**FOR FURTHER INFORMATION CONTACT:** Amy Sloan or Jill Lewandowski, (301) 713-2289.

**SUPPLEMENTARY INFORMATION:** The subject permit is requested under the authority of § 104(c)(6) of the Marine Mammal Protection Act of 1972, as amended (16 U.S.C. 1361 *et seq.*), and the Regulations Governing the Taking and Importing of Marine Mammals (50 CFR part 216). Section 104(c)(6) provides for photography for educational or commercial purposes involving non-endangered and non-threatened marine mammals in the wild. NMFS is currently working on proposed regulations to implement this provision. However, in the meantime, NMFS has received and is processing this request as a "pilot" application for Level B harassment of non-listed and non-depleted marine mammals for photographic purposes.

The applicant proposes to take 100 gray whales and 50 killer whales by Level B harassment during close approaches to obtain above- and below-water still photographs, video footage, and sound recordings of migrating gray whales and encounters of killer whales feeding on gray whales. Activities would occur aboard ship, boat, and helicopter along the Mexican-U.S. border north to the Bering and Chukchi Seas during the periods of April through September 2004 and January through June 2005. The purpose of this project is to educate the public on the state of the health of the oceans consistent with the six-part Ocean Futures Society/KQED-PBS partnership film series (Jean-Michel Cousteau's Ocean Adventures series).

In compliance with the National Environmental Policy Act of 1969 (42 U.S.C. 4321 *et seq.*), an initial determination has been made that the activity proposed is categorically excluded from the requirement to prepare an environmental assessment or environmental impact statement.

Concurrent with the publication of this notice in the **Federal Register**,

NMFS is forwarding copies of this application to the Marine Mammal Commission and its Committee of Scientific Advisors.
