemaking would prohibit persons and vessels from transiting the area unless authorized by the Captain of the Port Sector Eastern Great Lakes or a designated representative. We invite your comments on this proposed rulemaking.

**DATES:** Comments and related material must be received by the Coast Guard on or before July 25, 2024.

**ADDRESSES:** You may submit comments identified by docket number USCG–2024–0544 using the Federal Decision-Making Portal at <https://www.regulations.gov>. See the “Public Participation and Request for Comments” portion of the

**SUPPLEMENTARY INFORMATION** section for further instructions on submitting comments. This notice of proposed rulemaking with its plain-language, 100-word-or-less proposed rule summary will be available in this same docket.

**FOR FURTHER INFORMATION CONTACT:** If you have questions about this proposed rulemaking, call or email Joseph Stranc, Marine Safety Unit Thousand Islands, U.S. Coast Guard; telephone 315–774–8524, email [SMB-MSUThousandIslands-WaterwaysManagement@uscg.mil](mailto:SMB-MSUThousandIslands-WaterwaysManagement@uscg.mil).

DHS Department of Homeland Security  
FR Federal Register  
NPRM Notice of proposed rulemaking  
§ Section  
U.S.C. United States Code

#### II. Background, Purpose, and Legal Basis

On March 4, 2024, an organization notified the Coast Guard that it will be conducting a swim event from 6 a.m. to 11:30 a.m. on August 10, 2024. The event will take place within the following boundaries: starting at point 42°30′07.01″ N, 076°30′57.04″ W; running adjacent shore to point 42°30′30.03″ N, 076°31′09.34″ W; thence to 42°29′50.20″ N, 076°32′24.99″ W; running adjacent to the shore to point 42°29′34.71″ N, 076°32′17.11″ W; thence back to starting position.

Due to the potential hazards associated with the swim event, the Captain of the Port Sector Eastern Great Lakes (COTP) determined that the potential hazards associated with the swimming event would be a safety concern for anyone within the swim area. The purpose of this rulemaking is to ensure the safety of participants of the event on within the navigable waters within the boundaries described above before, during, and after the scheduled event. The Coast Guard is proposing this rulemaking under authority in 46 U.S.C. 70041.

#### III. Discussion of Proposed Rule

The COTP is proposing to establish a special local regulation in Cayuga Lake from 6 a.m. to 11:30 a.m. on August 10, 2024. The area regulated by this special local regulation will cover all navigable waters, from surface to bottom, within the area formed by connecting the following latitude and longitude points in the following order: starting at point 42°30′07.01″ N, 076°30′57.04″ W; running adjacent shore to point 42°30′30.03″ N, 076°31′09.34″ W; thence to 42°29′50.20″ N, 076°32′24.99″ W; running adjacent to the shore to point 42°29′34.71″ N, 076°32′17.11″ W; thence back to starting position.

The duration of the proposed special local regulation is intended to ensure the safety of event participants on these navigable waters before, during, and after the scheduled swim event. No vessel or person would be permitted to enter the regulated area without obtaining permission from the COTP or a designated representative. The regulatory text we are proposing appears at the end of this document.

#### IV. Regulatory Analyses

We developed this proposed rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders, and we discuss First Amendment rights of protestors.

##### A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. This NPRM has not been designated a “significant regulatory action,” under section 3(f) of Executive Order 12866, as amended by Executive Order 14094 (Modernizing Regulatory Review). Accordingly, the NPRM has not been reviewed by the Office of Management and Budget (OMB).

This regulatory action determination is based on the size, location, duration, and time-of-day of the regulated area. Vessel traffic would be able to safely transit through this regulated area which would impact a small designated area of Cayuga Lake for less than 6 hours during the morning. Moreover, the Coast Guard would issue a Broadcast Notice to Mariners via VHF–FM marine channel 16 about the regulated area, and the rule would allow vessels to seek permission to transit through the area.

##### B. Impact on Small Entities

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, as amended, requires Federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard certifies under 5 U.S.C. 605(b) that this proposed rule would not have a significant economic impact on a substantial number of small entities.

While some owners or operators of vessels intending to transit the area may be small entities, for the reasons stated in section IV.A above, this proposed rule would not have a significant economic impact on any vessel owner or operator.

If you think that your business, organization, or governmental jurisdiction qualifies as a small entity and that this proposed rule would have a significant economic impact on it, please submit a comment (see
