### Fisheries of the Exclusive Economic Zone Off Alaska; Pollock in Statistical Area 630 in the Gulf of Alaska

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Temporary rule; closure.

**SUMMARY:** NMFS is prohibiting directed fishing for pollock in Statistical Area

630 in the Gulf of Alaska (GOA). This action is necessary to prevent exceeding the B season allowance of the 2014 total allowable catch of pollock for Statistical Area 630 in the GOA.

**DATES:** Effective 1200 hrs, Alaska local time (A.l.t.), March 31, 2014, through 1200 hrs, A.l.t., May 31, 2014.

**FOR FURTHER INFORMATION CONTACT:** Josh Keaton, 907–586–7228.

**SUPPLEMENTARY INFORMATION:** NMFS manages the groundfish fishery in the GOA exclusive economic zone according to the Fishery Management Plan for Groundfish of the Gulf of Alaska (FMP) prepared by the North Pacific Fishery Management Council under authority of the Magnuson-Stevens Fishery Conservation and Management Act. Regulations governing fishing by U.S. vessels in accordance with the FMP appear at subpart H of 50 CFR part 600 and 50 CFR part 679.

The B season allowance of the 2014 total allowable catch (TAC) of pollock in Statistical Area 630 of the GOA is 3,636 metric tons (mt) as established by the final 2014 and 2015 harvest specifications for groundfish of the GOA (79 FR 12890, March 6, 2014).

In accordance with § 679.20(d)(1)(i), the Regional Administrator has determined that the B season allowance of the 2014 TAC of pollock in Statistical Area 630 of the GOA will soon be reached. Therefore, the Regional Administrator is establishing a directed fishing allowance of 3,136 mt and is setting aside the remaining 500 mt as bycatch to support other anticipated groundfish fisheries. In accordance with § 679.20(d)(1)(iii), the Regional Administrator finds that this directed fishing allowance has been reached. Consequently, NMFS is prohibiting

directed fishing for pollock in Statistical Area 630 of the GOA.

After the effective date of this closure the maximum retainable amounts at § 679.20(e) and (f) apply at any time during a trip.

#### Classification

This action responds to the best available information recently obtained from the fishery. The Acting Assistant Administrator for Fisheries, NOAA (AA), finds good cause to waive the requirement to provide prior notice and opportunity for public comment pursuant to the authority set forth at 5 U.S.C. 553(b)(B) as such requirement is impracticable and contrary to the public interest. This requirement is impracticable and contrary to the public interest as it would prevent NMFS from responding to the most recent fisheries data in a timely fashion and would delay the closure of directed fishing for pollock in Statistical Area 630 of the GOA. NMFS was unable to publish a notice providing time for public comment because the most recent, relevant data only became available as of March 28, 2014.

The AA also finds good cause to waive the 30-day delay in the effective date of this action under 5 U.S.C. 553(d)(3). This finding is based upon the reasons provided above for waiver of prior notice and opportunity for public comment.

This action is required by § 679.20 and is exempt from review under Executive Order 12866.

#### Fisheries of the Exclusive Economic Zone Off Alaska; Modifications to Identification Markings on Fishing Gear Marker Buoys

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Final rule.

**SUMMARY:** NMFS publishes a regulatory amendment to revise the identification marking requirements for fishing gear marker buoys (buoys) used in Federal waters off Alaska. This final rule eliminates the requirement that hook-and-line, longline pot, and pot-and-line buoys be marked with the vessel's name. The requirement to mark buoys with either the vessel's Federal fisheries permit number or Alaska Department of Fish and Game number remains in effect. This action is needed to remove a regulatory requirement that is unnecessary. This action is intended to promote the goals and objectives of the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act), the Fishery Management Plan for Groundfish of the Bering Sea and Aleutian Islands Management Area (BSAI Groundfish FMP), the Fishery Management Plan for Groundfish of the Gulf of Alaska (GOA Groundfish FMP), and other applicable laws.

**DATES:** Effective May 5, 2014.

**ADDRESSES:** Electronic copies of the Categorical Exclusion and the Regulatory Impact Review/Initial Regulatory Flexibility Analysis (RIR/IRFA) prepared for this action are available from <http://www.regulations.gov> or from the NMFS Alaska Region Web site at <http://alaskafisheries.noaa.gov>.

Written comments regarding the burden-hour estimates or other aspects of the collection-of-information requirements contained in this rule may be submitted to NMFS, Alaska Region, P.O. Box 21668, Juneau, AK 99802-1668, Attn: Ellen Sebastian, Records Officer; in person at NMFS, Alaska Region, 709 West 9th Street, Room 420A, Juneau, AK; or by email to [OIRA\\_Submission@omb.eop.gov](mailto:OIRA_Submission@omb.eop.gov) or fax to 202-395-7285.

#### SUPPLEMENTARY INFORMATION:

NMFS Alaska Region manages the U.S. groundfish fisheries in the Exclusive Economic Zone off Alaska under the BSAI and GOA Groundfish FMPs. These FMPs were prepared by the North Pacific Fishery Management Council, under the authority of the Magnuson-Stevens Act, 16 U.S.C. 1801 *et seq.*, and other applicable laws, and approved by the Secretary of Commerce. Regulations implementing the FMPs appear at 50 CFR part 679. General regulations that pertain to U.S. fisheries appear at subpart H of 50 CFR part 600.

This final rule implements a regulatory amendment to remove the requirement that hook-and-line, longline pot, and pot-and-line buoys be marked with the vessel's name. Under this final rule, these vessels are relieved from unnecessary compliance costs. NMFS published a proposed rule for this regulatory amendment in the **Federal Register** on January 3, 2014 (79 FR 381). The 30-day comment period on the proposed rule ended on February 3, 2014. NMFS received one comment letter during the comment period on the proposed rule that supported the proposed action. A summary of this comment and NMFS' response is provided in the "Comments and Responses" section of this preamble. There were no changes to the regulatory text between the proposed rule and this final rule.

#### Background

Federal regulations pertaining to gear markings for groundfish are set forth at § 679.24. These regulations apply to operators of vessels required to carry a Federal fisheries permit (FFP) while fishing in the groundfish and halibut fisheries in Federal waters off Alaska. Buoys are used to indicate the positions of hook-and-line, pot, and pot-and-line gear in these fisheries. Federal regulations at § 679.24(a) require that buoys carried on board or used by any vessel subject to 50 CFR part 679 that is using hook-and-line, longline pot, or pot-and-line gear must be marked with the vessel's name and either the vessel's FFP number or the vessel's Alaska Department of Fish and Game (ADF&G) vessel registration number. In addition, the markings "shall be in characters at least 4 inches (10.16 cm) in height and 0.5 inch (1.27 cm) in width in a contrasting color visible above the water line and shall be maintained so the markings are clearly visible."

These regulations apply to "vessels regulated under this part," which refers to those vessels required to carry FFPs under § 679.4(b). FFPs are required for vessels fishing for groundfish (a legal category that does not include halibut) in the GOA or BSAI, or fishing for any non-groundfish species when incidentally caught groundfish must be retained. Regulations at § 679.7(f)(8) prohibit vessels with individual fishing quota (IFQ) halibut or sablefish on board from discarding rockfish or Pacific cod under various conditions. Thus, vessels used to fish for halibut IFQ are required to have FFPs and comply with all regulations in 50 CFR part 679 that apply to vessels required to have FFPs, including requirements for marking buoys. Other non-groundfish fisheries
