

for this benefit program, an applicant must be an aquaculture operator or fisherman and a U.S. citizen. They must also meet all of the following:

- Have good credit and earnings record, net worth, and liquidity behind the project, and
- The project must be fully secured with their assets, including personal guarantees (non-recourse credit is not available), and
- Have at least a three-year history of owning or operating the fisheries project that will be the subject of the proposed application, or a three-year history owning or operating a comparable project.

Application information is required to determine loan eligibility pursuant to 50 CFR part 253 and to determine the type and amount of financial assistance available to the applicant. Applicants are required to submit NOAA FORM 88–1, and supporting financial documents. An annual financial statement is required from the recipients to monitor the financial status of the loan. Small stylistic changes have been made to the NOAA FORM 88–1 to make the form easier for the applicant to understand and to fill electronically, but the information collected is not changed.

Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; Reporting Requirements for Sea Otter Interactions With the Pacific Sardine Fishery; Coastal Pelagic Species Fishery Management Plan

The Department of Commerce will submit the following information collection request to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995, on or after the date of publication of this notice. We invite the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. Public comments were previously requested via the **Federal Register** on September 6, 2022 (87 FR 54484) during a 60-day comment period. This notice allows for an additional 30 days for public comments.

Agency: National Oceanic and Atmospheric Administration (NOAA), Commerce.

Title: Reporting Requirements for Sea Otter Interactions with Coastal Pelagic Species Fisheries.

OMB Control Number: 0648–0566.

Form Number(s): None.

Type of Request: Regular submission (extension of a current information collection).

Number of Respondents: 2.

Average Hours per Response: 15 minutes.

Total Annual Burden Hours: 30 minutes.

Needs and Uses: This request is for extension of a currently approved collection. On May 30, 2007, NMFS published a final rule (72 FR 29891) implementing a requirement under the Coastal Pelagic Species (CPS) Fishery Management Plan (FMP) to report any interactions that may occur between a CPS vessel and/or fishing gear and sea otters. In accordance with the regulations implementing the Endangered Species Act (ESA), NOAA's National Marine Fisheries Service (NMFS) initiated an ESA section 7 consultation with the United States Fish and Wildlife Service (USFWS) regarding the effects of implementing the final rule (72 FR 29891), which codified Amendment 11 to the CPS FMP. USFWS determined that formal consultation was necessary on the possible effects to the threatened southern sea otter. USFWS completed a biological opinion for this action and although it was concluded that fishing activities were not likely to jeopardize the continued existence of the southern sea otter, that there remained the potential to incidentally take southern sea otters. USFWS determined that certain measures should be put in place to ensure the continued protection of the species, including certain reporting requirements.

Specifically, these reporting requirements are:

(1) If a southern sea otter is entangled in a net, regardless of whether the animal is injured or killed, the vessel operator must report this interaction within 24 hours to the Regional Administrator.

(2) While fishing for CPS, vessel operators must record all observations of otter interactions (defined as otters within encircled nets or coming into contact with nets or vessels, including but not limited to entanglement) with their purse seine net(s) or vessel(s). With the exception of an entanglement, which must be initially reported as described in paragraph (1) of this section, all other observations must be

reported within 20 days to the Regional Administrator.

(3) When contacting NMFS after an interaction, vessel operators must provide the location (latitude and longitude) of the interaction and a description of the interaction itself. If available, location information should also include water depth, distance from shore, and relation to port or other landmarks. Descriptive information of the interaction should include: whether or not the otters were seen inside or outside the net; if inside the net, had the net been completely encircled; whether any otters came in contact with either the net or the vessel; the number of otters present; duration of interaction; the otter's behavior during interaction; measures taken to avoid interaction.

Affected Public: Business or other for-profit organizations.

Frequency: As necessary.

Respondent's Obligation: Mandatory.

Legal Authority: 50 CFR 660.520(a).

This information collection request may be viewed at www.reginfo.gov. Follow the instructions to view the Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function and entering either the title of the collection or the OMB Control Number 0648–0566.

National Oceanic and Atmospheric Administration

Evaluation of New York State Coastal Management Program; Notice of Public Meeting; Request for Comments

AGENCY: Office for Coastal Management, National Ocean Service, National Oceanic and Atmospheric Administration, Department of Commerce.

ACTION: Notice of public meeting and opportunity to comment.

SUMMARY: The National Oceanic and Atmospheric Administration (NOAA),

Office for Coastal Management, will hold a virtual public meeting to solicit input on the performance evaluation of the New York Coastal Management Program. NOAA also invites the public to submit written comments.

DATES: NOAA will hold a virtual public meeting on Wednesday, March 1, 2023, at 12 p.m. ET. NOAA will also consider all relevant written comments received by Friday, March 10, 2023.

ADDRESSES: Comments may be submitted by one of the following methods:

- **Virtual Public Meeting:** Provide oral comments during the virtual public meeting on Wednesday, March 1, 2023, at 12 p.m. ET by registering as a speaker at <https://forms.gle/5JjX5CUYjw9tG4pA8>. Please register by 8 p.m. ET, Tuesday, February 28, 2023. Upon registration, NOAA will send a confirmation email. The lineup of speakers will be based on the date and time of registration. One hour prior to the start of the meeting on March 1, 2023, NOAA will send an email to all registered speakers with a link to the public meeting and information about participating.

- **Email:** Send written comments to Carrie Hall, Evaluator, NOAA Office for Coastal Management, at CZMA.evaluations@noaa.gov.

Written comments received are considered part of the public record, and the entirety of the comment, including the name of the commenter, email address, attachments, and other supporting materials, will be publicly accessible. Sensitive personally identifiable information, such as account numbers and Social Security numbers, should not be included with the comment. Comments that are not related to the performance evaluation of the New York Coastal Management Program or that contain profanity, vulgarity, threats, or other inappropriate language will not be considered.

FOR FURTHER INFORMATION CONTACT:

Carrie Hall, Evaluator, NOAA Office for Coastal Management, by email at Carrie.Hall@noaa.gov or by phone at (240) 410–3422. Copies of the previous evaluation findings and Assessment and Strategies may be viewed and downloaded at <https://coast.noaa.gov/czm/evaluations/>. A copy of the evaluation notification letter and most recent progress report may be obtained upon request by contacting Carrie Hall.

SUPPLEMENTARY INFORMATION: Section 312 of the Coastal Zone Management Act (CZMA) requires NOAA to conduct periodic evaluations of federally approved coastal management programs. The evaluation process

includes holding one or more public meetings, considering public comments, and consulting with interested Federal, State, and local agencies and members of the public. During the evaluation, NOAA will consider the extent to which the State of New York has met the national objectives, adhered to the management program approved by the Secretary of Commerce, and adhered to the terms of financial assistance under the CZMA. When the evaluation is complete, NOAA's Office for Coastal Management will place a notice in the **Federal Register** announcing the availability of the final evaluation findings.

Keelin Kuipers,

Deputy Director, Office for Coastal Management, National Ocean Service, National Oceanic and Atmospheric Administration.
